Operating Instructions (Display and Handling)

This building block set is designed as a static display model. No operational functions are included.

Display Recommendations

- Place the assembled model on a stable, flat surface to prevent accidental falls.
- Avoid direct sunlight or extreme temperatures, which can affect the plastic material over time.
- Keep away from high-traffic areas where it might be easily knocked over.

Handling Guidelines

- When moving the model, support it from the base to maintain structural integrity.
- Avoid applying excessive force to individual parts, as this may cause them to detach.

Maintenance

Proper maintenance will help preserve the appearance and integrity of your building block model.

Cleaning

- Gently dust the model regularly with a soft, dry cloth or a soft brush.
- For more stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and wipe carefully. Ensure no water seeps into crevices.
- Allow the model to air dry completely before returning it to display.

Storage

- If disassembling for storage, keep all parts organized in a sealed container to prevent loss.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

Should you encounter any issues during assembly or with your completed model, refer to the following common solutions.

Common Issues

- **Missing Parts:** Double-check the packaging and your workspace. If parts are genuinely missing, contact customer support with details of the missing components.
- **Difficulty Connecting Parts:** Ensure you are using the correct pieces as indicated in the instructions. Apply firm, even pressure. If a piece does not fit, do not force it, as this may cause damage.
- **Model Instability:** Review previous assembly steps to ensure all connections are secure and parts are correctly oriented.
