

ZMISHIBO KDSXB24

ZMISHIBO 24 Inch Ceiling Fan with Lights and Remote - Instruction Manual

Model: KDSXB24

1. SAFETY INFORMATION

Please read and understand all instructions before beginning installation and use. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- Always disconnect power at the circuit breaker before installation, removal, or maintenance.
- Ensure the mounting surface is structurally sound and capable of supporting the fan's weight.
- Keep hands and foreign objects clear of the fan blades during operation.
- This product is designed for indoor use only.
- Consult a qualified electrician if you are unsure about any part of the installation process.

2. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- Ceiling Fan Unit (Model KDSXB24)
- Remote Control
- Mounting Hardware (screws, wire nuts, bracket)
- Instruction Manual

3. PRODUCT OVERVIEW AND FEATURES

The ZMISHIBO 24 Inch Ceiling Fan combines modern design with advanced functionality to provide comfort and illumination.

- **Integrated LED Light:** Energy-saving LED light with 10%-100% dimming capability and 3 color temperatures (3000K warm, 4000K neutral, 6000K cool white). Features intelligent light memory to recall your preferred settings.
- **Smart Control:** Operate the fan and light independently using the included remote control or a Bluetooth-enabled smartphone app.
- **6 Wind Speeds:** Choose from six distinct fan speeds to customize airflow intensity.
- **Reversible DC Motor:** Two airflow modes for year-round comfort. The downdraft mode provides cooling in summer, while the updraft mode circulates warm air in winter.
- **Ultra-Quiet Operation:** Designed for powerful yet whisper-quiet performance, ideal for bedrooms, living rooms, and offices.
- **Timer Function:** Convenient 2-hour timer setting.

Image: Demonstrates the three adjustable color temperatures (3000K, 4000K, 6000K) and the smooth dimming range of the integrated LED light from 10% to 100% brightness.

Image: Illustrates the reversible DC motor's functionality, providing forward cool airflow for summer mode and reverse warm airflow for winter mode, along with fan speed indicators.

4. INSTALLATION

The ZMISHIBO ceiling fan is designed for simple DIY setup. For detailed visual guidance, please refer to the manufacturer's official installation video instructions.

1. **Prepare for Installation:** Ensure power is disconnected at the circuit breaker. Gather necessary tools (screwdriver, wire strippers, ladder).
2. **Mount the Bracket:** Secure the provided mounting bracket to your ceiling junction box.
3. **Connect Wiring:** Carefully connect the electrical wires from the ceiling to the fan unit according to local electrical codes and the provided wiring diagram.
4. **Attach Fan Unit:** Secure the fan unit to the mounted bracket.
5. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

5. OPERATING INSTRUCTIONS

Your ZMISHIBO ceiling fan can be controlled via the included remote or a smartphone app.

5.1 Remote Control

The remote allows for independent control of the fan and light functions.

- **Power On/Off:** Use the 'ON/OFF' button for the light and 'FAN OFF' for the fan. 'ALL OFF' turns both off.
- **Light Brightness:** Use the brightness adjustment buttons (sun icons with +/-) to dim or brighten the light.

- **Color Temperature:** Use the 'K-' and 'K+' buttons to cycle through 3000K (warm), 4000K (neutral), and 6000K (cool white) light.
- **Night Mode:** Press the moon icon button for a softer, dimmed light setting.
- **Fan Speed:** Select fan speeds from 1 to 6 using the numbered buttons.
- **Reversible Airflow:** Press the 'F/R' button to switch between downdraft (summer) and updraft (winter) modes.
- **Timer:** Set a 2-hour timer using the '2H' button.

5.2 App Control

For enhanced control and personalized settings, download the 'FanLamp Pro' app.

1. **Download App:** Scan the QR code in the manual or search for 'FanLamp Pro' in your smartphone's app store (Google Play or Apple Store).
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Pair Device:** Open the app and follow the on-screen instructions to pair your fan. You may need to press the 'SETUP' button on the remote within 5 seconds of powering on the fan for successful pairing.
4. **Control Functions:** The app provides access to all remote control functions, including light dimming, color temperature adjustment, fan speed selection, and mode customization.

Image: Displays both the physical remote control and the intuitive interface of the 'FanLamp Pro' smartphone app, illustrating the various control options for the fan and light.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to wipe down the fan and light fixture. Avoid abrasive cleaners that may damage the finish. Ensure power is off before cleaning.
- **Blade Inspection:** Periodically check fan blades for dust buildup. Clean as needed to maintain

efficient airflow.

- **Tighten Fasteners:** Occasionally check all screws and fasteners to ensure they are secure.
- **LED Light:** The integrated LED light is designed for long-term use and does not require bulb replacement.

7. TROUBLESHOOTING

If you encounter any issues, refer to the following troubleshooting tips:

Problem	Possible Cause	Solution
Fan does not operate	No power; Remote/App not paired; Remote batteries low.	Check circuit breaker; Re-pair remote/app; Replace remote batteries.
Light does not turn on/off	No power; Remote/App not paired; Remote batteries low.	Check circuit breaker; Re-pair remote/app; Replace remote batteries.
Fan makes excessive noise	Loose mounting screws; Obstruction in fan blades.	Tighten all mounting screws; Remove any obstructions. The remote control is designed to eliminate beeping sounds.
Product damaged or parts missing	Shipping damage; Packaging error.	Contact customer support immediately for assistance.

8. SPECIFICATIONS

Feature	Detail
Brand	ZMISHIBO
Model Number	KDSXB24
Dimensions (L x W x H)	24" x 24" x 5.7"
Material	Metal
Power Source	DC Motor
Light Source	Integrated LED
Brightness	2200 Lumen
Color Temperature	3000K (Warm), 4000K (Neutral), 6000K (Cool White)

Feature	Detail
Control Method	Remote Control, Bluetooth App Control
