## boAt Aavante 2.1 2000

# boAt Aavante 2.1 2000 Soundbar User Manual

Model: Aavante 2.1 2000

## 1. INTRODUCTION

Thank you for purchasing the boAt Aavante 2.1 2000 Soundbar. This manual provides essential information for setting up, operating, and maintaining your soundbar system. Please read it carefully to ensure proper use and to maximize your audio experience. Keep this manual for future reference.

## 2. WHAT'S IN THE BOX

Verify that all items listed below are included in your package:

- Soundbar
- Subwoofer
- Aux Cable
- Remote Control
- User Manual (this document)

## 3. PRODUCT OVERVIEW

The boAt Aavante 2.1 2000 is a 2.1 channel soundbar system designed to enhance your audio experience with 200W RMS output. It features multiple connectivity options and dedicated EQ modes for various content types.

# 200W

boAt Signature Sound

## 4. SETUP INSTRUCTIONS

### 4.1 Placement

- Place the soundbar centrally below your television or display.
- Position the subwoofer on the floor, preferably near the soundbar, to optimize bass delivery. Ensure adequate ventilation around both units.

### 4.2 Connecting Power

1. Connect the power cable to the AC IN port on the soundbar.
2. Plug the other end of the power cable into a wall outlet (240V).
3. Connect the wired subwoofer to the soundbar using the dedicated subwoofer cable.

### 4.3 Connecting Audio Sources

The soundbar offers multiple ways to connect to your audio sources:

# Multi-Compatibility

BT v5.4, USB, AUX, Optical, HDMI (ARC)

