## Caydo D-057P

# Caydo Cordless Electric Diamond Painting Pen User Manual

MODEL: D-057P

## Introduction

---

Thank you for choosing the Caydo Cordless Electric Diamond Painting Pen. This innovative tool is designed to enhance your diamond art experience with its vacuum technology, ergonomic design, and cordless operation. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and enjoyment.

## Safety Information

---

- Keep the device away from water and moisture.
- Do not attempt to disassemble or repair the device yourself. Contact customer support if issues arise.
- Ensure airflow vents are not covered during operation to prevent overheating.
- Keep out of reach of children and pets. Small parts can be a choking hazard.
- Use only the provided USB cable for charging.

## Package Contents

---

Your Caydo Cordless Electric Diamond Painting Pen package includes:

- 1 x Cordless Electric Diamond Painting Pen
- 1 x USB Charging Cable
- 4 x Interchangeable Drill Tips (including Straight Tip and Angled Tip)
- 1 x Portable Storage Case
- 1 x Diamond Tray
- Assorted Diamond Drills (for included sticker)

## Product Overview

---

The Caydo Cordless Electric Diamond Painting Pen features a patented dolphin-curve design for ergonomic comfort and vacuum technology for efficient diamond placement without wax. It is designed for portability and ease of use.

# Ergonomic Design, Comfortable Grip

8H Crafting Comfort

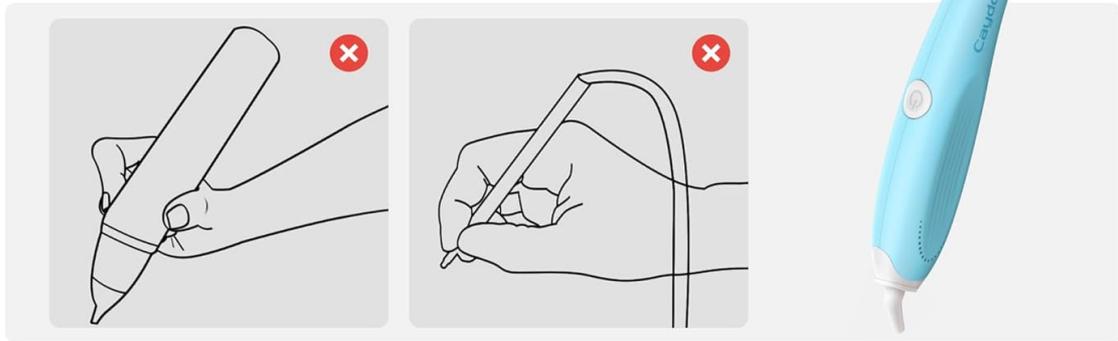

Image: Ergonomic design of the Caydo pen for comfortable use.

## One-Button Switch, Easy to Operate

-  3H Runtime Power
-  Quick Charge: 2.5H
-  Built-in Lithium Battery
-  3 Color Options

Image: The cordless electric diamond painting pen in use.

## Setup

- Charge the Pen:** Connect the provided USB charging cable to the pen and a power source. The indicator light will flash red while charging and turn solid blue when fully charged. A full charge takes approximately 2.5 hours and provides about 3 hours of operation.

Image: Charging the Caydo pen with the USB cable.

2. **Attach a Drill Tip:** Select your desired drill tip (Straight, Angled, or Multi-Drill). Gently pull out any existing tip and insert the new tip directly into the device, ensuring there is no gap between the tip and the pen for proper suction.

# Dual-Tip Electric Diamond Pen

Straight + Angled for Less Hand Strain!

Image: Attaching a drill tip to the Caydo pen.

Image: Proper insertion of the pen tip.

3. **Prepare Diamonds:** Pour your diamond drills into the provided diamond tray and gently shake to align them.

## Operating Instructions

---

1. **Power On:** Press the power button on the pen to turn it on. The indicator light will illuminate.
2. **Pick Up Diamonds:** Gently touch the tip of the pen to the top of an aligned diamond in the tray. The vacuum suction will pick up the diamond. For multi-drill tips, align the suction nozzles with multiple diamonds.
3. **Place Diamonds:** Position the pen over the desired symbol on your diamond painting canvas. Gently press down to release the diamond onto the adhesive surface.
4. **Ensure Proper Airflow:** Do not cover the airflow vents on the pen during operation to maintain optimal suction.

5. **Power Off:** Press the power button again to turn off the pen when finished.

## Maintenance

- **Cleaning:** Wipe the pen body with a soft, dry cloth. Ensure no dust or debris obstructs the vacuum tips or airflow vents.
- **Storage:** Store the pen and its accessories in the provided portable storage case to protect them from damage and keep them organized.

### Portable Storage Box

## Troubleshooting

Problem	Possible Cause	Solution
Pen does not turn on.	Low battery.	Charge the pen using the USB cable.
Weak or no suction.	Drill tip not properly attached.	Ensure the drill tip is securely inserted without gaps.
Weak or no suction.	Airflow vents are blocked.	Ensure hands or other objects are not covering the airflow vents during use.

Problem	Possible Cause	Solution
Diamonds are not picked up consistently.	Diamonds are not properly aligned in the tray.	Gently shake the tray to align diamonds before picking them up.
Indicator light is solid red.	Low battery.	Charge the pen immediately.

## Specifications

---
