boAt Aavante 2.0 150 Bluetooth Soundbar User Manual

1. INTRODUCTION

Thank you for purchasing the boAt Aavante 2.0 150 Bluetooth Soundbar. This manual provides essential information for setting up, operating, and maintaining your device. Please read these instructions carefully before use to ensure optimal performance and longevity of your soundbar.

2. SAFETY INFORMATION

- Do not expose the soundbar to extreme temperatures, humidity, or direct sunlight.
- Avoid placing the device near heat sources or in dusty environments.
- Do not disassemble or attempt to repair the unit yourself. Refer all servicing to qualified personnel.
- Keep the soundbar away from water or other liquids.
- Use only the charging cable provided with the product.
- Ensure proper ventilation around the soundbar during operation.

3. PACKAGE CONTENTS

Please check the box for the following items:

- boAt Aavante 2.0 150 Soundbar
- Charging Cable
- Aux Cable
- User Manual

4. PRODUCT OVERVIEW

The boAt Aavante 2.0 150 is a portable 16W Bluetooth soundbar designed to enhance your audio experience with its signature sound, RGB LEDs, and versatile connectivity options.

AUX, USB,
TF Card

Built-in Mic for Hands-free Calling

Image 4.2: Rear view of the soundbar highlighting the multi-connectivity ports (Type-C, USB, AUX, TF Card slot) and indicating the built-in microphone for hands-free calling.

5. SETUP

5.1 Initial Charging

1. Connect the provided charging cable to the Type-C port on the soundbar.
2. Plug the other end of the charging cable into a compatible USB power adapter (not included).
3. Allow the soundbar to fully charge before first use. The LED indicator will change to show charging status.

5.2 Powering On/Off

- To power on, press and hold the power button (usually marked 'ON/OFF') on the soundbar until the indicator light illuminates.
- To power off, press and hold the power button again until the indicator light turns off.

6. OPERATING INSTRUCTIONS

6.1 Bluetooth Pairing

1. Power on the soundbar. It will automatically enter Bluetooth pairing mode, indicated by a flashing LED light.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "boAt Aavante 2.0 150" from the list.
4. Once paired, the LED indicator will stop flashing and remain solid.
5. The soundbar will automatically reconnect to the last paired device when powered on, if within range.

6.2 AUX Mode

1. Connect one end of the provided AUX cable to the AUX port on the soundbar.
2. Connect the other end to the audio output jack of your device (e.g., TV, MP3 player).
3. The soundbar will automatically switch to AUX mode, or you may need to press the 'Mode' button to select AUX input.

6.3 USB Playback

1. Insert a USB flash drive containing audio files into the USB port on the soundbar.
2. The soundbar will automatically detect the USB drive and begin playing audio, or you may need to press the 'Mode' button to select USB input.

6.4 TF Card Playback

1. Insert a TF (microSD) card containing audio files into the TF card slot on the soundbar.
2. The soundbar will automatically detect the TF card and begin playing audio, or you may need to press the 'Mode' button to select TF card input.

6.5 TWS (True Wireless Stereo) Functionality

To pair two boAt Aavante 2.0 150 soundbars for a stereo experience:

1. Ensure both soundbars are powered on and not connected to any other Bluetooth device.
2. On one soundbar (this will be the primary unit), press and hold the TWS button (if available) or a designated pairing button until you hear an indication sound.
3. The two soundbars will attempt to pair with each other. Once successful, you will hear a confirmation tone.
4. Now, connect your device to the primary soundbar via Bluetooth as described in section 6.1. Audio will play through both soundbars in stereo.

TWS for 2X Impact

Dual Full-Range Drivers

Image 6.1: Illustration of two Aavante 2.0 150 soundbars connected wirelessly using TWS technology for enhanced stereo sound.

6.6 RGB LED Control

The soundbar features integrated RGB LEDs. Use the dedicated LED control button (if available) or a combination of buttons to cycle through different lighting modes or turn the LEDs on/off.

