bojioderf TZZH-LV

bojioderf Phone Case for Brondi Amico VERO 4G (Model TZZH-LV) Instruction Manual

Model: TZZH-LV | Brand: bojioderf

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your bojioderf phone case and tempered glass screen protector for the Brondi Amico VERO 4G. Please read this guide carefully to ensure proper use and to maximize the product's lifespan and protective features.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x bojioderf Phone Case (TZZH-LV)
- 1 x Tempered Glass Screen Protector

SETUP INSTRUCTIONS

1. Installing the Phone Case

1. Ensure your Brondi Amico VERO 4G phone is clean and free of dust or debris.
2. Align the phone with the case, starting with the top or bottom edge.
3. Gently press the phone into the case, ensuring all corners and edges are securely fitted. The soft silicone frame and hard PC backplane are designed for a snug fit.
4. Verify that all ports, buttons, and speakers are accessible through the precision cutouts.

SHOCKPROOF

Soft silicone frame + hard PC backplane, thickened four corners, and a silicone buffer layer in the middle, which is higher than the screen and camera design.

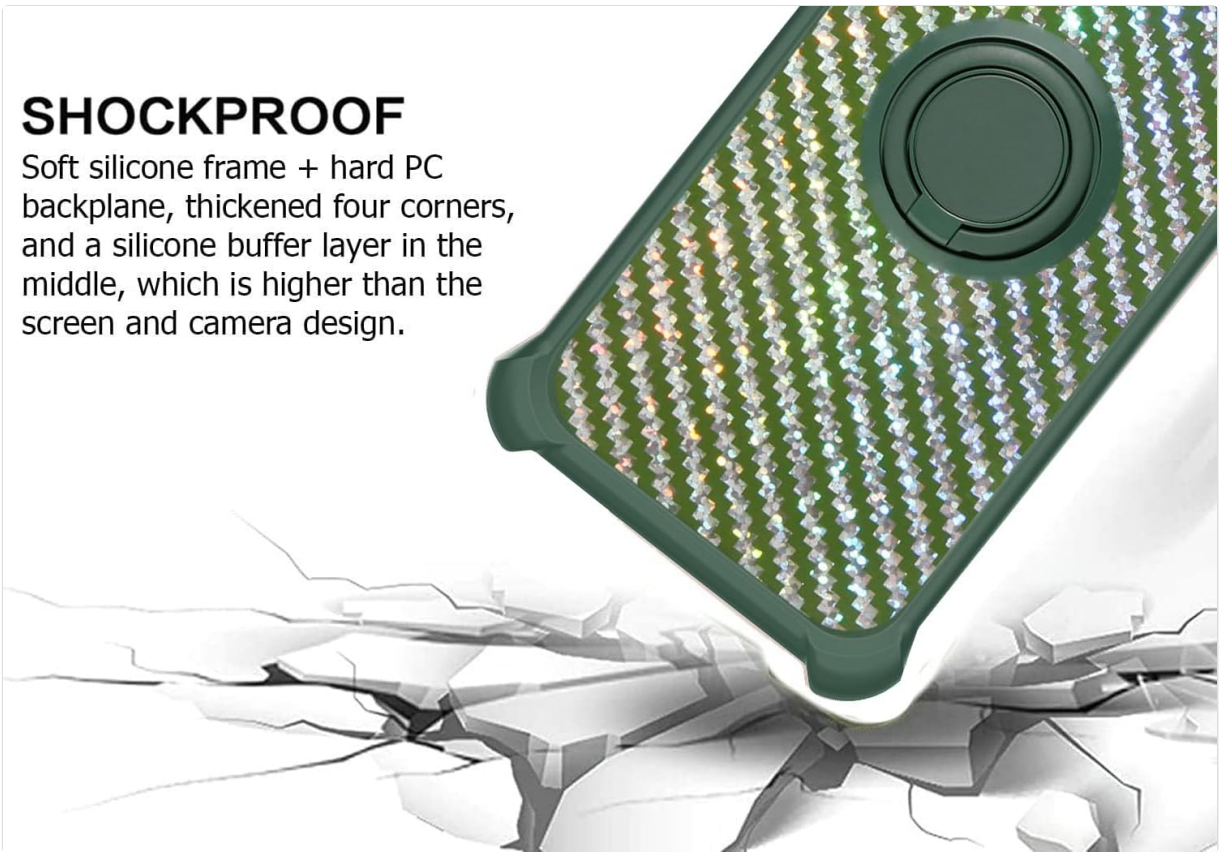

Image: The phone case features a shockproof design with a soft silicone frame, hard PC backplane, thickened four corners, and a silicone buffer layer for enhanced protection against drops. The design ensures the case is higher than the screen and camera for added safety.

