Tsomtto MF-900

Tsomtto MF-900 Dinosaur Monster Truck Toys User Manual

Model: MF-900 | Brand: Tsomtto

1. INTRODUCTION

Welcome to the Tsomtto Dinosaur Monster Truck Toys user manual. This set includes three vibrant dinosaur-themed monster trucks designed for toddlers aged 1-5 years. These toys feature an engaging press-and-go mechanism, color-changing LED wheels, and realistic chomping mouth action to provide an interactive play experience. Constructed from durable, non-toxic ABS plastic, these toys are built for safe and lasting fun.

2. PRODUCT FEATURES

- Press-and-Go Mechanism:** Simply press down on the dinosaur's body to store energy, then release to watch the truck dash forward.
- LED Wheels:** Each truck features four wheels with bright, eye-friendly, color-changing LED lights. An on/off switch is located at the front for easy control.
- Realistic Dinosaur Action:** As the trucks roll, their mouths move in a realistic chomping motion, enhancing imaginative play.
- Durable Construction:** Made from thickened, non-toxic, BPA-free ABS plastic with polished, smooth edges for safety and longevity.
- Educational Benefits:** Promotes sensory skills, imagination, cognitive development, and fine motor skills through interactive play.

3. WHAT'S INCLUDED

Your Tsomtto MF-900 package includes:

- 3 Pack Monster Truck Toys Dinosaur Cars for Toddlers (Tyrannosaurus Rex, Triceratops, Velociraptor designs)

4. SAFETY INFORMATION

- **Choking Hazard:** Contains small parts. Not suitable for children under 18 months. Adult supervision is recommended during play.
- Ensure toys are used on appropriate surfaces to prevent damage or injury.
- Keep away from open flames or extreme heat.

5. SETUP

1. **Unpacking:** Carefully remove the dinosaur monster trucks from their packaging.
2. **LED Lights Activation:** Locate the small switch at the front of each dinosaur truck. Slide the switch to the 'ON' position to activate the color-changing LED lights in the wheels. If the lights do not turn on, check the batteries (see Maintenance section).
3. The toys are ready for play directly out of the box. No assembly is required.

6. OPERATING INSTRUCTIONS

1. **Press-and-Go Action:** Place the dinosaur truck on a flat, hard surface. Gently press down on the top of the dinosaur's body. This action loads an internal spring mechanism.

2. **Release and Dash:** Release your hand, and the truck will automatically propel forward.
3. **Mouth Movement:** As the truck moves, the dinosaur's mouth will open and close, simulating a chomping action.
4. **LED Lights:** Ensure the LED switch is in the 'ON' position for the wheels to light up during play.

These toys perform best on hard, flat surfaces such as tile, laminate, or hardwood floors. They may not move effectively on high-pile carpets.

7. MAINTENANCE

- **Cleaning:** Wipe the toys with a soft, damp cloth. Do not immerse in water.
- **Battery Replacement (for LED lights):** The LED lights are powered by small button cell batteries. To replace, locate the battery compartment on the underside of the truck, typically secured by a small screw. Use a screwdriver to open the compartment, replace the batteries with new ones of the same type, and securely close the compartment.
- **Storage:** Store the toys in a cool, dry place away from direct sunlight when not in use.

8. TROUBLESHOOTING

- **Truck not moving:** Ensure the press-and-go mechanism is fully engaged by pressing down firmly before releasing. Verify the surface is flat and hard.
- **LED lights not working:** Check if the LED switch is in the 'ON' position. If lights still do not work, the batteries may need to be replaced.
- **Mouth not chomping:** This action is synchronized with the wheels. If the wheels are not moving, the mouth will not chomp. Refer to 'Truck not moving' troubleshooting.

9. SPECIFICATIONS

Attribute	Detail
Brand	Tsomtto
Model Number	MF-900
Material Type	Plastic (Thickened ABS, Non-toxic, BPA-free)
Power Source	Manual (for movement), Battery (for LED lights)
