yaoyaoplay Anatomical Graffiti Rabbit Micro Building Blocks (M8003) Instruction Manual

Model: M8003 | Pieces: 7300

1. PRODUCT OVERVIEW

The yaoyaoplay Anatomical Graffiti Rabbit Micro Building Blocks set (Model M8003) offers a detailed and engaging building experience. This set consists of 7300 micro-sized ABS plastic bricks, designed for assembling a unique anatomical graffiti rabbit figure. It is suitable for individuals aged 10 to 20 years and older, providing both an educational and stress-relieving activity.

The finished model serves as an artistic collection piece and a decorative item for your home or office. Its micro-block design ensures strong interlocking and a stable, sturdy final construction.

2. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present in your package. The box should contain the following items:

- Multiple bags of 3D micro building blocks (7300 pieces total)
- Instruction Manual (this document)
- Small hammer tool for block placement (optional, for tighter fits)

3. ASSEMBLY INSTRUCTIONS

Follow the step-by-step guide provided in the included tutorial booklet. It is recommended to sort the micro blocks by color and shape before starting to facilitate the building process.

1. **Preparation:** Clear a well-lit, flat surface for assembly. Open the block packages carefully.
2. **Sorting:** Organize the micro blocks into separate containers or areas based on their color and type. This will significantly speed up construction.
3. **Follow the Guidebook:** Refer to the detailed illustrations and instructions in the guidebook. Each step will show which blocks to use and where to place them.
4. **Placement:** Gently press blocks together. For tighter connections, the small hammer tool can be used, but apply minimal force to avoid damage.
5. **Layer by Layer:** Build the model layer by layer, ensuring each block is securely interlocked with its neighbors for maximum stability.
6. **Attention to Detail:** The micro blocks allow for intricate designs. Pay close attention to the color patterns and

specific placements shown in the instructions.

4. CARE AND MAINTENANCE

To ensure the longevity and appearance of your assembled model, follow these care guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage/Display:** Display the model on a stable, flat surface away from direct sunlight and extreme temperatures to prevent discoloration or warping of the plastic.
- **Handling:** Handle the assembled model with care to prevent accidental disassembly. Micro blocks, while sturdy, can detach if subjected to strong impacts.
- **Disassembly:** If you need to disassemble the model, use the hammer tool or a block separator (not included) to gently pry apart the blocks. Avoid using excessive force.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Missing blocks	Blocks may be stuck together or overlooked during sorting.	Carefully re-check all bags and sorting areas. If still missing, contact customer support.
Blocks not fitting securely	Incorrect block orientation or insufficient pressure.	Ensure blocks are aligned correctly. Apply firm, even pressure. Use the hammer tool gently if needed.
Model is unstable	Blocks not fully interlocked or an error in the assembly sequence.	Review previous steps in the instruction manual. Ensure all blocks are pressed firmly into place.
