2. **Securing the Structure:** Zip up one side of the carrier and buckle the zipper lock to secure the frame. Repeat for the other side, ensuring all zippers are closed and locked.
3. **Inserting the Mat:** Place the soft plush mat inside the carrier for your pet's comfort.
4. **Expanding the Space (Optional):** To expand the carrier, open the side zipper on the expandable panel. Unfold the side mesh, find the internal handle, and pull it outward to extend the space. This increases the room by 80%.

- **Pet Training:** It is recommended to train your dog to use the carrier and supervise them initially to ensure they are comfortable and accustomed to it.
