## SETUP

### 1. SIM Card Installation

The IOWODO Z30 requires a 4G Nano SIM card (purchased separately) for full functionality, including calls, video calls, and advanced location tracking. Ensure the SIM card is compatible with 4G networks from providers like Movistar, Orange, Vodafone, or Yoigo.

1. Turn off the smartwatch completely.
2. Locate the SIM card slot on the side of the watch.
3. Carefully insert the Nano SIM card into the slot with the metal contacts facing up, ensuring it clicks into place.
4. Close the SIM card slot cover securely to maintain water resistance.
5. Power on the smartwatch.

## 2. App Installation and Pairing

To manage the smartwatch features, download the "SeTracker2" app on your smartphone.

1. Scan the QR code provided in the watch's packaging or search for "SeTracker2" in your smartphone's app store (iOS/Android).
2. Install and open the app.
3. Register a new account following the on-screen instructions.
4. Bind the smartwatch to your account by scanning the QR code displayed on the watch screen or entering its unique registration code.
5. Once paired, you can configure settings, add contacts, and monitor the watch from your smartphone.

## 3. Initial Configuration

- **Set Time and Date:** The watch will usually synchronize automatically once connected to the network. If not, adjust it via the app.
- **Add Contacts:** Use the "SeTracker2" app to add up to 30 contacts that the watch can call or receive calls from. This ensures secure communication.
- **Set Safe Zones:** Define geographical safe zones (e.g., home, school) in the app. You will receive alerts if your child enters or exits these zones.

- **Emergency SOS Numbers:** Configure up to 3 emergency contacts in the app. These numbers will be called sequentially when the SOS button is pressed.

## OPERATING INSTRUCTIONS

### 1. Making and Receiving Calls

Once a 4G SIM card is installed and contacts are set up in the app:

- **To Make a Call:** Navigate to the 'Contacts' or 'Dial Pad' on the watch, select a contact, or dial a number, then press the call icon.
- **To Receive a Call:** When a call comes in, the watch will ring. Tap the green answer icon to accept or the red hang-up icon to reject. Only pre-approved contacts can call the watch if smart blocking is enabled.

### 2. 4G HD Video Calls

The watch supports clear 4G video calls with approved contacts.

- Navigate to the 'Video Call' function on the watch.
- Select the contact you wish to video call.

- Ensure both devices have a stable 4G connection.

## Acceso completo a red 4G, comunicación estable

Image: A child wearing the IOWODO Z30 Smartwatch, with insets showing the watch's capabilities for HD video calls, real-time voice chat, and making standard calls over a 4G network.

### 3. SOS Emergency Function

In an emergency, your child can quickly alert pre-set contacts:

- Press and hold the **SOS button** on the side of the watch for 3 seconds.
- The watch will automatically dial the 3 emergency contacts in a loop until one answers.
- An emergency notification will also be sent to the paired smartphone app.

# Llamada de emergencia SOS

En caso de emergencia, el reloj puede hacer una llamada de emergencia SOS con un clic y notificar a los contactos de emergencia

Image: Illustration of the SOS emergency call feature on the IOWODO Z30 Smartwatch, showing how pressing the SOS button initiates a call to emergency contacts and sends alerts.

## 4. Class Mode (Do Not Disturb)

To help your child focus during school hours:

- Set specific silent periods in the "SeTracker2" app.
- During these times, the watch will automatically block all incoming calls and messages, except for SOS calls.
- The watch will still display the time.

## Modo de clase

Al configurar el tiempo de bloqueo en la aplicación, los niños pueden concentrarse mejor en clase

Image: A child studying with the IOWODO Z30 Smartwatch on their wrist, displaying the 'Forbidden in class' screen, illustrating the Class Mode feature.

### 5. GPS + LBS + WiFi Positioning System

The watch uses a combination of GPS, LBS (Location Based Service), and WiFi for comprehensive real-time location tracking and historical route monitoring. This allows you to:

- View your child's current location on a map via the app.
- Review past routes taken by the watch.
- Receive alerts when your child enters or leaves pre-defined safe zones.

### 6. Camera

The integrated camera allows your child to capture photos:

- Access the 'Camera' application on the watch.
- Tap the screen to take a photo.
- Photos can be viewed on the watch or uploaded to the app.

### 7. Educational Games

The watch includes 7 educational games for entertainment and learning:

- Navigate to the 'Games' section on the watch.
- Select a game to play.

## 8. LED Flashlight

Activate the built-in LED flashlight for visibility in low-light conditions:

- Locate the flashlight icon or button on the watch interface/side.
- Tap or press to turn the flashlight on/off.

## 9. Other Features

The IOWODO Z30 also includes:

- **Pedometer:** Tracks steps taken.
- **Alarm:** Set multiple alarms for reminders.
- **Timer & Stopwatch:** For various activities.
- **Calculator:** Basic arithmetic functions.
- **Friend Function:** Allows two watches to add each other as friends (if supported by the app).

## MAINTENANCE

### 1. Charging

The watch is equipped with an 800mAh battery, providing up to 2 days of active use and 4 days of standby time. A full charge takes approximately 2 hours.

- Use the provided USB charging cable.
- Connect the magnetic end of the cable to the charging contacts on the back of the watch.
- Connect the USB end to a standard USB power adapter (not included) or a computer USB port.
- Ensure the watch is charging by checking the battery indicator on the screen.

Image: Close-up of the IOWODO Z30 Smartwatch showing a full battery icon and indicating its 800mAh high-capacity battery, magnetic charging, and up to 2 days of autonomy.

## 2. Water Resistance (IP68)

The IOWODO Z30 Smartwatch has an IP68 water resistance rating, meaning it is resistant to rain and daily splashes. However, it is **not recommended for bathing, swimming, or submersion in water**. Prolonged exposure to water or high-pressure water jets may damage the device.

Image: Illustration depicting the IOWODO Z30 Smartwatch being splashed with water, emphasizing its IP68 water resistance for rain and daily splashes.

### 3. Cleaning

- Wipe the watch and strap with a soft, damp cloth.
- Do not use harsh chemicals or abrasive cleaners.
- Ensure the charging contacts are clean and dry before charging.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Watch does not turn on	Low battery; Power button not pressed long enough	Charge the watch for at least 30 minutes. Press and hold the power button for 5-10 seconds.
No network signal / Cannot make calls	SIM card not inserted correctly; SIM card not activated; No 4G coverage; Incorrect APN settings	Reinsert SIM card. Contact your SIM provider to ensure activation and 4G service. Check network coverage. Configure APN settings via the app if necessary.
Inaccurate location tracking	Poor GPS/LBS/WiFi signal; Watch indoors or in dense areas	Ensure the watch has clear sky view for GPS. Location accuracy may vary indoors or in areas with weak signals.
Cannot pair with app	Incorrect registration code; Watch not connected to network; App issues	Verify the registration code. Ensure the watch has a working SIM and network connection. Restart both watch and phone. Reinstall the app.
Short battery life	Frequent use of features (calls, GPS); High screen brightness	Reduce screen brightness. Limit continuous GPS tracking. Close unused applications.
