Lionelo LEO

LIONELO LEO Stroller Hammock Instruction Manual

Model: LEO (LO-LEO GREY GRAPHITE)

1. PRODUCT OVERVIEW

The Lionelo Leo Stroller Hammock is a practical, lightweight, and compact accessory designed for parents with two children. It serves as an alternative to a traditional stroller board or a bulky double stroller, providing a comfortable and ergonomic resting place for an older child during walks.

This hammock is suitable for children aged 1.5 to 5 years, with a maximum weight capacity of 18 kg. It features a universal design that allows it to adapt to most stroller models available on the market, attaching securely with four hooks without the need for tools. Made from 100% breathable and hypoallergenic cotton, it is soft on a child's skin and easy to maintain. For convenience, it includes an integrated outer pocket for small items.

2. SAFETY INFORMATION

- Always supervise your child when they are using the stroller hammock.
- Ensure the hammock is securely attached to the stroller frame using all four hooks before placing a child in it.
- Do not exceed the maximum weight capacity of 18 kg (approximately 5 years of age).
- Regularly check the attachment points and the hammock for any signs of wear or damage. Discontinue use if any damage is found.
- Do not modify the product in any way, as this may compromise its safety.
- Keep packaging materials away from children to prevent suffocation hazards.

3. PACKAGE CONTENTS

Please verify that all components are present in the package:

- 1x Lionelo Leo Stroller Hammock
- 4x Universal Attachment Hooks/Straps

4. SETUP AND INSTALLATION

The Lionelo Leo Stroller Hammock is designed for easy, tool-free installation on most stroller models.

- 1. Identify Attachment Points:** Locate suitable, sturdy points on your stroller's frame or handlebar where the four attachment hooks can be securely fastened. These points should allow the hammock to hang evenly and provide adequate space for your child.
- 2. Attach the Hooks:** Secure each of the four provided hooks to the chosen attachment points on the stroller. Ensure the hooks are firmly closed and cannot accidentally detach.
- 3. Connect the Hammock:** Clip the hammock's straps to the attached hooks. Make sure all four straps are connected and the hammock is hanging level.
- 4. Verify Stability:** Before placing your child in the hammock, gently press down on it to ensure it is stable and securely attached to the stroller. Check that there is no excessive swaying or risk of detachment.

5. OPERATING INSTRUCTIONS

Once the hammock is securely installed, it is ready for use.

- **Placing Your Child:** Gently place your child into the hammock. Ensure they are positioned comfortably and securely. The hammock provides an ergonomic lying position and a soothing swing motion.
- **Using the Integrated Pocket:** The hammock features a practical outer pocket. Use this pocket to store small essentials such as snacks, tissues, keys, or a mobile phone, keeping them easily accessible during your walk.
- **Folding for Storage:** When not in use, the hammock can be easily detached and folded into a compact size. This allows for convenient storage in a backpack, handbag, or the stroller's basket.

6. MAINTENANCE AND CARE

To ensure the longevity and hygiene of your Lionelo Leo Stroller Hammock, follow these care instructions:

- **Washing:** The hammock is made from 100% cotton and can be machine washed. Use a gentle cycle with cold water (30°C).
- **Drying:** Air dry the hammock flat or hang it. Do not tumble dry, bleach, or iron, as this may damage the fabric and its structure.
- **Storage:** Store the hammock in a clean, dry place away from direct sunlight when not in use.

7. TROUBLESHOOTING

- **Hammock does not fit my stroller:** The Lionelo Leo Stroller Hammock features a universal design. However, if it does not seem to fit your specific stroller model, double-check the attachment points on your stroller frame. Ensure there is sufficient space and structural integrity for secure attachment.
- **Hammock feels unstable:** Re-examine all four attachment points and hooks. Ensure they are securely fastened and the hammock is evenly distributed. The hammock should not sway excessively or feel loose. If instability persists, discontinue use and contact customer support.

8. SPECIFICATIONS

Brand	Lionelo
