## Safety Information

**Important Safety Warnings:**

- Ensure proper installation with anti-tipping devices to prevent tipping.
- Do not exceed the weight capacity of 260 lbs.
- Follow assembly instructions carefully to avoid injuries during setup.
- Keep small parts away from children during assembly.
- Always use the product on a flat, stable surface.

## Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer

support.

- Cabinet panels (top, bottom, sides, back)
- 4 Drawers with slides
- 2 Sliding barn doors
- Adjustable shelves
- Hardware kit (screws, dowels, cam locks, handles, anti-tipping device)
- Assembly instructions

## Setup and Assembly

Assembly of this cabinet typically requires two people. Please follow the included step-by-step instructions carefully. An assembly video is also available for visual guidance.

Your browser does not support the video tag.

### Key Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list in your printed manual.
2. **Assemble the Main Frame:** Connect the base, side panels, and back panel according to the diagrams.
3. **Install Drawer Slides:** Attach the drawer slides to the cabinet frame and assemble the four drawers.
4. **Insert Adjustable Shelves:** Place the adjustable shelves into the side compartments at your desired height.
5. **Attach Sliding Barn Doors:** Install the top rail and hang the barn doors, ensuring they slide smoothly.
6. **Install Anti-Tipping Device:** Secure the cabinet to the wall using the provided anti-tipping hardware to prevent accidental tipping. This is a critical safety step.

## Operating Instructions

### Spacious Countertop:

The wide 59.2-inch countertop is designed to accommodate various items, including a coffee maker and other brewing equipment. Ensure items are placed stably and do not exceed the overall weight capacity.

*Image: Coffee Bar Setup. This image demonstrates the cabinet's use as a functional coffee bar.*

### Sliding Barn Doors:

The two barn doors slide horizontally along the top rail. Gently push or pull the doors by their handles to open or close the side compartments. Ensure the path is clear to prevent obstruction.

*Image: Sliding Barn Doors. This image demonstrates the sliding mechanism of the barn doors.*

**Drawers:**

The four central drawers operate on smooth slides. Pull the handles to open and push to close. Avoid forcing drawers if they feel stiff; check for obstructions.

*Image: Four Roomy Drawers. This image highlights the storage capacity of the four central drawers.*

**Adjustable Shelves:**

The shelves within the side compartments are adjustable to three different levels. To adjust, remove the shelf, reposition the shelf pins to the desired height, and then place the shelf back on the pins.

*Image: 3-Level Adjustable Shelving. This image demonstrates the flexibility of the adjustable shelves for various storage needs.*

### Weight Capacity:

The sideboard cabinet has a maximum weight capacity of 260 lbs. Distribute weight evenly across the top surface and shelves. Do not overload the cabinet or individual shelves.

## Maintenance

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Clean spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Environmental Conditions:** Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping or fading. Maintain a stable humidity level.

## Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Cabinet is wobbly or unstable. | Loose fasteners; uneven floor; anti-tipping device not installed. | Ensure all screws are tightened. Place shims under legs if floor is uneven. Install the anti-tipping device securely to a wall stud. |
| Drawers do not slide smoothly. | Drawer slides misaligned; obstruction in the track; incorrect assembly. | Check that drawer slides are correctly installed and aligned. Remove any objects obstructing the track. Refer to assembly instructions for correct drawer slide orientation. |
| Sliding doors are stiff or do not move freely. | Track obstruction; door rollers misaligned; door pins not set correctly. | Clear any debris from the sliding track. Verify that the door rollers are properly seated in the track. Ensure door pins are correctly inserted as per assembly instructions. |
| Missing parts or damaged components. | Packaging error; shipping damage. | Do not proceed with assembly. Contact HOMCOM customer support or your retailer immediately for replacement parts. |

## Specifications

| Feature | Detail |
|---|---|
| Brand | HOMCOM |
| Model Number | 83B-313V80GY |
| Color | Gray Wash |
| Product Dimensions (D x W x H) | 15.4" x 59.2" x 31.5" |
