## 6. MAINTENANCE

Proper care and maintenance will extend the life of your S85 Pro translator.

- **Cleaning:** Keep the device clean with a soft, dry, lint-free cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Avoid exposure to extreme temperatures, high humidity, or direct sunlight. Store the device in a cool, dry place.
- **Handling:** Do not drop, bend, or attempt to disassemble the device. This can cause damage and void the warranty.

## 7. TROUBLESHOOTING

If you encounter any issues with your S85 Pro, please refer to the following common problems and solutions.

## 7.1 Device Not Powering On

- **Solution:** Ensure the battery is sufficiently charged. Connect the device to a power source using the provided data cable and allow it to charge for at least 30 minutes before attempting to power on again.
- **Solution:** Press and hold the Power switch for at least 10 seconds to perform a hard reset.

## 7.2 Translation Inaccurate or Not Working

- **Solution:** For online translation, check your Wi-Fi connection to ensure it is stable and active.
- **Solution:** Verify that the correct source and target languages are selected on the device.
- **Solution:** Speak clearly and at a moderate pace, close to the microphone. Avoid speaking too quickly or too softly.
- **Solution:** For offline translation, ensure that the necessary language packages have been downloaded and installed.

## 7.3 Screen Unresponsive

- **Solution:** Restart the device by holding the Power switch until the power options appear, then select restart. If unresponsive, perform a hard reset as described in section 7.1.
- **Solution:** If the issue persists after restarting, contact customer support for further assistance.