2. Installing the Tempered Glass Screen Protector

1. Clean your phone screen thoroughly using the provided cleaning wipes (if included) or a microfiber cloth to remove all dust, smudges, and fingerprints.
2. Carefully peel off the protective film from the adhesive side of the tempered glass screen protector.
3. Align the screen protector precisely with your phone's screen, ensuring the cutouts for the camera and sensors match.
4. Gently lower the screen protector onto the screen. It will adhere automatically.
5. If any bubbles appear, gently push them towards the edges of the screen using a soft cloth or squeegee.

OPERATING FEATURES

360 Rotatable Ring Holder

The integrated ring holder on the back of the case can rotate 360 degrees, providing a secure grip and functioning as a kickstand for hands-free viewing of videos and movies. Simply pull out the ring and adjust it to your desired angle.

Image: A hand demonstrating the use of the 360-degree rotatable ring holder for a secure grip.

SUPPORT MAGNETIC CAR MOUNT

Not include magnetic car mount,
not support wireless charging.

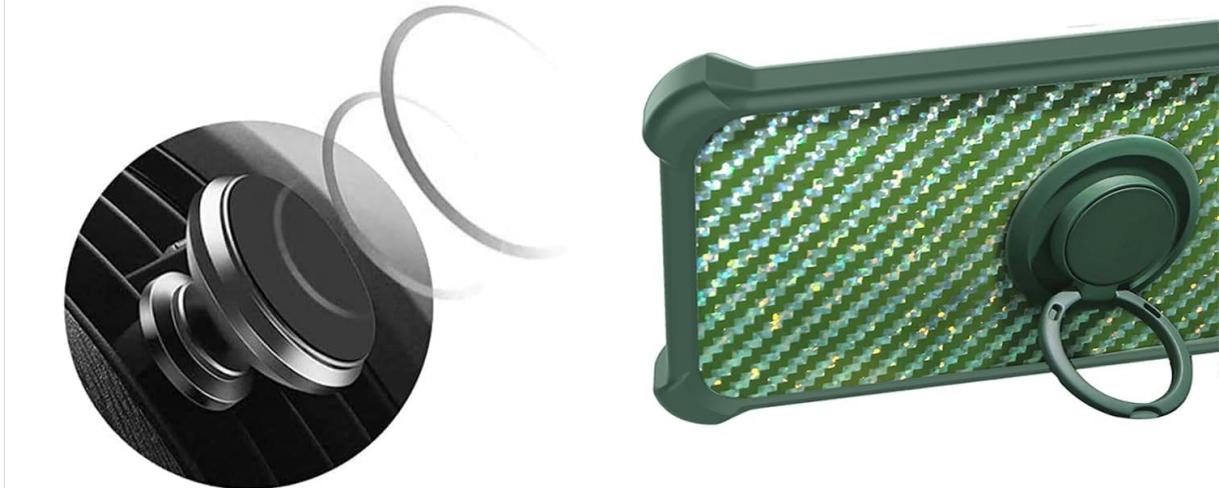

Image: The phone case's design exhibits different reflective patterns when viewed from various angles, adding a unique visual element.

Magnetic Car Mount Functionality

The case features a built-in metal plate that allows for direct adsorption onto magnetic car mount holders. This enables convenient and secure placement of your phone in your vehicle for GPS navigation or music playback without the need for additional patches. **Note: Magnetic car mount holder is not included. This case does not support wireless charging due to the metal ring.**

