

## HOOBRO BF01HJ01

# HOOBRO BF01HJ01 7-Tier Corner Plant Stand Instruction Manual

Model: BF01HJ01

## 1. INTRODUCTION AND PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, operation, and maintenance of your HOOBRO BF01HJ01 7-Tier Corner Plant Stand. Please read this manual thoroughly before assembly and retain it for future reference.

### Key Features:

- **7-Tier Design:** Measures 15.7"L x 15.7"W x 47.2"H, optimizing vertical space for multiple plants and ensuring ample sunlight exposure for each tier.
- **Corner-Adaptive:** Specifically designed with a right-angle shape to fit snugly into corner spaces, suitable for living rooms, bedrooms, balconies, or patios.
- **Sturdy Construction:** Manufactured from high-quality particleboard and reinforced with a thick metal frame for stability and durability. Includes EVA anti-slip pads and anti-tip devices for secure placement.
- **Versatile Display:** Functions as a plant stand, but can also display souvenirs, albums, and other decorative items.
- **Easy Assembly:** All parts are labeled, and a clear instruction manual with necessary tools is provided for straightforward setup.

## 2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as needed.
- Do not overload the shelves. Each shelf has a maximum load capacity. The total load capacity for the stand is 33 pounds (15 kg).
- Use the included anti-tip devices to secure the plant stand to a wall, especially if placed in areas with children or pets, or on uneven surfaces.
- Place the stand on a level, stable surface to prevent tipping.
- Avoid exposing the stand to excessive moisture or direct sunlight for prolonged periods to prevent material

damage.

### 3. PACKAGE CONTENTS

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
A	Metal Frame Sections	(Varies by design)
B	Particleboard Shelves	7
C	Screws/Bolts	(Various sizes)
D	Allen Wrench/Screwdriver	1
E	EVA Anti-slip Pads	(Multiple)
F	Anti-tip Device	1 set
G	Instruction Manual	1

### 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your HOOBRO 7-Tier Corner Plant Stand. All parts are labeled for easy identification. An Allen wrench with a Phillips head screwdriver is included.

#### Tools Required:

- Included Allen Wrench/Screwdriver

#### Step-by-Step Guide:

- 1. Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the "Package Contents" section and the included diagram to identify each part (A, B, C, etc.).
- 2. Assemble the Metal Frame:** Connect the metal frame sections (Part A) using the designated screws/bolts (Part C). Ensure all connections are aligned correctly before tightening. Do not fully tighten screws until all frame sections are loosely assembled.
- 3. Attach Shelves to the Frame:** Once the main frame structure is formed, attach the particleboard shelves (Part B) to the metal frame using the appropriate screws. The shelves are designed to fit specific locations; refer to the diagram for correct placement. Fully tighten all screws for the frame and shelves once all components are in place.
- 4. Apply Anti-slip Pads:** Attach the EVA anti-slip pads (Part E) to the bottom of the stand's base to protect your floor and enhance stability.
- 5. Install Anti-tip Device:** For added safety, especially in households with children or pets, install the anti-tip

device (Part F) to secure the plant stand to a wall. Follow the specific instructions provided with the anti-tip kit.

6. **Final Check:** Ensure all connections are secure and the stand is stable. Gently shake the stand to confirm its rigidity.

## 5. USAGE AND PLACEMENT

The HOOBRO 7-Tier Corner Plant Stand is designed to display a variety of plants and decorative items. Its corner-adaptive design makes it suitable for various indoor and covered outdoor spaces.

- **Plant Arrangement:** Utilize the tiered design to arrange plants of different sizes, ensuring smaller plants receive adequate light on higher shelves and larger plants are placed on lower, more stable tiers.
- **Weight Distribution:** Distribute the weight evenly across the shelves. Avoid placing heavy items exclusively on one side or on the very top shelf. The maximum load capacity for the entire stand is 33 pounds (15 kg).
- **Location:** Place the stand in a corner of your living room, bedroom, balcony, or patio where it can complement your decor and provide optimal light for your plants. Ensure the surface is level.
- **Watering:** Exercise caution when watering plants on the stand to prevent water damage to the shelves or the floor below. Consider using drip trays under plant pots.

Image 5.2: The plant stand used in a home office, showcasing its versatility for displaying both plants and small decorative items or books.

## 6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Moisture Protection:** While the engineered wood is durable, prolonged exposure to water can cause damage. Always use saucers or drip trays under plant pots to catch excess water. Promptly wipe up any spills.
- **Sunlight Exposure:** Avoid placing the stand in direct, intense sunlight for extended periods, as this may cause fading or warping of the wood finish.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Stand is wobbly/unstable	Screws are loose; uneven floor; improper assembly.	Ensure all screws are fully tightened. Move the stand to a level surface. Recheck assembly steps. Use the anti-tip device.
Parts do not fit together	Incorrect part orientation; manufacturing defect.	Refer to the assembly diagram and ensure parts are oriented correctly. If parts are defective, contact customer support.
Missing parts	Packaging error.	Review the "Package Contents" list. Contact customer support with the specific part number.

## 8. SPECIFICATIONS

**Model:** BF01HJ01

**Brand:** HOOBRO

**Color:** Rustic Brown and Black

**Material:** Engineered Wood, Metal

**Item Dimensions (L x W x H):** 15.75 x 15.75 x 47.24 inches (40 x 40 x 120 cm)

**Item Weight:** 5.5 Kilograms (12.1 lbs)

**Number of Tiers:** 7

**Load Capacity:** 33 Pounds (15 kg)

**Assembly Required:** Yes
