VINNFIER V18

VINNFIER V18 Bluetooth & USB Computer Speakers User Manual

Model: V18

1. Introduction

Thank you for purchasing the VINNFIER V18 Bluetooth & USB Computer Speakers. This manual provides essential information for setting up, operating, and maintaining your new speakers. Please read this manual thoroughly before use to ensure proper functionality and to maximize your audio experience.

2. Safety Information

To prevent damage and ensure safe operation, please observe the following precautions:

- Do not expose the speakers to water, moisture, or extreme temperatures.
- Avoid placing the speakers near heat sources or in direct sunlight.
- Use only the provided USB cable for power. Ensure the power source is 5V.
- Do not attempt to open or repair the speakers yourself. Refer all servicing to qualified personnel.
- Clean the speakers with a soft, dry cloth. Do not use liquid cleaners or aerosols.
- Keep out of reach of children.

3. Package Contents

Verify that all items are present in your package:

- VINNFIER V18 Speaker Unit
- Integrated USB Power/Audio Cable
- User Manual (this document)

4. Product Overview

The VINNFIER V18 is a versatile soundbar designed for computers, laptops, and other compatible devices. It features both Bluetooth wireless connectivity and a USB wired connection for audio and power, along with dynamic RGB lighting.

Speaker Components

- **Volume Control Knob:** Located on the front-left side for adjusting audio output.
- **RGB Light Bars:** Integrated on both ends of the speaker for customizable lighting effects.
- **USB Cable:** Permanently attached for both power supply and digital audio input.
- **Touch Control Area:** Located on the top surface for changing RGB lighting modes.

A front view of the VINNFIER V18 speaker, showcasing the speaker grille and the subtle LED indicator light.

5. Setup

5.1 USB Connection (Plug and Play)

For a wired audio connection and power, use the integrated USB cable:

1. Plug the USB-A connector of the speaker's cable into an available USB port on your computer, laptop, or a 5V USB power adapter.
2. The speaker will power on automatically and be recognized as an audio output device by your computer.
3. Adjust the volume using the speaker's volume knob or your computer's system volume controls.

Figure 5.1: USB Connection to a Monitor

This image illustrates the VINNFIER V18 speaker connected to a computer monitor via its USB cable, demonstrating the simple plug-and-play setup.

5.2 Bluetooth Connection

To connect wirelessly via Bluetooth:

1. Ensure the speaker is powered on via its USB connection.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "V18" from the list of discovered devices to pair.
4. Once paired, the speaker will emit a confirmation sound, and audio will be routed wirelessly.
5. Adjust the volume using the speaker's volume knob or your connected device's volume controls.

Figure 5.2: Bluetooth and USB Compatibility

This image demonstrates the VINNFIER V18 speaker's dual compatibility, showing it connected to a laptop via USB and wirelessly to a smartphone via Bluetooth.

6. Operating Instructions

6.1 Power On/Off

The V18 speaker powers on automatically when connected to a 5V USB power source. To power off, disconnect the USB cable.

6.2 Volume Adjustment

Rotate the volume control knob on the front-left side of the speaker clockwise to increase volume and counter-clockwise to decrease volume.

6.3 Audio Source Switching

The speaker prioritizes the USB audio input when connected. If a Bluetooth device is paired and playing, the speaker will switch to Bluetooth audio. To switch back to USB, ensure no Bluetooth audio is actively playing or disconnect the Bluetooth device.

6.4 RGB Lighting Control

The V18 speaker features dynamic RGB lighting. To cycle through the available lighting modes, gently touch the designated control area on the top surface of the speaker. Available modes include Rainbow light mode and multi-color breathing light mode.

Figure 6.1: RGB Lighting Options

This image displays the various colorful RGB lighting modes available on the VINNFIER V18 speaker, including rainbow and solid color options.

7. Maintenance

Proper maintenance ensures the longevity of your speakers:

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the speaker's surface. Do not use abrasive cleaners, waxes, or solvents.
- **Storage:** When not in use for extended periods, store the speakers in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the USB cable excessively to prevent internal damage.

8. Troubleshooting

If you encounter issues with your VINNFIER V18 speakers, refer to the following solutions:

Problem	Possible Cause	Solution
No sound from speakers (USB)	◦ USB cable not properly connected. ◦ Speaker not selected as default audio device. ◦ Volume too low.	◦ Ensure USB cable is securely plugged into a working USB port. ◦ Check your computer's sound settings and select "V18" as the output device. ◦ Increase volume on the speaker and your computer.
No sound from speakers (Bluetooth)	◦ Speaker not paired or connected. ◦ Bluetooth disabled on device. ◦ Device out of range.	◦ Ensure speaker is in pairing mode and paired with your device. ◦ Enable Bluetooth on your device. ◦ Move your device closer to the speaker (within 10 meters).
RGB lighting not working	◦ Speaker not powered on. ◦ Lighting mode may be off or stuck.	◦ Ensure the speaker is connected to a power source. ◦ Gently touch the control area on top of the speaker to cycle through modes.
Distorted audio	◦ Volume too high. ◦ Poor audio source quality.	◦ Reduce volume on both the speaker and the source device. ◦ Try a different audio source or file.

9. Specifications

Model Name	V18
