LUXFURNI JOYCE6XG

LUXFURNI Standing Jewelry Armoire Cabinet User Manual

Model: JOYCE6XG | Brand: LUXFURNI

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your LUXFURNI Standing Jewelry Armoire Cabinet. This cabinet features a full-length mirror with 3-color LED lights, adjustable tilt angles, and extensive storage for various jewelry and accessories. Please read this manual thoroughly before use to ensure proper function and longevity of your product.

1. SETUP AND ASSEMBLY

1.1 Unpacking

- Carefully remove all components from the packaging.
- Verify all parts are present against the included parts list (not provided in this manual, refer to packaging).
- Keep packaging materials until assembly is complete in case of return or transport.

1.2 Assembling the Stand

The jewelry armoire cabinet requires assembly of its standing base. Follow the instructions provided with your product for specific steps. Ensure all screws and fasteners are securely tightened for stability.

Compact Design, Surprising Capacity

1.3 Powering the LED Lights

The cabinet's LED lights are powered via a USB connection. Locate the 1.5-meter USB cable and the 5V/2A power adapter. Connect the USB cable to the cabinet and then to the power adapter. Plug the adapter into a standard wall outlet.

1.4 Adjusting Tilt Angles

The mirror can be adjusted to three different tilt angles (95°, 110°, 115°) to suit various user heights and preferences. Gently tilt the mirror to the desired angle until it locks into place. Ensure the cabinet is stable after adjustment.