Different angles will show different reflection effects

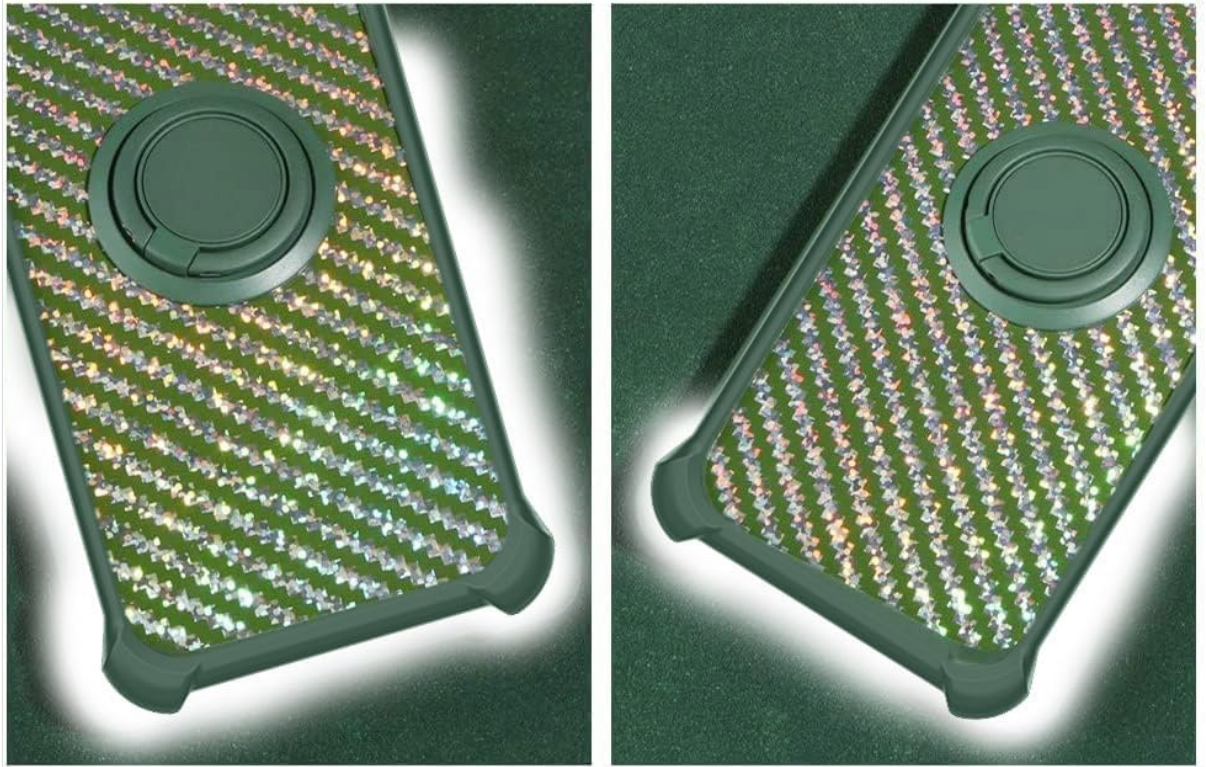

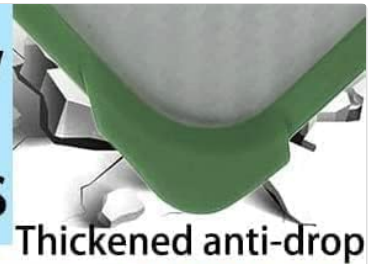

Image: The phone case's integrated magnetic feature allows it to attach directly to a magnetic car mount (car mount not included).

Tempered Glass Screen Protector Features

The included tempered glass screen protector offers robust protection for your phone's display. Key features include:

- **9H High Hardness:** Provides superior scratch resistance against sharp objects.
- **Shatterproof:** Designed to resist shattering into sharp pieces upon impact.
- **99.9% Super Transparency:** Maintains original screen clarity and brightness.
- **Perfect Adhesion:** Ensures a smooth, bubble-free application.
- **Case Friendly:** Designed to fit seamlessly with most phone cases, including the bojiorderf case.
- **Anti-fingerprint:** Features an oleophobic coating to reduce smudges and fingerprints.

Scratch Proof

Scratch proof screen effectively avoids sharp objects scratching or abrasion

CARE AND MAINTENANCE

To keep your phone case and screen protector in optimal condition:

- **Cleaning the Case:** Wipe the phone case regularly with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing and air drying. Avoid harsh chemicals or abrasive materials.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently wipe the screen protector. For smudges, a screen cleaner spray designed for electronics can be applied to the cloth (not directly to the screen) and then used to clean.
- **Avoid Extreme Temperatures:** Do not expose the case or screen protector to extreme heat or cold, as this may affect their material integrity.
- **Handle with Care:** While durable, avoid unnecessary drops or impacts to prolong the life of both the case and screen protector.

TROUBLESHOOTING

- **Screen Protector Bubbles:** If bubbles appear after installation, gently lift the nearest edge of the protector and reapply, pushing the bubble out with a soft cloth. Small bubbles often disappear within 24-48 hours.

- **Ring Holder Stiffness:** If the ring holder feels stiff, gently rotate it a few times to loosen the mechanism. Avoid forcing it beyond its intended range of motion.
- **Magnetic Car Mount Adhesion Issues:** Ensure your magnetic car mount is clean and free of dust. The case's metal plate should make direct contact with the magnet for optimal adhesion.
- **Case Fit Issues:** Double-check that your phone model is Brondi Amico VERO 4G. If the case does not fit, ensure it is correctly aligned and pressed firmly into place.

PRODUCT SPECIFICATIONS

Feature	Detail
Product Dimensions	0.39 x 0.39 x 0.39 inches
Item Weight	2.46 ounces
Special Features	360 Rotating Ring, Car Magnetic Fixing, Finger ring + support + car bracket magnetic suction
Other Display Features	Wireless (Note: Case does not support wireless charging)
