## Trueque B0F5GQLDH6

# Trueque Wireless RGB Backlit Keyboard and Mouse Combo Instruction Manual

Model: B0F5GQLDH6

## INTRODUCTION

---

Thank you for choosing the Trueque Wireless Keyboard and Mouse Combo. This full-size set features vibrant RGB backlighting, light-up keycaps, and a comfortable, quiet typing experience. Designed for versatility, it offers a 2.4GHz wireless connection and dual-system layout compatibility for both Mac and Windows devices. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance.

## SETUP INSTRUCTIONS

---

- 1. Unpack Components:** Carefully remove the keyboard, mouse, USB receiver, and USB-C charging cable from the packaging.
- 2. Locate USB Receiver:** The USB receiver is typically stored in a compartment on the underside of the mouse. Remove it before use.
- 3. Connect Receiver:** Plug the 2.4GHz USB receiver into an available USB-A port on your computer. If your computer only has USB-C ports, use the provided USB-A to Type-C adapter.
- 4. Power On:** Locate the ON/OFF switches on the underside of both the keyboard and the mouse. Slide them to the "ON" position.
- 5. System Compatibility:** The keyboard supports dual Mac and Windows layouts. Switch between layouts by pressing the dedicated "WIN" or "MAC" key. The corresponding indicator light (WIN/Num or MAC/Caps) will turn green to confirm the active layout.
- 6. Initial Charge:** For optimal performance, it is recommended to fully charge both the keyboard and mouse before first use. Use the supplied USB-C charging cable.

# 2 IN 1 MAC OS & WINDOWS LAYOUT

**WINDOWS:** Press **WIN** Key  
Activate: **Win, Alt, Num Lock**  
The WIN/Num light will turn green

**MAC OS:** Press **OS** Key  
Activate: **option, cmd, clear**  
The MAC/Caps light will turn green

## OPERATING INSTRUCTIONS

### Keyboard Functions:

- **RGB Backlight:** The keyboard features a rainbow color backlight with 3 adjustable brightness levels. Press **Fn + Shift** to cycle through brightness levels or turn the backlight ON/OFF.
- **Comfortable Typing:** The keyboard is designed with low-profile, crater-mechanism keys for soft, quiet typing.

Foldable stands on the underside allow for a 15-degree tilt angle to reduce wrist pressure.

- **Indicator Lights:** The keyboard includes indicator lights for Power, Mac, Caps Lock, Win, and Num Lock.

# 3 LEVELS ADJUSTABLE BRIGHTNESS

**Fn** +  **Shift**

Turn **ON/OFF** Backlight &  
**Adjust** Brightness (3 Level)

## Mouse Functions:

- **RGB Lighting Effects:** The mouse features 15 switchable lighting effects. A button on the underside allows you to cycle through these effects.
- **Adjustable DPI:** The mouse offers 3 DPI levels (1000, 1500, 2000) for adjustable sensitivity. Use the DPI button to switch between settings.
- **Quiet Click:** The mouse is designed for quiet operation, minimizing click noise.

# 15 LIGHTING MODES

6 Colors, 15 Effects

## MAINTENANCE

- **Charging:** Both the keyboard and mouse are rechargeable via the supplied USB-C cable. Connect the cable to the respective charging ports.

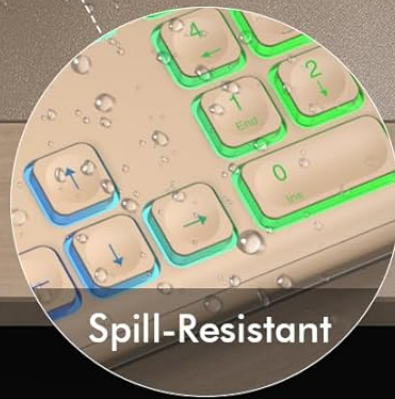

- **Battery Life:** The devices feature a smart auto-sleep function to conserve power. The keyboard enters sleep mode after 30 minutes of inactivity, and the mouse after 90 seconds. Simply type or click any key to wake them up.
- **Power Switches:** Use the ON/OFF switches on both devices to manually save power when not in use for extended periods.
- **Cleaning:** The keyboard is designed to be spill-resistant. For general cleaning, use a soft, dry cloth. Avoid harsh chemicals or abrasive materials.
