SETUP AND ASSEMBLY

Your WLIVE dresser is designed for easy assembly. Please follow the detailed instructions provided in the packaging. All parts and accessories are coded to ensure accurate and faster installation.

- Unpack Components:** Carefully unpack all parts and hardware. Verify that all components listed in the instruction manual are present and undamaged.
- Identify Parts:** Match each part to its corresponding code in the assembly guide.
- Assemble Frame:** Begin by assembling the main frame of the dresser according to the step-by-step diagrams. Ensure all connections are secure.
- Install Drawer Slides:** Attach the smooth metal slides to the dresser frame and the drawer sides. Pay attention to the orientation of the slides for proper function.
- Assemble Drawers:** Construct each of the 5 drawers, ensuring the extra support plates are correctly installed at the bottom for maximum load capacity.
- Insert Drawers:** Carefully slide the assembled drawers into their respective slots in the dresser frame.
- Attach Anti-Tipping Device:** For safety, it is crucial to attach the anti-tipping device to the wall. This prevents accidental tipping, especially important in households with children or pets. Refer to the specific instructions for wall mounting.

OPERATING INSTRUCTIONS

The WLIVE Tall 5-Drawer Dresser is designed for straightforward use.

- **Drawer Operation:** Gently pull the metal handles to open the drawers. The smooth metal slides ensure effortless opening and closing. Avoid forcing drawers if they feel stuck; check for obstructions.
- **Weight Distribution:** Distribute items evenly within the drawers to maintain balance and prevent strain on the slides. Do not exceed the maximum weight capacity of 22 lbs per drawer and 99 lbs for the top surface.
- **Top Surface Use:** The spacious top surface can be used for decorative items, lamps, or other personal belongings. Ensure heavy items are placed centrally and do not exceed the weight limit.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the polished wood finish.
- **Spills:** Immediately wipe up any spills to prevent staining or water damage.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood.
- **Temperature and Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood.
- **Drawer Slides:** Periodically check and clean the drawer slides to ensure smooth operation. A silicone-based lubricant can be applied if needed.

TROUBLESHOOTING

If you encounter any issues with your dresser, please refer to the following common solutions:

- **Drawers Sticking/Not Closing:**
 - Check if drawers are overloaded. Remove some items to reduce weight.
 - Inspect drawer slides for any obstructions or debris. Clean if necessary.
 - Ensure the dresser is on a level surface. Uneven surfaces can cause misalignment.
 - Verify that all assembly screws for the slides and drawers are tightened properly.
- **Wobbling/Instability:**
 - Confirm that all assembly hardware is securely tightened.
 - Ensure the dresser is placed on a flat, stable floor. Use shims if necessary to level it.
 - Verify the anti-tipping device is correctly installed and securely anchored to the wall.
- **Surface Scratches:**
 - For minor scratches, a wood repair marker or polish matching the finish may help.
 - Use coasters or protective pads under items placed on the top surface to prevent future scratches.
