3. Setup and Installation

Follow these steps for proper installation of your JOYROOM Car Phone Holder Mount:

1. **Choose a Flat Surface:** Select a flat, dry, and clean (dust-free) area on your dashboard. The mount is not suitable for curved surfaces.
2. **Clean the Surface:** Use the provided cleaning tools to thoroughly clean the chosen area. Ensure no dust, oil, or grease remains.
3. **Apply the Mount:** Peel off the protective film from the bottom adhesive base of the mount. Carefully place the mount on the cleaned dashboard surface.
4. **Press Firmly:** Press the mount down firmly for several seconds to ensure strong adhesion.
5. **Allow to Cure:** For optimal adhesion, allow the mount to sit undisturbed for at least 6 hours before placing a device in it.

4. Operating Instructions

Once installed, operating your JOYROOM Car Phone Holder Mount is simple:

- **Placing Your Phone:** Gently open the spring-loaded clips and insert your smartphone or GPS device. The clips will automatically secure your device.
- **Adjusting Viewing Angle:** The mount features 360° rotation and 30° vertical adjustment. Rotate the base or tilt the holder to achieve your desired viewing angle.
- **Cable Management:** Utilize the integrated cable clip on the back of the holder to keep your charging cable organized and prevent tangling.
- **Pop Socket Compatibility:** If your phone has a Pop Socket, the U-shape design allows for easy placement without removal.

5. Maintenance

To maintain the effectiveness of your phone holder:

- **Clean the Adhesive:** If the nano-gel adhesive loses its stickiness, gently wash it with water and let it air dry. Do not use harsh chemicals.
- **Regular Cleaning:** Wipe the holder regularly with a soft, damp cloth to remove dust and debris.
- **Avoid Extreme Temperatures:** While designed for durability, prolonged exposure to extreme heat or cold may affect the adhesive's lifespan.
