SETUP

1. Initial Charge

Before first use, fully charge your CatXQ AI Smart Glasses. Use the provided magnetic charging case and connect it to a power source.

2. Bluetooth Pairing

1. Ensure your smart glasses are charged and powered on.

2. Activate Bluetooth on your smartphone (iOS or Android).
3. Search for available devices and select "CatXQ Smart Glasses" to pair.
4. Confirm the pairing on your smartphone if prompted.

3. Lens Installation/Replacement

Your glasses come with three interchangeable lens sets: blue light cut (for work) and stylish sunglass lenses (for outdoor use). To change lenses:

1. Gently hold the frame and carefully detach the current lenses.
2. Align the desired new lenses with the frame grooves.
3. Press firmly until the lenses click securely into place.

OPERATING INSTRUCTIONS

1. Power On/Off

Refer to the device's physical buttons or touch controls for powering on and off. Typically, a long press on a designated button will perform this action.

2. Audio Playback and Calls

Once paired, audio from your smartphone will stream directly to the glasses. The advanced speaker system delivers rich sound. For calls, the dual microphones with automatic noise reduction ensure clear communication.

Bluetooth calls sound clear and transparent

Built-in high sensitivity microphone and noise reduction technology, you can tap To answer, make, hang up, and reject calls.

MAINTENANCE

- **Cleaning:** Use the provided microfiber cleaning cloth to gently wipe lenses and frame. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the smart glasses in the included protective case to prevent scratches and damage.
- **Charging:** Always use the original magnetic charging case. Avoid overcharging or exposing the device to extreme temperatures.
- **Handling:** Handle the glasses with care. Avoid folding the arms with excessive force, as this may cause damage.

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Glasses do not power on.	Ensure the glasses are fully charged. Connect to the magnetic charging case and allow sufficient time to charge.
Unable to pair via Bluetooth.	<p>Make sure Bluetooth is enabled on your smartphone.</p> <p>Ensure the glasses are in pairing mode (refer to device instructions for specific pairing mode activation).</p> <p>Move the glasses closer to your smartphone.</p> <p>Restart both the glasses and your smartphone.</p>
No sound or poor sound quality.	<p>Check the volume level on both the glasses and your smartphone.</p> <p>Ensure the glasses are properly connected via Bluetooth.</p> <p>If sound is distorted, try moving away from sources of interference.</p>
Translation function not working.	<p>Verify that the glasses are connected to your smartphone and the translation app (if applicable) is running.</p> <p>Check your smartphone's internet connection, as real-time translation often requires online access.</p> <p>Ensure microphone permissions are granted to the necessary apps.</p>