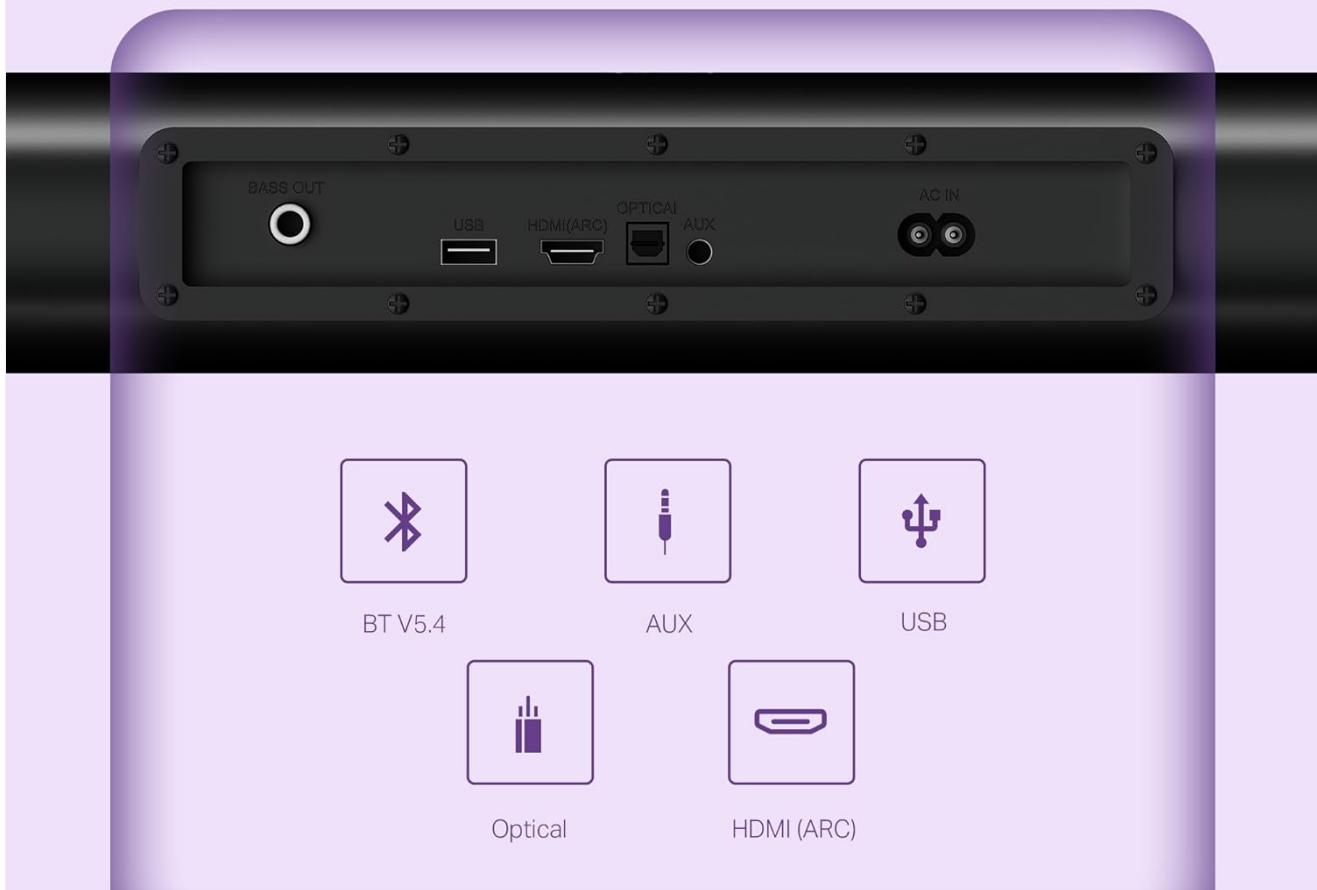

Image 4.1: Rear panel of the soundbar with various input ports.

## HDMI (ARC) Connection:

- Connect an HDMI cable from the HDMI (ARC) port on the soundbar to the HDMI (ARC) port on your television.
- Ensure your TV's HDMI ARC function is enabled in its settings. This allows audio from the TV to be sent to the soundbar and enables control of the soundbar with your TV remote.

## Optical Connection:

- Connect an optical cable from the OPTICAL port on the soundbar to the optical output port on your television or other audio device.

## AUX Connection:

- Use the provided AUX cable to connect the AUX port on the soundbar to the 3.5mm audio output jack on your device (e.g., smartphone, MP3 player).

## USB Connection:

- Insert a USB drive containing audio files into the USB port on the soundbar. The soundbar will automatically switch to USB mode and begin playback.

## Bluetooth Pairing:

1. Press the 'INPUT' button on the soundbar or remote control until 'BT' appears on the display, indicating Bluetooth mode.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select 'Aavante 2.1 2000' from the list of devices.
4. Once paired, the soundbar will indicate a successful connection, and you can play audio from your device.

## 5. OPERATING INSTRUCTIONS

### 5.1 Power On/Off

- Press the power button on the soundbar or the remote control to turn the unit on or off.

### 5.2 Input Selection

- Press the 'INPUT' button on the soundbar or remote control to cycle through available input sources: Bluetooth (BT), AUX, Optical (OPT), USB, and HDMI (ARC). The selected input will be displayed on the soundbar's LED screen.

### 5.3 Volume Control

- Use the 'VOL+' and 'VOL-' buttons on the soundbar or remote control to adjust the master volume.
- Use the 'SW+' and 'SW-' buttons on the remote control to adjust the subwoofer volume independently.

### 5.4 EQ Modes

The soundbar features several Equalizer (EQ) modes to optimize audio for different content:

