3. PACKAGE CONTENTS

Your Merax Wood Farmhouse Hall Tree is shipped in two packages. Please verify that all components and hardware are present before beginning assembly. A complete list of parts and tools is included in the separate instruction leaflet provided within the packaging.

Included Components: Hall Tree parts, Assembly Tools.

4. SETUP AND ASSEMBLY

Assembly typically requires two people and can take approximately half a day. Follow the step-by-step instructions provided in the included assembly manual. Ensure you have ample space and a clean, soft surface to prevent damage to the furniture during assembly.

1. **Unpack and Identify Parts:** Carefully unpack both boxes and lay out all components. Refer to the parts list in your

separate instruction leaflet to identify each piece.

2. **Assemble Base Unit:** Begin by assembling the shoe storage bench section. Ensure all connections are secure.
3. **Attach Back Panels:** Secure the back panels to the main structure.
4. **Install Hooks and Shelves:** Attach the six coat hooks and install the upper storage shelves as per the diagrams.
5. **Final Connections:** Connect the upper and lower sections of the hall tree.
6. **Secure Anti-Tipping Device:** Crucially, attach the anti-tipping hardware to the back of the hall tree and secure it to a wall stud using appropriate wall anchors (not always included, depending on wall type).

6. MAINTENANCE

Proper care will ensure the longevity and appearance of your hall tree.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.

- **Dusting:** Regularly dust with a dry, soft cloth.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Avoid Moisture:** Protect the hall tree from excessive moisture and direct sunlight to prevent warping or fading.

7. TROUBLESHOOTING

Problem: Missing parts or damaged components upon delivery.

Solution: If you receive only one package or find any parts missing or damaged, do not attempt to assemble the product. Contact Merax customer support immediately with your purchase details and a list of the missing or damaged items. Refer to the contact information in Section 9.

Problem: Hall tree feels unstable after assembly.

Solution: Ensure all screws are properly tightened. Verify that the anti-tipping device is securely installed and anchored to a wall stud. If instability persists, disassemble and reassemble carefully, ensuring all steps are followed correctly.
