

Aroepurt CPT16

Aroepurt Protective Case and Screen Protector User Manual

Model: CPT16

PRODUCT OVERVIEW

This manual provides instructions for the Aroepurt Protective Case and 9H Hardness HD Screen Protector, model CPT16, designed specifically for the Lifephone Vision. This product offers comprehensive protection and enhanced functionality for your device.

Key Features:

- **Integrated Stand Feature:** The case can be folded to create a stand, allowing for comfortable hands-free viewing of movies or video calls.
- **Durable PU Leather Construction:** Made from high-quality, lightweight PU leather, offering both protection and a premium feel.
- **Card Storage Slots:** Features dedicated slots to conveniently store essential cards and cash.
- **Enhanced Protection:** Combines flip PU leather with a silicone ring for improved drop protection and overall device safety.
- **Precision Craftsmanship:** Edges are sealed with fine stitching for increased durability and a refined appearance.
- **9H Hardness HD Screen Protector:** Includes a tempered glass screen protector with 9H hardness for superior scratch and impact resistance.

Figure 1: Aroepurt CPT16 Protective Case for Lifephone Vision. The image displays the case in various configurations: closed with a vibrant blue butterfly design, open to reveal the phone and card slots, and in a horizontal stand position.

SETUP AND INSTALLATION

1. Installing the Protective Case:

1. Ensure your Lifephone Vision is clean and free of dust or debris.
2. Gently align your phone with the silicone inner shell of the case.
3. Press the phone firmly into the shell, ensuring all corners and edges are securely seated.
4. Verify that all ports, buttons, and camera lenses are unobstructed and accessible.

2. Installing the 9H HD Screen Protector:

Note: Perform this installation in a dust-free environment for best results.

1. **Clean the Screen:** Use the provided alcohol wipe to thoroughly clean your phone's screen. Follow with the microfiber cloth to dry and remove any lint.
2. **Remove Dust:** Use the dust-absorber sticker to pick up any remaining dust particles from the screen surface.
3. **Align the Protector:** Carefully peel off the protective film from the adhesive side of the screen protector. Align the protector with your phone's screen, paying close attention to the cutouts for the speaker and camera.
4. **Apply and Smooth:** Once aligned, gently lower the protector onto the screen. The adhesive will begin to spread. Use your finger or a soft card to push out any air bubbles towards the edges.
5. **Final Wipe:** Give the newly installed screen protector a final wipe with the microfiber cloth.

Figure 2: Features of the 9H HD Screen Protector. This diagram highlights the key attributes of the included screen protector, such as its high hardness, shatterproof design, transparency, and anti-fingerprint properties.

Figure 3: Screen Protector Scratch Resistance. This image visually represents the scratch-proof nature of the screen protector, showing its ability to withstand impact from sharp objects.

OPERATING INSTRUCTIONS

Using the Stand Feature:

To utilize the integrated stand, simply fold the back cover of the case along the designated crease. This will prop up your Lifephone Vision horizontally, ideal for watching videos, making video calls, or browsing content hands-free.

Figure 4: Magnetic Closure and Stand Feature. This image illustrates the magnetic closure for secure keeping and how the case transforms into a convenient viewing stand.

Using the Card Storage:

The inner flap of the case features multiple slots designed to hold credit cards, ID cards, or small amounts of cash. Gently slide your cards into the designated slots until they are securely seated.

Figure 5: Card Storage. This image details the integrated card slots within the case, designed to hold up to two cards securely.

MAINTENANCE

Cleaning the Case:

- Wipe the exterior of the PU leather case with a soft, damp cloth.
- For stubborn stains, use a mild soap solution on the cloth, then wipe clean with a fresh damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the material.
- Allow the case to air dry completely before reinserting your phone.

Cleaning the Screen Protector:

- Use a microfiber cloth to gently wipe away fingerprints and smudges.

- For deeper cleaning, lightly dampen the microfiber cloth with water or a screen cleaner specifically designed for electronics.
- Do not use paper towels or rough cloths, as they can scratch the protector.

TROUBLESHOOTING

Common Issues and Solutions:

- **Case does not fit properly:**

Ensure you have the correct model (CPT16) for your Lifephone Vision. Double-check that the phone is fully seated within the silicone shell.
- **Air bubbles under screen protector:**

Small bubbles often disappear within 24-48 hours. For larger bubbles, gently lift the nearest edge of the protector and re-apply, pushing the bubble out with a soft card or finger.
- **Screen protector peeling at edges:**

Ensure the screen was thoroughly cleaned before installation. If peeling persists, the protector may need to be replaced.
- **Magnetic closure not strong enough:**

Avoid overfilling the card slots, as this can prevent the magnetic closure from engaging properly.

SPECIFICATIONS

Brand	Aroepurt
Model Number	CPT16 (GX2503-52 CPT16)
Compatible Devices	Lifephone Vision
Material Type	Polyurethane (PU Leather)
Form Factor	Flip Case
