## 4. SETUP AND ASSEMBLY

---

Follow these steps to assemble your sectional sofa. It is recommended that two adults perform the assembly.

### Step 4.1: Unpack Components

Carefully remove all parts from the packaging. Lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent damage.

### Step 4.2: Attach Sofa Legs

Locate the pre-drilled holes on the underside of each sofa section and the chaise. Align the sofa legs with these holes and secure them using the provided screws and Allen wrench. Ensure all legs are firmly attached and stable.

- **Seating:** The sofa provides ample seating for multiple individuals. The chaise offers extended leg support for relaxation.

## 6. MAINTENANCE AND CARE

---

Proper care will help maintain the appearance and extend the life of your velvet upholstered sofa.

- **Regular Cleaning:** Vacuum the sofa regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain and damage the velvet pile. For stubborn stains, use a mild upholstery cleaner, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the velvet fabric to fade. Position the sofa away from direct sun or use curtains/blinds.
- **Avoid Sharp Objects:** Keep sharp objects away from the upholstery to prevent snags or tears.
- **Fluff Cushions:** Regularly fluff and rotate cushions to maintain their shape and even out wear.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Sofa feels unstable or wobbly.	Legs are not tightened sufficiently or unevenly installed.	Check and tighten all leg screws. Ensure the sofa is on a level surface.
Sections do not connect properly.	Interlocking brackets are misaligned or obstructed.	Ensure brackets are clear of debris. Realign sections and push firmly until they lock.
Fabric appears flattened or matted.	Normal wear on velvet upholstery.	Gently brush the velvet pile with a soft brush in the direction of the nap to restore its texture.