# EQ Modes

Movie / News / Music

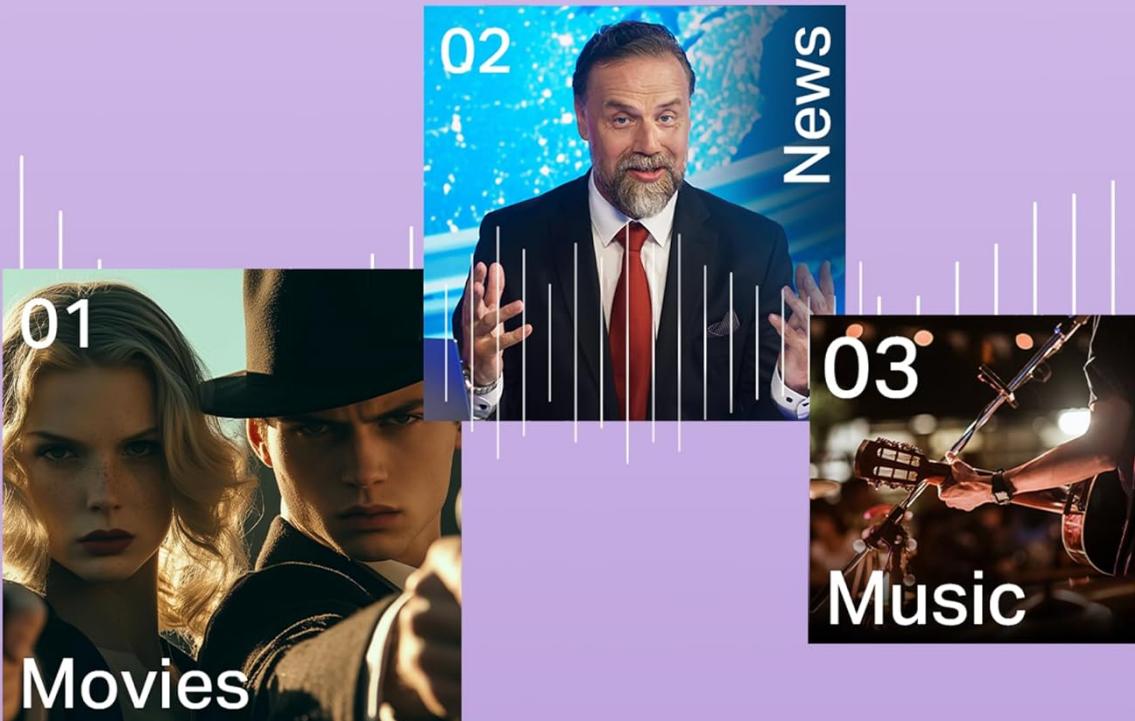

Image 5.1: Visual representation of the available EQ modes.

- **Movie Mode:** Enhances dialogue clarity and cinematic effects.
- **Music Mode:** Optimizes audio for music playback, balancing bass and treble.
- **News Mode:** Focuses on vocal clarity for news broadcasts and spoken content.
- **3D Mode:** Creates a wider, more immersive soundstage.

Press the corresponding EQ mode button on the remote control to select your desired audio profile.

## 5.5 Remote Control Functions

The included remote control provides full functionality for your soundbar:

# Premium Design

## Master Remote Control

Image 5.2: Layout of the boAt Aavante 2.1 2000 remote control.

- **Power Button:** Turns the soundbar on or off.
- **Input Button:** Cycles through input sources.
- **Pair Button:** Initiates Bluetooth pairing.
- **Volume Up/Down (VOL+/-):** Adjusts master volume.
- **Subwoofer Volume Up/Down (SW+/-):** Adjusts subwoofer volume.
- **Mute Button:** Mutes or unmutes audio.
- **Play/Pause, Previous/Next Track:** Controls media playback in Bluetooth/USB modes.
- **EQ Mode Buttons (Music, Movie, News, 3D):** Selects audio presets.

## 6. MAINTENANCE

### 6.1 Cleaning

- Always disconnect the soundbar from the power outlet before cleaning.
- Use a soft, dry cloth to wipe the surfaces of the soundbar and subwoofer.

- Do not use liquid cleaners, abrasive cleaners, or sprays, as these may damage the finish or internal components.

## 6.2 Storage

- If storing the soundbar for an extended period, disconnect it from power and store it in a cool, dry place away from direct sunlight and extreme temperatures.

## 7. TROUBLESHOOTING

If you encounter issues with your boAt Aavante 2.1 2000 Soundbar, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Power cable not connected; Power outlet not active	Ensure power cable is securely connected to the soundbar and a working power outlet.
No sound	Incorrect input selected; Volume too low; Mute function active; Incorrect cable connection	Select the correct input source. Increase volume. Deactivate mute. Check audio cable connections.
Bluetooth not connecting or unstable	Soundbar not in pairing mode; Device too far; Interference; Previously paired device connected	Ensure soundbar is in Bluetooth pairing mode. Move device closer. Disconnect other Bluetooth devices. Try re-pairing.
Remote control not working	Batteries depleted; Obstruction between remote and soundbar	Replace remote control batteries (12V, included). Ensure no obstructions block the remote's signal path to the soundbar.
Subwoofer not producing bass	Subwoofer cable disconnected; Subwoofer volume too low	Check the wired connection between the soundbar and subwoofer. Increase subwoofer volume using the remote.
