

FITE ON B0DMF75HFT

FITE ON Magnetic USB DC Charger Cable User Manual

Model: B0DMF75HFT

Brand: FITE ON

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your FITE ON Magnetic USB DC Charger Cable. Please read this manual thoroughly before using the product and retain it for future reference. This cable is designed as a replacement charging cord, specifically featuring a 10mm (0.39 inch) magnetic DC connector for compatible devices.

2. PACKAGE CONTENTS

Ensure all items are present upon opening the package:

- 1 x FITE ON Magnetic USB DC Charger Cable

3. PRODUCT FEATURES

- **Input:** 5VDC
- **Color:** Black
- **Protection:** Equipped with Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) for safe charging.
- **Durability:** Designed for firm connection, preventing wires from being easily pulled out or breaking.
- **Convenience:** Lightweight and portable, serving as an ideal power source for your device.

4. SETUP

Before using the FITE ON Magnetic USB DC Charger Cable, ensure your device is compatible with a 10mm (0.39 inch) magnetic DC charging port and requires a 5VDC input.

Figure 4.1: The FITE ON Magnetic USB DC Charger Cable, featuring a standard USB-A connector on one end and a 10mm magnetic DC connector on the other.

1. **Identify Power Source:** The USB-A end of the cable can be connected to any standard USB power source, such as a wall charger, car charger, or power bank.
2. **Connect to Power Source:** Insert the USB-A connector of the FITE ON cable into a compatible USB port on your chosen power source.
3. **Prepare Device:** Locate the magnetic DC charging port on your device. Ensure it is clean and free of debris.

Figure 4.2: The USB-A connector of the cable is compatible with various USB power sources, including wall chargers, car chargers, and power banks.

5. OPERATING INSTRUCTIONS

Once the cable is connected to a power source, you can begin charging your device.

1. **Connect to Device:** Gently bring the magnetic DC connector end of the FITE ON cable close to the charging port of your device. The magnetic connection will automatically align and snap into place.
2. **Verify Connection:** Ensure the magnetic connector is securely attached and that your device indicates it is charging (e.g., a charging indicator light or on-screen icon).
3. **Charging:** Allow your device to charge until it reaches the desired battery level or is fully charged.
4. **Disconnect:** To disconnect, gently pull the magnetic connector away from your device. There is no need to twist or force the connection.

Magnetic USB DC Charger Cables

This charging cable is charged for SEXBAY's 10 mm(0.39in) wand massage.

6. MAINTENANCE

Proper care will extend the life of your charging cable:

- **Cleaning:** Use a soft, dry cloth to wipe the cable and connectors. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage to the internal wires.
- **Handling:** Always grasp the connector ends when plugging or unplugging the cable. Avoid pulling on the cable itself.

7. TROUBLESHOOTING

If you encounter issues with your FITE ON Magnetic USB DC Charger Cable, refer to the following common problems and solutions:

- **Device not charging:**
 - Ensure both ends of the cable are securely connected.

- Verify that the power source (wall adapter, car charger, power bank) is functioning correctly.
 - Check if your device's charging port is clean and free of debris.
 - Confirm that your device is compatible with a 10mm magnetic DC charger and 5VDC input.
- **Loose magnetic connection:**
 - Ensure the magnetic contacts on both the cable and your device are clean.
 - Avoid placing the cable near strong magnetic fields that could interfere with the connection.

8. SPECIFICATIONS

Detailed specifications for the FITE ON Magnetic USB DC Charger Cable:

Feature	Detail
Brand	FITE ON
Model Number	B0DMF75HFT
Connector Type	USB-A to Magnetic DC (10mm)
Input Voltage	5VDC
Special Feature	Short Circuit Protection (SCP), Over Voltage Protection (OVP), Over Current Protection (OCP)
Compatible Devices	Lighted Makeup Mirror (and other devices with 10mm magnetic DC port)
Item Weight	2 ounces
Country of Origin	China
