VOPLLS A-550ANSI

VOPLLS Smart Mini Projector User Manual

Model: A-550ANSI

Brand: VOPLLS

1. INTRODUCTION

Welcome to the VOPLLS Smart Mini Projector user manual. This guide provides detailed instructions for setting up, operating, and maintaining your A-550ANSI projector. Designed for a superior home cinema experience, this projector features an official Netflix license, a 360° rotatable stand, automatic focus and keystone correction, stunning 1080P Full HD resolution with 4K compatibility, and seamless connectivity via WiFi 6 and Bluetooth 5.2.

Please read this manual thoroughly before using the product to ensure safe and optimal performance.

2. WHAT'S IN THE BOX

Carefully unpack all items and ensure the following components are included:

- 1 x VOPLLS Smart Mini Projector (A-550ANSI)
- 1 x Remote Control (AAA batteries not included)
- 1 x Power Cable
- 1 x HDMI Cable
- 1 x User Manual
- 1 x Cleaning Card
- 1 x Projector Stand

3. PRODUCT OVERVIEW

3.1 Key Features

- **Official Netflix License & Integrated Streaming Apps:** Enjoy pre-installed Netflix and download other popular apps like YouTube, Prime Video, and Disney+ directly from the projector, eliminating the need for external streaming devices.
- **360° Rotatable Stand & Flexible Projection:** The detachable 360° rotatable stand allows for versatile projection angles without tools. It also serves as a lens protector for safe storage and transport.
- **Ultra-Portable Design:** Weighing only 1.74 pounds and with compact dimensions (6.93 x 2.24 x 6.97 inches), this

projector is designed for easy transport and use anywhere.

- **Auto-Focus, Auto Keystone Correction, and Smart Screen Alignment:** Achieve a clear, perfectly aligned image instantly. The projector automatically adjusts focus and keystone, and its obstacle avoidance function intelligently adapts the image size to your projection surface.
- **Stunning 1080P Clarity, 4K Compatible:** Experience native 1080P resolution with support for 4K playback. With 550 ANSI lumens and a 28,000:1 contrast ratio, images are sharp, vibrant, and detailed even in low-light conditions.
- **Seamless Connectivity with WiFi 6 and Bluetooth 5.2:** Benefit from fast and stable wireless connections for streaming and audio. WiFi 6 (2.4G + 5G) ensures smooth content delivery, while Bluetooth 5.2 allows easy pairing with external speakers for enhanced sound.

4. SETUP

4.1 Unpacking and Placement

1. Carefully remove the projector and all accessories from the packaging.
2. Place the projector on a stable, flat surface. The integrated 360° rotatable stand allows for flexible positioning on tables, floors, or even for ceiling projection. Adjust the stand to achieve your desired projection angle.
3. Ensure adequate ventilation around the projector. Do not block the ventilation openings.

4.2 Power Connection

1. Connect the power cable to the projector's power input port.
2. Plug the other end of the power cable into a suitable electrical outlet (AC 240V).

4.3 Initial Power On and Network Setup

1. Press the power button on the projector or remote control to turn it on.
2. Follow the on-screen prompts for initial setup, including language selection.
3. Navigate to the network settings and connect to your Wi-Fi network (supports WiFi 6 for optimal performance).

5. OPERATING INSTRUCTIONS

5.1 Remote Control Navigation

Use the provided remote control to navigate the projector's interface. The directional buttons, OK button, back button, and home button are essential for controlling the device.

5.2 Streaming Applications

1. From the home screen, select the desired streaming application (e.g., Netflix, YouTube, Prime Video).
2. Log in with your account credentials if prompted.
3. Browse and enjoy your favorite content.

5.3 Input Sources

To connect external devices:

- **HDMI:** Connect a device (e.g., laptop, game console) to the HDMI port. The projector will automatically switch to the HDMI input.
- **USB:** Insert a USB drive into the USB port to play media files.

5.4 Image Adjustment

The projector features advanced automatic image correction:

- **Auto-Focus:** The projector will automatically adjust the focus for a sharp image.
- **Auto Keystone Correction:** The image will automatically correct for trapezoidal distortion, ensuring a rectangular projection even if the projector is at an angle.
- **Obstacle Avoidance & Smart Screen Alignment:** The projector can detect obstacles on the projection surface and automatically adjust the image size to fit the available space.

5.5 Audio Settings

The projector has a built-in speaker. For enhanced audio:

- **Bluetooth:** Go to Bluetooth settings and pair with your external Bluetooth speakers or headphones (Bluetooth 5.2 supported).
- **3.5mm Audio Jack:** Connect external speakers or headphones via the 3.5mm audio output.

6. MAINTENANCE

6.1 Cleaning

- **Lens:** Use the provided cleaning card or a soft, lint-free cloth specifically designed for optical lenses. Do not use abrasive cleaners.
- **Projector Body:** Wipe the exterior with a soft, dry cloth. Do not use liquid cleaners directly on the projector.
- **Ventilation:** Periodically check and gently clean the ventilation openings to prevent dust buildup, which can affect performance.

6.2 Storage

When not in use for extended periods, store the projector in a cool, dry place, away from direct sunlight and extreme temperatures. Use the stand as a lens protector to prevent dust and scratches.

6.3 Firmware Updates

The projector may receive firmware updates to improve performance and add new features. Check the system settings for available updates and follow the on-screen instructions to install them.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power cable not connected; Power outlet issue	Ensure power cable is securely connected. Try a different power outlet.
No image / Blurry image	Lens cap on; Incorrect input source; Focus/Keystone issue	Remove lens cap. Select correct input source. Allow auto-focus/keystone to adjust, or manually adjust if needed.
No sound	Volume too low; Muted; External audio device not connected/paired	Increase volume. Unmute. Check Bluetooth connection or 3.5mm audio cable.
Wi-Fi/Bluetooth connection issues	Incorrect password; Out of range; Interference	Re-enter password. Move projector closer to router/device. Reduce interference from other wireless devices.
Remote control not working	Batteries low/dead; Obstruction	Replace AAA batteries. Ensure no obstruction between remote and projector.