RGB LEDs

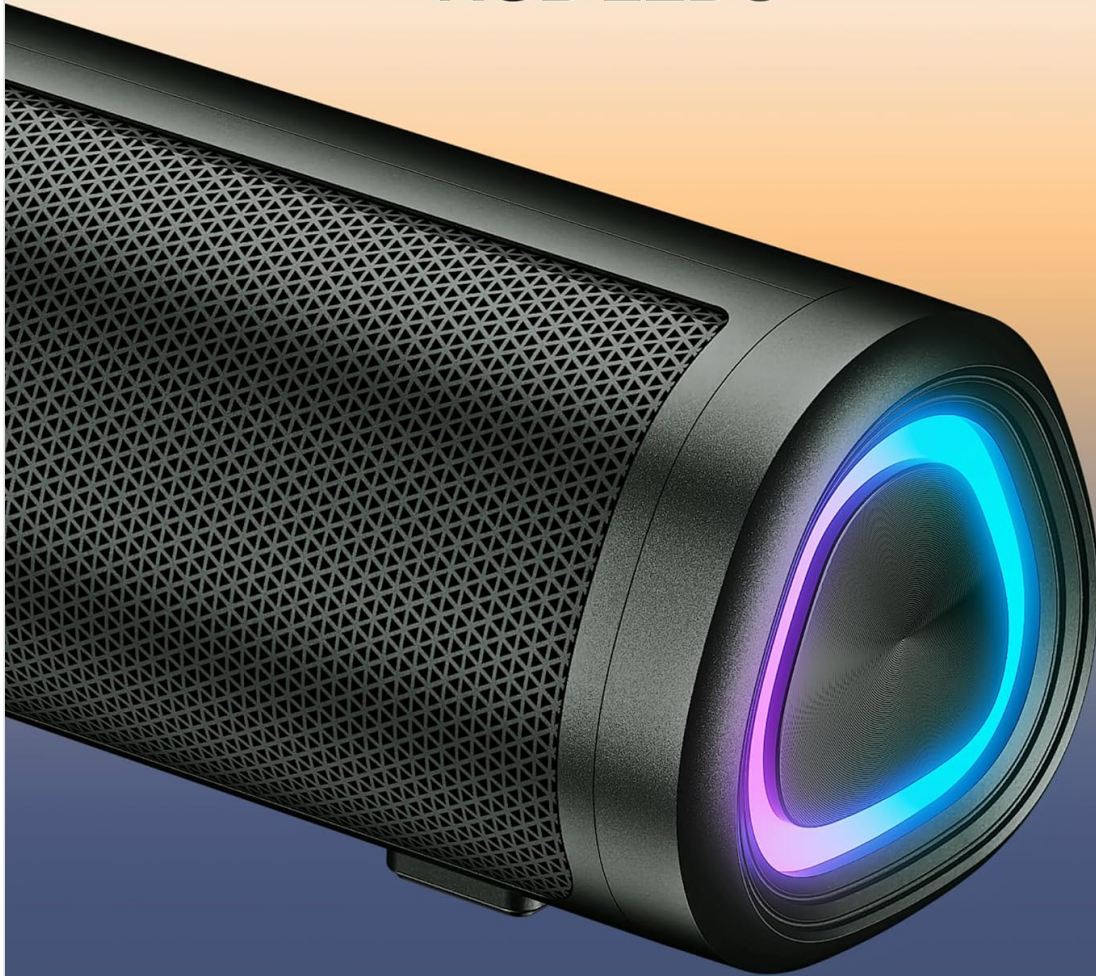

Image 6.2: A close-up view of the soundbar's end, showing the vibrant RGB LED lighting in action.

6.7 Hands-free Calling

When connected via Bluetooth to a smartphone, the built-in microphone allows for hands-free calling:

- **Answer Call:** Press the Play/Pause button once to answer an incoming call.
- **End Call:** Press the Play/Pause button once during a call to end it.
- **Reject Call:** Press and hold the Play/Pause button to reject an incoming call.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the soundbar. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the soundbar in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the soundbar regularly, even if not in active use.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Battery is drained; Power button not pressed correctly.	Charge the soundbar; Press and hold the power button for 3-5 seconds.
No sound	Volume too low; Incorrect input mode; Device not paired.	Increase volume; Press 'Mode' button to select correct input; Re-pair Bluetooth device.
Bluetooth not connecting	Soundbar not in pairing mode; Device too far; Interference.	Ensure soundbar is in pairing mode; Move device closer; Turn off other Bluetooth devices.
Poor sound quality	Low battery; Source audio quality; Obstructions.	Charge the soundbar; Try a different audio source; Ensure no obstructions between devices.
