yaoyaoplay Fly The Space Bear Building Blocks M6896 Instruction Manual

Brand: yaoyaoplay

Model: M6896

1. INTRODUCTION

This instruction manual provides detailed guidance for assembling your yaoyaoplay Fly The Space Bear Building Blocks set, Model M6896. This set consists of approximately 5800 micro building blocks designed to create a detailed 3D model of a space-themed bear. The blocks are made from high-quality, environmentally friendly ABS plastic, ensuring durability and a secure fit for a stable construction. This building experience is suitable for both adults and teenagers, offering an engaging and relaxing activity.

What's in the Box:

- Assorted Micro Building Blocks (approx. 5800 pieces)
- Detailed Instruction Manual (this document)
- Assembly Tool (e.g., small hammer or brick separator, if included)

- 1 Parts Package
- 2 Parts Package
- 3 Hammer
- 4 Tutorial

2. SAFETY INFORMATION

- **Choking Hazard:** This set contains small parts and is not suitable for children under 3 years of age. Keep all small components away from young children and pets.
- **Material Safety:** The blocks are made from non-toxic ABS plastic. However, avoid ingestion.
- **Assembly Environment:** Assemble the model on a clean, flat, and stable surface to prevent loss of small pieces.
- **Tool Use:** If an assembly tool (e.g., small hammer) is provided, use it gently and carefully to avoid damaging blocks or injuring yourself.

3. SETUP AND ASSEMBLY

Before beginning assembly, carefully unpack all components and verify that all parts are present according to the parts list in the included tutorial. Organize the blocks by color or type to facilitate the building process.

Assembly Steps:

1. **Review Instructions:** Familiarize yourself with the entire instruction booklet before starting. The instructions typically guide you to build from the base upwards.

2. **Identify Blocks:** Each step in the manual will show which blocks are needed. Micro blocks have small ridges and bumps designed for secure interlocking.
3. **Connect Blocks:** Align the bumps on one block with the corresponding holes on another. Apply gentle, even pressure to connect them. If a block is difficult to connect, use the provided assembly tool (if applicable) to gently tap it into place.
4. **Layer by Layer:** Follow the step-by-step diagrams, building the model layer by layer. Pay close attention to the orientation of each block.
5. **Verify Each Step:** Before proceeding to the next step, ensure that the current section is correctly assembled and stable.

4. DISPLAY AND INTERACTION

Once assembled, your yaoyaoplay Fly The Space Bear model is ready for display. Its detailed design makes it an excellent decorative piece for any room or collection.

- **Display Location:** Place the finished model on a stable, flat surface away from direct sunlight, extreme temperatures, or high humidity to preserve its integrity and color.
- **Interaction:** While durable, the model is primarily for display. Avoid rough handling or dropping to prevent blocks from detaching.

5. CARE AND MAINTENANCE

- **Cleaning:** To clean the model, gently wipe it with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all blocks organized in sealed containers to prevent loss and damage.

6. TROUBLESHOOTING

Missing Pieces:

Carefully check all packaging materials and the assembly area. Due to the micro size of the blocks, they can be easily overlooked. If pieces are genuinely missing, contact yaoyaoplay customer support.

Blocks Not Connecting Securely:

Ensure the blocks are correctly aligned. Apply firm, even pressure. If provided, use the assembly tool to gently press blocks together. Avoid excessive force, which can damage the blocks.

Difficulty Following Instructions:

Review the diagrams carefully. The shaded blue areas in the manual indicate previously completed sections. If still

struggling, try taking a break and returning with fresh eyes, or seek assistance from another builder.

7. SPECIFICATIONS

| | |
|---------------------------------------|---|
| Product Name | Fly The Space Bear Building Blocks |
| Brand | yaoyaoplay |
| Model Number | M6896 |
| Number of Pieces | Approx. 5800 Micro Blocks |
