### **Lyromix Lyromix 25 series outdoor dog kennel**

# **Lyromix 10x20FT Large Outdoor Dog Kennel with Roof Instruction Manual**

Model: Lyromix 25 series outdoor dog kennel

Brand: Lyromix

## **1. INTRODUCTION**

This manual provides detailed instructions for the assembly, usage, and maintenance of your Lyromix 10x20FT Large Outdoor Dog Kennel with Roof. This product is designed to offer a secure and spacious outdoor environment for your dogs to play and rest. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## **2. SAFETY INFORMATION**

- Ensure all components are securely fastened during assembly to prevent collapse or injury.
- Regularly inspect the kennel for any signs of wear, damage, or loose parts. Tighten connections as needed.
- Do not allow children to play unsupervised near or inside the kennel.
- Position the kennel on a level surface to ensure stability.
- In extreme weather conditions (heavy snow, strong winds), consider additional anchoring or temporary disassembly to prevent damage.
- Always ensure the gate is properly latched to prevent pets from escaping.

## **3. PACKAGE CONTENTS**

Your Lyromix 10x20FT Large Outdoor Dog Kennel is shipped as a completely unassembled DIY kit, typically in two separate packages. These packages may arrive at different times. Please verify all components against the detailed parts list provided in the physical instruction manual included with your product before beginning assembly.

Key components include:

- Galvanized heavy-duty iron pipes (1.2" diameter) for the frame.
- Chain link fencing with reinforced net rods.

- Waterproof, dustproof, and UV-resistant PVC roof cover.
- Secure lock mechanism for the gate.
- Necessary connectors and fasteners.

## Product Size

Figure 3.1: Product dimensions and packaging information. The kennel measures approximately 19.69FT (240 inches) in length, 9.84FT (120 inches) in width, and 7.3FT (84 inches) in height. It is shipped in two boxes.

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Lyromix dog kennel requires careful attention to detail. Refer to the comprehensive installation instructions provided within your product packaging for step-by-step guidance. The following points highlight critical aspects of the assembly process:

1. **Frame Assembly:** Construct the main frame using the 1.2" sturdy galvanized iron pipes. Ensure all connections are tight and stable. The design incorporates reinforced side support bars for enhanced stability.
2. **Chain Link Installation:** Attach the chain link fencing to the frame. It is crucial to tighten the net as much as possible during installation to prevent sagging and ensure a secure enclosure. The reinforced net rods should be inserted along the edges of the net to reduce spreading and maintain integrity.
3. **Gate Installation:** Install the gate, ensuring the secure lock mechanism aligns and functions correctly.

**4. Roof Cover Placement:** Position the thickened, waterproof, dustproof, and UV-resistant PVC cover over the frame. Ensure it is securely fastened to provide full wrap protection against various weather conditions.