3 Angles Suitable for any height

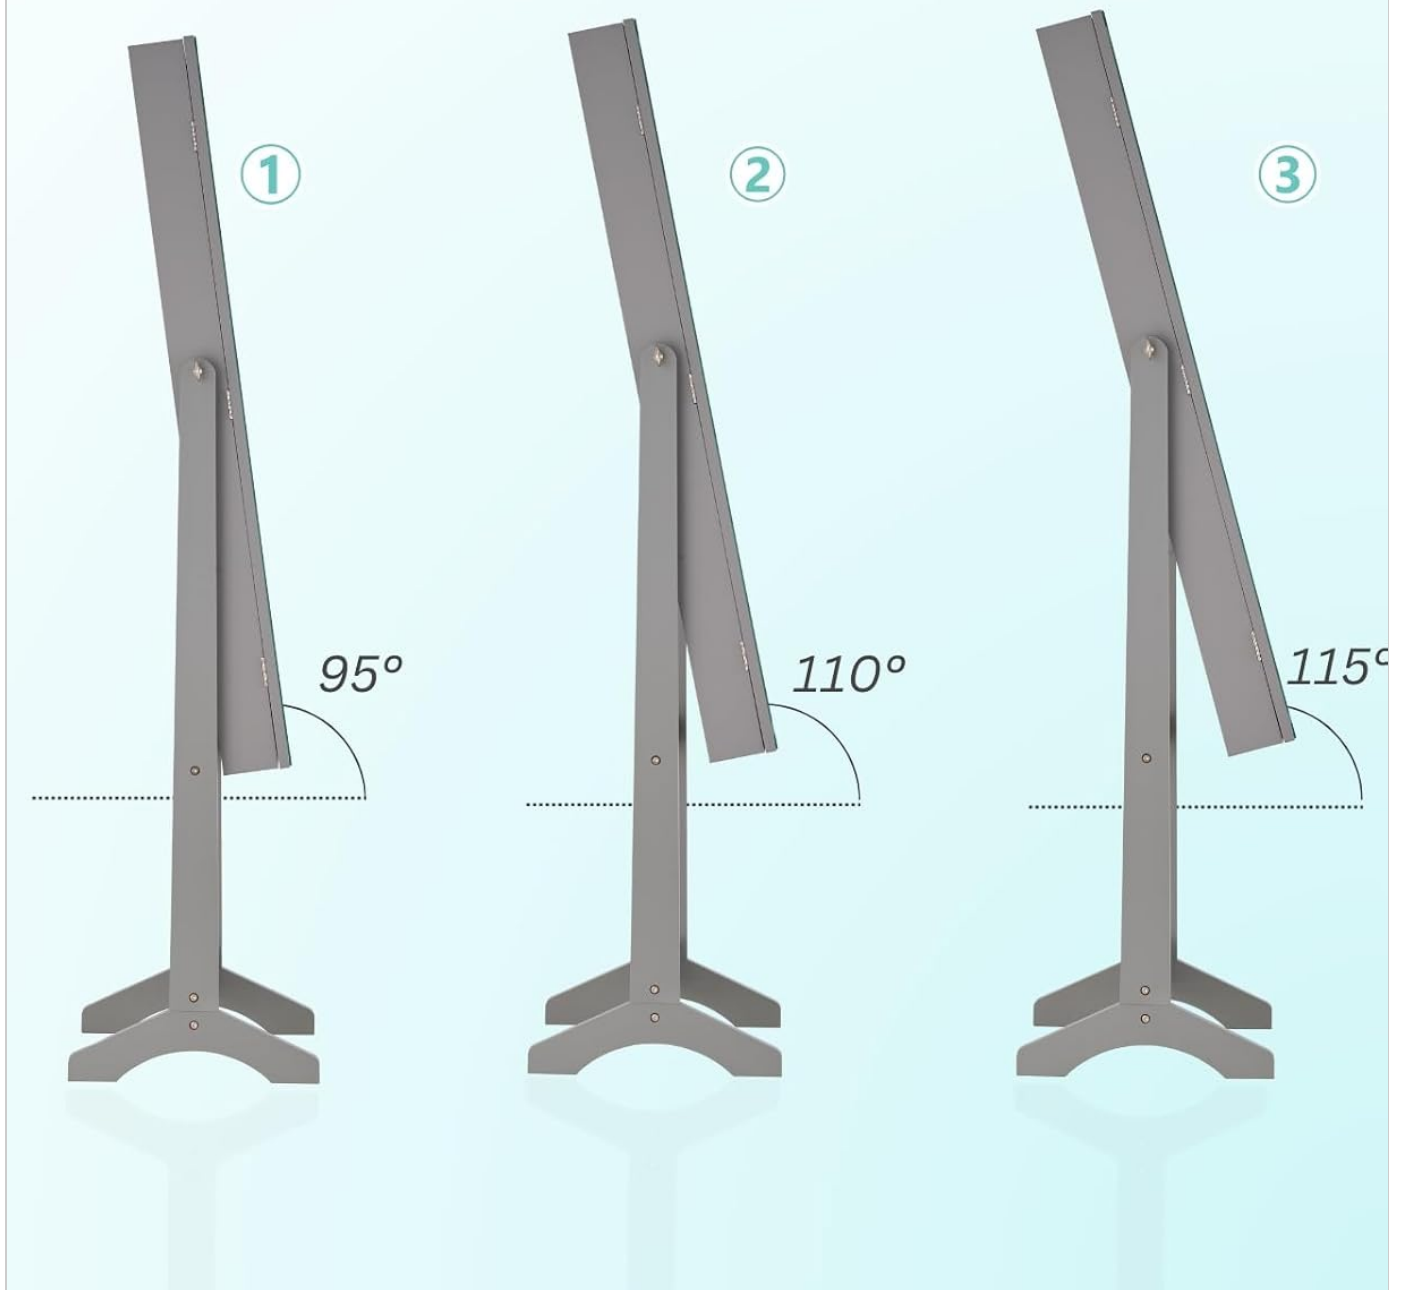

Image: A diagram illustrating the three adjustable tilt angles (95°, 110°, 115°) of the jewelry armoire, demonstrating its flexibility for different users.

2. OPERATION

2.1 Using the LED Lights

The full-length mirror features integrated LED lights with three color temperatures and four brightness settings. Tap the touch controls on the mirror surface to cycle through the color modes (Cool Light, Neutral Light, Warm Light) and adjust

brightness levels. This allows you to select ideal lighting for various occasions or makeup application.

2.2 Organizing Jewelry and Accessories

The interior of the armoire is designed for comprehensive jewelry storage. Utilize the various compartments:

- **Earring Hooks:** For hanging various types of earrings.

- **Ring Slots:** Padded slots to secure rings.
- **Necklace Hooks:** For hanging necklaces and preventing tangles.
- **Brush Holders:** Detachable holders for makeup brushes or other slender items.
- **Bangle Knobs:** For bracelets and bangles.
- **Storage Drawers:** Two washable drawers for smaller items or cosmetics.
- **Shelves:** Multiple shelves for perfumes, lotions, or other accessories.

100 Earring Hooks

98 Ring Slot

24 Necklace Hooks

3 Brush Holders

2 Bangle Knobs

2 Storage Drawers

bangles, and additional storage drawers.

2.3 Locking Mechanism

The cabinet features a lockable design to secure your valuables. Use the provided key to lock and unlock the armoire door. Ensure the door is fully closed before attempting to lock it.

3. MAINTENANCE

3.1 Cleaning the Mirror and Exterior

- Use a soft, lint-free cloth and a non-abrasive glass cleaner for the mirror surface.
- For the cabinet exterior, wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- Ensure the USB power adapter is unplugged before cleaning the mirror or cabinet.

3.2 Interior Care

- The velvet lining helps protect your jewelry. Gently dust with a soft brush or vacuum with a low-power attachment.
- The storage drawers are washable. Remove them from the cabinet and clean with mild soap and water, then dry thoroughly before returning.

4. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED lights do not turn on.	USB cable not connected or power adapter unplugged. Faulty power source.	Ensure the USB cable is securely connected to both the cabinet and the power adapter. Verify the power adapter is plugged into a working wall outlet. Try a different USB port or power adapter if available.
Mirror tilt does not hold position.	Adjustment mechanism not properly engaged or loose.	Ensure the mirror is tilted firmly into one of the three designated angle positions until it clicks or feels secure. Check for any loose screws on the tilt mechanism.
Cabinet door does not lock.	Door not fully closed. Key not inserted correctly.	Push the cabinet door firmly shut until it is flush with the frame. Insert the key fully and turn gently. Do not force the key.

5. SPECIFICATIONS
