KAFF HBR 804A

KAFF Built-in Hob User Manual

MODEL: HBR 804A

Introduction

Thank you for choosing the KAFF HBR 804A Built-in Hob. This manual provides essential information for the safe and efficient installation, operation, and maintenance of your new appliance. Please read these instructions carefully before using the hob and retain them for future reference.

The KAFF HBR 804A is an 80 CM built-in hob featuring four high-efficiency brass burners, an 8 mm thick tempered glass top, and automatic electric ignition. It is designed for modern kitchens, offering both performance and aesthetic appeal.

Safety Instructions

Important: Read all instructions before using the appliance to prevent injury or damage.

- Ensure proper ventilation in the kitchen area during operation.
- This appliance is intended for domestic use only.
- Do not leave the hob unattended while cooking.
- Keep children away from the appliance during operation and when it is cooling down.
- Do not store flammable materials near the hob.
- Ensure the electrical supply is properly grounded and matches the specifications of the appliance.
- Do not use abrasive cleaners or sharp objects on the glass surface.
- In case of a gas leak, immediately turn off the gas supply, open windows, and do not operate any electrical switches.
- Always use appropriate cookware for the burner size.

Included Components

The following items are included in the product packaging:

- 1x KAFF HBR 804A Built-in Hob
- 1x Instruction Manual
- 1x Warranty Card

Specifications

Feature	Specification
Brand	KAFF
Model Number	HBR 804A
Type	Built-in Hob
Size	80 CM
Burners	4 Brass Burners (2 Triple Ring, 2 Dual Ring)
Ignition Type	Automatic Electric Ignition
Glass Type	8 mm Bevelled Black Tempered Glass
Pan Support	Matt Enameled Pan Support
Drip Tray	Stainless Steel
Knobs	Ergonomic Easy Grip Metal Knobs
Inner Cutting Size	685 × 475 mm
Outer Size	800 × 525 mm
Item Weight	12 Kilograms

Installation and Setup

- Installation should be performed by a qualified technician in accordance with local regulations and safety standards.
- Prepare the Countertop:** Ensure the countertop opening matches the inner cutting size of 685 mm x 475 mm. The surrounding area should be clean and free of debris.
 - Position the Hob:** Carefully lower the built-in hob into the prepared opening. Ensure it sits flush with the countertop surface.
 - Connect Gas Supply:** Connect the hob to the gas supply using a certified flexible hose and appropriate fittings. Check for leaks using a soapy water solution. **Do not use an open flame to check for leaks.**
 - Connect Electrical Supply:** Plug the hob's power cord into a properly grounded electrical outlet. This powers the automatic electric ignition.
 - Install Burner Components:** Place the burner caps and pan supports onto their respective burners. Ensure they are seated correctly.

An image showing the KAFF HBR 804A built-in hob with four brass burners and a black tempered glass surface, illustrating the installed product.

Operating Instructions

1. **Before First Use:** Clean the hob surface and burner components with a damp cloth. Ensure all packaging materials are removed.
2. **Igniting a Burner:**
 - Push down the desired burner knob and turn it counter-clockwise to the maximum flame position (large flame symbol).
 - The automatic electric ignition will activate, producing a spark.
 - Once the flame ignites, hold the knob down for a few seconds to allow the thermocouple to heat up. Release the knob.
 - If the flame extinguishes, repeat the process.
3. **Adjusting the Flame:** After ignition, turn the knob to adjust the flame size. Turn clockwise for a smaller flame (small flame symbol) and counter-clockwise for a larger flame.
4. **Turning Off a Burner:** Turn the knob clockwise until it clicks into the 'OFF' position (dot symbol). Ensure the flame is completely extinguished.
5. **Using Cookware:** Use flat-bottomed cookware appropriate for the burner size. Ensure the flame does not extend beyond the base of the pan.

Care and Maintenance

Regular cleaning and maintenance will ensure the longevity and optimal performance of your hob.

- **Daily Cleaning:** After each use, allow the hob to cool completely. Wipe the glass surface with a soft cloth and a mild detergent. For stubborn stains, use a non-abrasive glass cleaner.
- **Burner Components:** Remove the pan supports, burner caps, and burner rings. Wash them with warm soapy water. Ensure they are completely dry before reassembling.
- **Ignition Plugs:** Keep the ignition plugs clean and dry to ensure reliable ignition. Use a small brush if necessary to remove any food residue.
- **Stainless Steel Drip Tray:** Clean the drip tray regularly to prevent accumulation of spills and food particles.
- **Avoid Abrasives:** Do not use abrasive sponges, scouring pads, or harsh chemical cleaners as they can damage the glass and metal surfaces.

Troubleshooting

Before contacting customer service, please refer to the following table for common issues and their solutions.

Problem	Possible Cause	Solution
Burner does not ignite.	No electrical supply; ignition plug dirty/wet; gas supply off; burner components incorrectly placed.	Check power connection; clean and dry ignition plug; ensure gas valve is open; correctly position burner caps and rings.
Flame extinguishes after releasing knob.	Thermocouple not heated sufficiently; thermocouple dirty or faulty.	Hold knob down longer (5-10 seconds) after ignition; clean thermocouple; if issue persists, contact service.
Irregular or yellow flame.	Burner ports clogged; incorrect gas pressure.	Clean burner ports; contact a qualified technician to check gas pressure.
Gas smell.	Gas leak.	Immediately turn off gas supply, open windows, do not operate electrical switches, and contact emergency services or a qualified technician.

Warranty and Support

Your KAFF HBR 804A Built-in Hob comes with a manufacturer's warranty:

- **2 Years Warranty:** Covers Glass, Ignition Wire, Switch, Bypass & Generator.
- **5 Years Warranty:** Covers Burners.

Please retain your purchase receipt and warranty card for any warranty claims. For technical support, service requests, or further inquiries, please contact KAFF customer service.
