## SHPAVVER MS-672

# SHPAVVER 5-in-1 Electric Head Shaver User Manual

Model: MS-672

## INTRODUCTION

Thank you for choosing the SHPAVVER 5-in-1 Electric Head Shaver. This versatile grooming kit is designed to provide a smooth, efficient, and comfortable shaving experience for bald men, along with multiple attachments for comprehensive personal care. Please read this manual thoroughly before first use to ensure proper operation and maintenance.

## PRODUCT OVERVIEW

The SHPAVVER 5-in-1 Electric Head Shaver (Model MS-672) features an upgraded detachable 7D floating rotary shaver head, designed to contour to the unique curves of your head and face. It is IPX7 waterproof, allowing for both wet and dry shaving. The device includes a long-lasting battery with quick Type-C charging and an LED display for power indication.

### Key Features:

- **Upgraded Detachable 7D Floating Rotary Shaver Head:** Provides a close and smooth shave, adapting to facial and head contours. The detachable design allows for easy cleaning.
- **IPX7 Waterproof:** Suitable for both wet and dry use, including in the shower.
- **Type-C Quick Charge & LED Display:** Offers 90 minutes of working time after 1.5 hours of charging. The LED display shows remaining power.
- **5-in-1 Grooming Kit:** Includes multiple interchangeable heads for various grooming needs.

### Included Attachments:

- 7-blade Head Shaver
- Sideburns Trimmer (Precision Clipper)
- Nose Hair Trimmer
- Facial Cleansing Brush (Exfoliation Brush)
- Facial Massager (Pre-shave Massager)
- Cleaning Brush
- Charging Cable (Type-C)
- 3-5-7mm Clipper Guards

## SETUP

### Initial Charging:

1. Before first use, fully charge the shaver. Connect the provided Type-C charging cable to the shaver's charging port and plug the other end into a compatible USB power source (e.g., laptop, power bank, wall adapter).
2. The LED display will indicate the charging status and battery level. A full charge typically takes about 1.5 hours.
3. Once fully charged, the shaver provides approximately 90 minutes of cordless operation.

## OPERATING INSTRUCTIONS

### Attaching/Detaching Heads:

- To attach a head, align the head with the shaver body and gently push until it clicks into place.
- To detach, firmly grasp the shaver body and pull the head straight off.

### Using the 7-Blade Head Shaver:

- **Dry Shave:** For a quick shave, ensure your skin is clean and dry. Gently press the shaver against your skin and move it in small, circular motions.
- **Wet Shave:** For a more comfortable shave, apply shaving foam or gel to your skin. The IPX7 waterproof design allows for use in the shower. Move the shaver in circular motions.
- The 7D floating heads will adapt to the contours of your head and face for an efficient shave.

# IPX7 Waterproof

# 5-IN-1 Grooming Kit

Professional Care Just for You

Image: Visual guide to the various functions of the 5-in-1 grooming kit, including head shaving, sideburn trimming, nose hair trimming, facial cleansing, and massage.

## Using Other Attachments:

- **Precision Clipper:** Use for trimming sideburns, beard lines, or other body hair. Attach the appropriate clipper guard (3-5-7mm) for desired length.
- **Nose Hair Trimmer:** Gently insert the trimmer into your nostril or ear canal and move it in a circular motion to remove unwanted hair.
- **Facial Cleansing Brush:** Attach the brush head and use with your favorite facial cleanser to exfoliate and clean your skin.
- **Facial Massager:** Use this head to gently massage your face, which can be beneficial before shaving to soften hair and skin.

## MAINTENANCE & CLEANING

Regular cleaning ensures optimal performance and extends the life of your shaver. The detachable head design makes cleaning simple.

## Cleaning the Shaver Head:

1. After each use, turn off the shaver.
2. Detach the shaver head from the main body. The magnetic design allows for easy removal.
3. Tap the detached head gently to dislodge trapped hairs into a sink.
4. Rinse the shaver head thoroughly under running water until all hair and debris are removed. You can also rinse the main body as it is waterproof.
5. Allow all parts to air dry completely before reattaching the head or storing the shaver.
6. For deeper cleaning, you may use the small cleaning brush provided to remove stubborn hair from the blades.

### General Care:

- Store the shaver in a cool, dry place.
- Keep the protective cover on the shaver head when not in use to prevent damage.
- It is recommended to change the replacement head every 3 to 6 months for optimal performance.

### TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver not turning on.	Low battery or not charged.	Charge the shaver fully using the provided Type-C cable. Check the LED display for battery level.

Problem	Possible Cause	Solution
Poor shaving performance.	Blades are dull or clogged with hair.	Clean the shaver head thoroughly. Consider replacing the shaver head if performance does not improve after cleaning.
Shaver head detaches easily during use.	Head not properly attached or damaged.	Ensure the head is firmly clicked into place. If it continues to detach, the head or shaver body connection might be damaged.
Unpleasant odor from shaver head.	Improper cleaning or material degradation.	Ensure thorough cleaning and drying after each use. If the issue persists, consider replacing the shaver head.