## 1.2" Sturdy Tube

Thicker Tubes, Stronger Protection

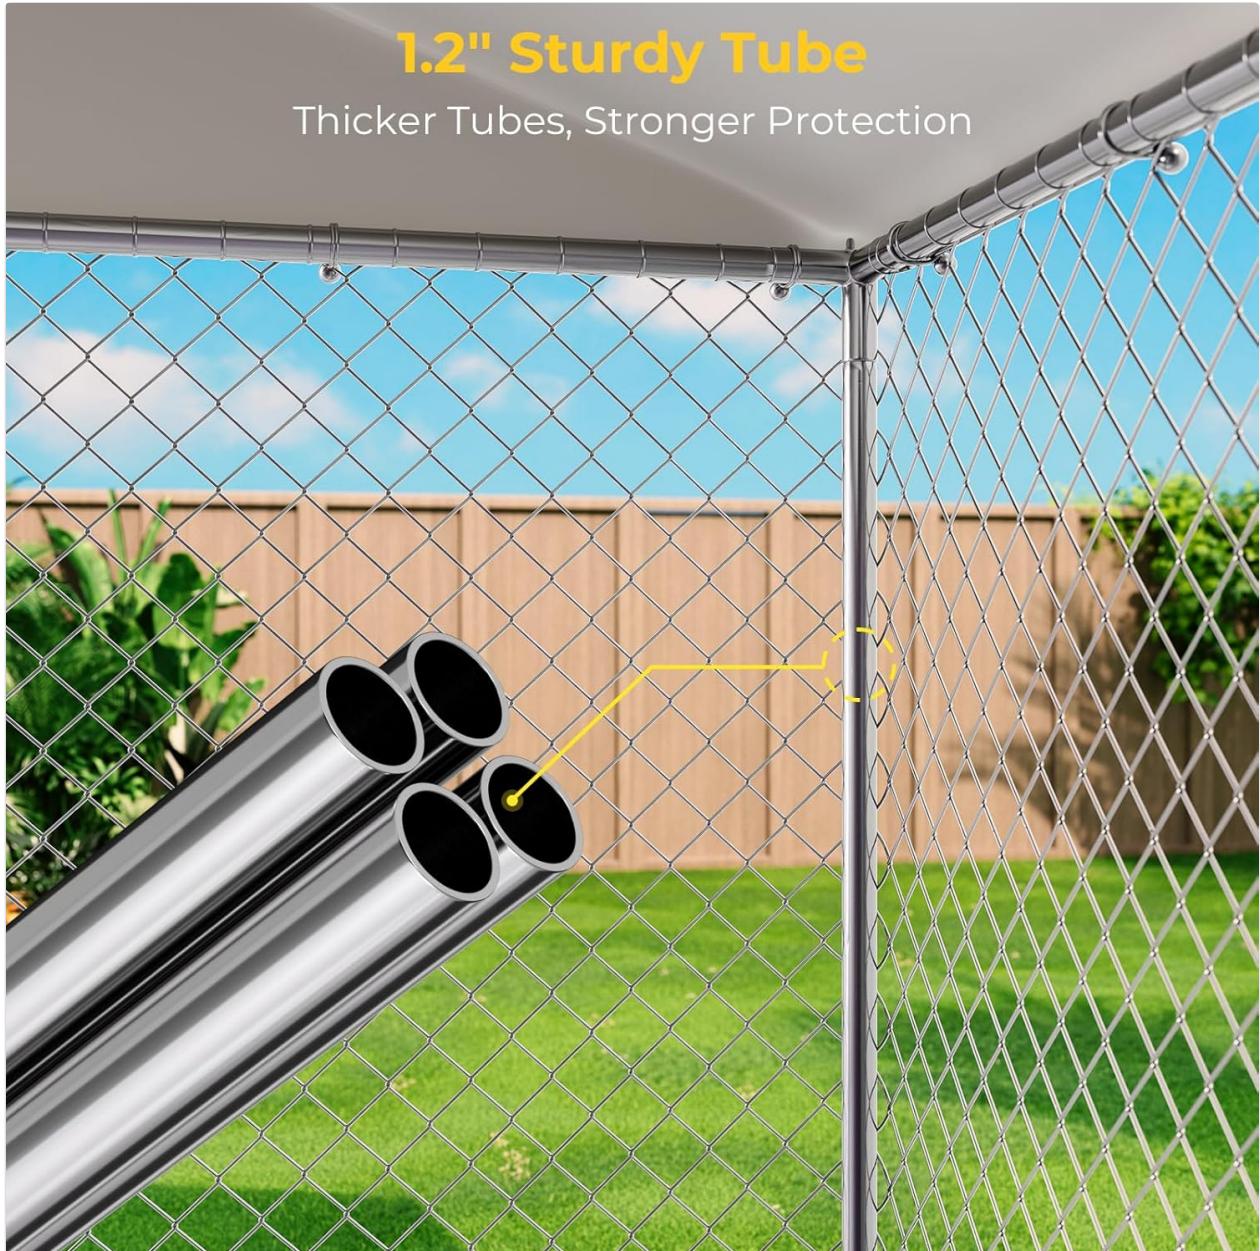

Figure 4.2: Detail of the 1.2-inch sturdy galvanized tubes, which contribute to the kennel's robust construction.

Figure 4.3: Illustration of the fully enclosed edges and reinforced net rods, designed to prevent the net from spreading.

## 5. USAGE AND OPERATION

Once assembled, the Lyromix dog kennel provides a spacious and secure area for your pets. The secure lock on the gate ensures your dogs remain safely contained. This large enclosure allows ample room for dogs to play, run, and exercise, reducing confinement.

Figure 5.2: Dogs enjoying the spacious interior of the Lyromix outdoor kennel.

## 6. MAINTENANCE

---

To ensure the longevity and continued safety of your Lyromix dog kennel, regular maintenance is recommended:

- **Cleaning:** Periodically clean the kennel frame and chain link with mild soap and water. Rinse thoroughly. The PVC roof cover can be wiped clean with a damp cloth.
- **Inspection:** Regularly check all bolts, screws, and connections to ensure they remain tight. Inspect the chain link for any damage or weak points.
- **Roof Care:** The upgraded weather-resistant roof is designed to be waterproof, dustproof, and UV-resistant. Ensure it remains securely attached, especially before and after adverse weather conditions, to provide optimal protection.

Figure 6.1: The kennel's roof provides protection against various weather elements including rain, sun, wind, and snow.

## 7. TROUBLESHOOTING

If you encounter issues with your Lyromix dog kennel, consider the following:

- **Loose Fencing:** If the chain link appears loose or floppy, re-examine the installation steps. Ensure the net was tightened as much as possible during assembly and that all reinforced net rods are correctly in place.
- **Gate Alignment:** If the gate lock does not align, check the frame assembly for squareness. Minor adjustments to the frame or gate hinges may be necessary.
- **Roof Sagging/Damage:** Ensure the roof cover is taut and properly secured to the frame. In areas prone to heavy snow or strong winds, regularly clear snow from the roof and consider additional reinforcement or temporary removal of the cover during severe weather to prevent structural damage.
- **Missing Parts:** As the product ships in two packages, ensure both have arrived. If parts are genuinely missing, contact customer support.

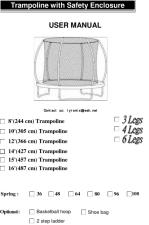

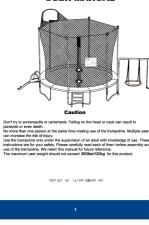

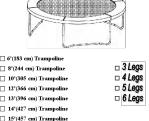

## 8. SPECIFICATIONS

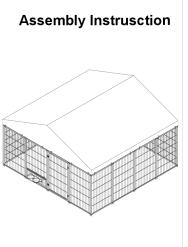

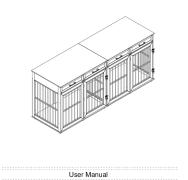

Feature	Detail
Model Name	Lyromix 25 series outdoor dog kennel
Dimensions (L x W x H)	240.0" L x 120.0" W x 84.0" H (10FT x 20FT x 7FT)
