Chu Wen Sheng-940 Portable Teapot Set Instruction Manual

MODEL: CHU WEN SHENGH 940

Product Overview

The Chu Wen Sheng-940 Portable Teapot Set is designed for convenience and elegance, perfect for home, gifting, outdoor use, and office settings. This Gongfu tea set includes a teapot, one main cup, and two additional cups, making it a versatile solution for enjoying tea on the go or in a compact space. Crafted from high-quality ceramic, it offers a fine texture and practical design.

Initial Setup

Unpacking

- Carefully remove all components from the packaging.
- Verify that all parts are present: one teapot, one main cup, two additional cups, and a carrying case/handle.
- Inspect all items for any signs of damage during transit.

First Use Preparation

- Before first use, wash all ceramic components (teapot and cups) thoroughly with warm water and a mild dish soap.
- Rinse all parts completely to remove any soap residue.
- Dry all components with a soft cloth or allow them to air dry completely.

Image: The portable teapot set neatly packed with its protective case, ready for travel.

Operating Instructions

Brewing Tea

1. **Heat Water:** Heat water to the appropriate temperature for your chosen tea type.
2. **Add Tea Leaves:** Place your desired amount of tea leaves into the teapot.
3. **First Rinse (Optional):** Pour a small amount of hot water over the tea leaves, swirl briefly, and discard the water. This helps to awaken the tea leaves and rinse away any dust.
4. **Brewing:** Pour hot water into the teapot, ensuring the leaves are fully submerged. Place the lid on the teapot.
5. **Steep:** Allow the tea to steep for the recommended time. Steeping times vary by tea type (e.g., green tea: 30-60 seconds, black tea: 1-3 minutes).
6. **Serve:** Pour the brewed tea from the teapot into the individual cups. Enjoy your tea.
7. **Multiple Infusions:** This Gongfu tea set is designed for multiple infusions. Re-steep the tea leaves by adding more

hot water and adjusting steeping times as desired.

Care and Maintenance

Cleaning

- **Hand Wash Only:** All ceramic components should be hand washed. Use warm water and a soft sponge with mild dish soap.
- **Avoid Abrasives:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the ceramic surface and decorative patterns.
- **Rinse Thoroughly:** Ensure all soap residue is rinsed off completely.
- **Drying:** Dry immediately with a soft, lint-free cloth to prevent water spots, or allow to air dry completely before storing.
- **Microwave Safe:** The ceramic components are microwave safe.

Storage

- Store the teapot set in its protective carrying case when not in use, especially for travel, to prevent damage.
- Keep in a dry place away from direct sunlight and extreme temperatures.

Troubleshooting

This section addresses common questions and minor issues you might encounter.

Issue	Possible Cause	Solution
Tea tastes weak or bland.	Insufficient tea leaves, water not hot enough, or steeping time too short.	Increase tea leaf quantity, ensure water is at correct temperature, or extend steeping time.
Tea tastes bitter.	Over-steeping, water too hot for delicate teas, or too many tea leaves.	Reduce steeping time, use cooler water for green/white teas, or decrease tea leaf quantity.
Stains inside teapot/cups.	Tea residue buildup.	Clean immediately after use. For stubborn stains, use a paste of baking soda and water, gently scrub, then rinse thoroughly.

Product Specifications

Feature	Detail
Brand	enttgo
Model Number	Chu Wen ShengH 940
Color	Black (Note: Product description mentions Pink, actual color may vary by variant)
