ASSEMBLY INSTRUCTIONS

Follow the included paper instructions for step-by-step assembly. Pieces are organized into numbered bags to simplify the building process.

1. **Unpack Components:** Carefully open the box and sort the numbered bags of building blocks.
2. **Follow Manual:** Refer to the detailed paper instruction manual for sequential building steps. Each step illustrates the required pieces and their placement.
3. **Connect Pieces:** Ensure all blocks are firmly connected to maintain structural integrity.
4. **Install LED Lights:** Integrate the LED light kit as indicated in the instruction manual. The house features a USB port for power (power bank or other USB power source required, not included).

OPERATING THE LED LIGHT KIT

The Horror House Building Block Set includes an integrated LED light kit to enhance its display. This kit requires an external USB power source.

- **Power Source:** Connect the USB cable from the LED light kit to a compatible USB power bank, wall adapter, or other USB power source (not included).
- **Activation:** Once connected, the LED lights will illuminate the interior and exterior of the house.
- **Deactivation:** Disconnect the USB power source to turn off the lights.

Product Display

MAINTENANCE

To ensure the longevity and appearance of your building block set:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the assembled model or individual pieces in a cool, dry place away from direct sunlight to prevent discoloration or warping.
- **Handling:** Handle the model carefully to prevent pieces from detaching.

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Missing pieces	Contact AOXEKBOLO customer service for replacement parts. Refer to the "Warranty and Support" section.
LED lights not working	◦ Ensure the USB cable is securely connected to both the light kit and a functional USB power source. ◦ Verify the power source is active and providing power. ◦ Check for any visible damage to the wiring or LED components.
Blocks do not connect securely	Ensure the blocks are aligned correctly and apply firm, even pressure. Some connections may require more force.
