Deolme 40" W Modern Blue Swivel Barrel Chair User Manual

Model: B0F546CWW2

INTRODUCTION

Thank you for choosing the Deolme 40" W Modern Blue Swivel Barrel Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Designed for comfort and versatility, this chair features a 360° swivel base, plush corduroy pillows, and a thick cushion, making it an ideal addition to your living room, bedroom, or club area.

SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use. Keep this manual for future reference.

- **Weight Capacity:** This chair has a maximum weight capacity of 500 lbs. Do not exceed this limit to ensure stability and prevent damage or injury.
- **Assembly:** Always assemble the chair strictly according to the provided instructions. Improper assembly can lead to instability and potential hazards.
- **Stability:** Ensure the chair is placed on a flat, stable surface. Avoid placing it on uneven ground or near edges where it could tip over.
- **Movement:** When swiveling, do so slowly and controlled. Avoid sudden or forceful movements that could cause the chair to become unstable.
- **Children and Pets:** Keep children and pets away from the chair during assembly. Supervise children when they are near or using the chair to prevent accidents.

COMPONENTS LIST

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

SETUP AND ASSEMBLY

Assembly is required for this chair. Please follow these step-by-step instructions carefully. All necessary tools and hardware are included.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Swivel Base:** Align the pre-drilled holes on the bottom of the chair body with the holes on the metal swivel base. Secure the base to the chair body using the provided screws and washers. Ensure all screws are tightened firmly but do not overtighten.
3. **Insert Seat Cushion:** Place the thick seat cushion into the main chair body. Ensure it sits flush and evenly.
4. **Arrange Pillows:** Place the lumbar pillow and two side pillows as desired for optimal comfort and support.
5. **Final Check:** Before use, gently rock the chair to ensure all connections are secure and the chair is stable.

OPERATING INSTRUCTIONS

Your Deolme Swivel Barrel Chair is designed for versatile use and comfort.

- **Swivel Function:** The chair features a 360° fluid motion system. To swivel, simply apply gentle pressure with your feet or body in the desired direction. The dual-bearing swivel mechanics ensure quiet and smooth rotation.
- **Comfort Adjustment:** The removable lumbar pillow and two side pillows can be repositioned to provide personalized comfort and support for reading, napping, or relaxing.
- **Seating:** The spacious 40-inch seat and thick 12cm cushion provide ample space and plush support. The curved barrel back is designed to hug your body for enhanced relaxation.

MAINTENANCE

Proper care will extend the life and appearance of your chair.

- **Cleaning Fabric:** The corduroy fabric is designed to resist spills. For liquid spills, wipe immediately with a clean, dry cloth. Coffee spills can typically be wiped off within 15 seconds.
- **Cushion Covers:** All cushion covers (pillow, seat, and backrest) feature zippers and are removable for machine washing. Follow the care instructions on the fabric label for best results.
- **General Cleaning:** Regularly vacuum the chair using an upholstery attachment to remove dust and debris.
- **Base Maintenance:** Periodically check the metal swivel base for any loose screws and tighten if necessary. Keep the base clean and free of obstructions to ensure smooth rotation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair does not swivel smoothly.	Debris in swivel mechanism; screws too tight/loose; uneven floor.	Check for obstructions under the base. Ensure screws attaching the base are tightened correctly (not too tight, not too loose). Place chair on a level surface. Spin slowly for smooth operation.
Chair feels wobbly after assembly.	Screws not fully tightened; improper assembly.	Re-check all assembly screws and tighten them firmly. Refer to the "Setup and Assembly" section. Ensure the chair is on a flat surface.

Problem	Possible Cause	Solution
Cushion feels less supportive over time.	Normal wear and tear; prolonged compression.	Rotate the seat cushion periodically to distribute wear. Fluff pillows regularly.
