Atheewon H08

Atheewon H08 Bluetooth Earpiece User Manual

Model: H08

1. INTRODUCTION

Thank you for choosing the Atheewon H08 Bluetooth Earpiece. This wireless headset is designed to provide an unparalleled audio experience with advanced features for business, trucking, and general use. Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

Key features include upgraded Bluetooth 5.4 technology, CVC 8.0 and ENC noise reduction for clear calls, long battery life, comfortable ergonomic design, and multi-function controls with wide compatibility.

2. WHAT'S IN THE BOX

Upon opening your Atheewon H08 package, you should find the following items:

- 1x Bluetooth Earpiece (Model H08)
- 1x USB Charging Cable
- 1x Carrying Case
- 3x Earplugs (Sizes: S, M, L)
- 1x User Manual (this document)

3. PRODUCT FEATURES

The Atheewon H08 Bluetooth Earpiece is equipped with several advanced features to enhance your communication and audio experience:

- **Upgraded Bluetooth 5.4:** Provides faster transmission speeds, stronger connection stability, and an extended range for seamless audio.
- **CVC 8.0 & ENC Noise Reduction:** Minimizes external distractions and enhances call clarity for both you and your callers, even in noisy environments.
- **Long Battery Life:** Offers up to 20 hours of talk time, 29 hours of music playback, and 180 hours of standby time on a 2-hour charge.
- **Comfortable Ergonomic Design:** Lightweight and designed for all-day wear, ensuring a secure and comfortable fit for extended use.
- **Multi-function Control:** Intuitive buttons for answering/ending calls, adjusting volume, and controlling music playback.
- **Wide Compatibility:** Compatible with most Bluetooth devices, including iOS, Android, and Windows smartphones, tablets, and laptops.

4. SETUP AND PAIRING

4.1 Initial Charge

Before first use, fully charge your Atheewon H08 earpiece. Connect the provided USB charging cable to the Type-C charging port on the earpiece and plug the other end into a USB power source. The power indicator lights will show charging status.

A full charge takes approximately 2 hours.

4.2 Wearing the Earpiece

The H08 is designed for comfortable and steady fit. Follow these steps for proper placement:

1. **Step 1:** Insert the ear tip into your ear canal.
2. **Step 2:** Position the ear hook behind your ear.
3. **Step 3:** Adjust the placement for maximum comfort and a secure fit. The earpiece can be rotated to accommodate both left and right ears.

4.3 Bluetooth Pairing

To pair your H08 earpiece with a device:

1. **Power On:** Long press the MFB (Multi-Function Button) for 2 seconds until the status indicator lamp flashes blue, indicating it's in pairing mode.
2. **Activate Bluetooth:** On your smartphone, tablet, or laptop, go to the Bluetooth settings and ensure Bluetooth is enabled.
3. **Select Device:** Look for "H08" in the list of available devices and select it to connect.
4. **Confirmation:** Once successfully paired, the status indicator lamp will stop flashing and remain solid blue, and you may hear a voice prompt confirming the connection.

The earpiece will automatically reconnect to previously paired devices when powered on and within range.

Bluetooth 5.4 Stable Transmission

Equipped with the newly upgraded Bluetooth 5.4 version, the connection is faster and more stable.

6. CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your Atheewon H08 Bluetooth Earpiece, please follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the earpiece. Do not use abrasive cleaners, alcohol, or chemical solvents, as these may damage the surface or internal components.
- **Storage:** When not in use, store the earpiece in its provided carrying case to protect it from dust, scratches, and accidental damage.
- **Temperature:** Avoid exposing the earpiece to extreme temperatures (hot or cold), direct sunlight, or high humidity.
- **Water Exposure:** The earpiece is not waterproof. Avoid contact with water or other liquids.
- **Charging:** Only use the provided USB charging cable or a certified equivalent. Do not overcharge the battery.
- **Handling:** Do not drop, disassemble, or attempt to repair the earpiece yourself. This may void the warranty and cause damage.

7. TROUBLESHOOTING

If you encounter issues with your Atheewon H08 Bluetooth Earpiece, refer to the following common problems and solutions:

Problem	Possible Solution
Earpiece does not power on.	◦ Ensure the earpiece is fully charged. ◦ Long press the MFB for 2 seconds to power on.

Problem	Possible Solution
Cannot pair with device.	◦ Ensure the earpiece is in pairing mode (flashing blue light). ◦ Make sure Bluetooth is enabled on your device. ◦ Move the earpiece closer to your device. ◦ Forget "H08" from your device's Bluetooth list and try pairing again. ◦ Restart both the earpiece and your device.
No sound or low volume.	◦ Increase the volume on both the earpiece and your connected device. ◦ Ensure the earpiece is properly connected to your device. ◦ Check if the audio output is set to the earpiece on your device.
Call quality is poor / Noise during calls.	◦ Ensure the earpiece is fully charged. ◦ Move closer to your connected device to avoid signal interference. ◦ Avoid strong electromagnetic interference sources. ◦ Ensure the microphone is not obstructed.
Earpiece disconnects frequently.	◦ Ensure you are within the Bluetooth range (up to 33-49ft without obstacles). ◦ Check for obstacles between the earpiece and your device. ◦ Re-pair the earpiece with your device.
