Rapoo 8000S

Rapoo 8000S Wireless Keyboard and Mouse Set User Manual

Model: 8000S

1. INTRODUCTION

The Rapoo 8000S is a wireless keyboard and mouse set designed for versatile use across various operating systems and devices. This compact and sleek combo offers reliable 2.4 GHz wireless connectivity, a high-performance 1300 DPI optical mouse, and a spill-resistant keyboard. It is engineered for efficiency and comfort, providing a seamless user experience for both work and leisure.

2. SETUP INSTRUCTIONS

2.1 Package Contents

- Rapoo 8000S Wireless Keyboard
- Rapoo Wireless Mouse
- USB Receiver
- 1 AA Battery (pre-installed or included)

2.2 Battery Installation

The Rapoo 8000S keyboard and mouse are powered by AA batteries. A battery is typically included with the product.

1. **For the Mouse:** Open the battery compartment cover located on the underside of the mouse. Insert the AA battery, ensuring correct polarity (+/-). Close the cover.
2. **For the Keyboard:** Open the battery compartment cover on the underside of the keyboard. Insert the AA battery, ensuring correct polarity (+/-). Close the cover.

2.3 Connecting the USB Receiver

The Rapoo 8000S uses a 2.4 GHz wireless connection via a USB receiver.

1. Locate the USB receiver, usually stored within the mouse's battery compartment or packaged separately.
2. Plug the USB receiver into an available USB port on your computer, laptop, tablet, or smart TV.
3. The system should automatically detect and install the necessary drivers. This may take a few moments.
4. Once installed, the keyboard and mouse should be ready for use.

2.4 Compatibility

The Rapoo 8000S is compatible with a wide range of operating systems and devices.

- **Operating Systems:** Windows, iOS, Android, Mac
- **Devices:** Laptops, Personal Computers, Tablets, Smartphones, Smart Televisions

3. OPERATING INSTRUCTIONS

3.1 Basic Keyboard and Mouse Functions

Once connected, the keyboard and mouse function like standard input devices. The keyboard features a membrane design for comfortable typing, and the mouse provides accurate optical tracking.

3.2 Multimedia Hotkeys

The keyboard includes dedicated multimedia hotkeys for quick access to various functions.

- **Media Player Control:** Play/Pause, Stop, Previous Track, Next Track
- **Volume Adjustment:** Volume Up, Volume Down, Mute
- **Other Functions:** Homepage, Email, My Computer

3.4 Wireless Range

The 2.4 GHz wireless connection provides a reliable operating range of up to 30 feet (approximately 10 meters), allowing flexible placement of your devices.

4. MAINTENANCE

4.1 Cleaning

To maintain optimal performance and appearance, regularly clean your keyboard and mouse.

- Use a soft, dry cloth to wipe down the surfaces.
- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- Do not use abrasive cleaners or solvents.

4.2 Spill-Resistant Design

The keyboard features a spill-resistant design, which helps protect it from accidental liquid spills. In case of a spill:

1. Immediately disconnect the USB receiver from your device.
2. Turn the keyboard upside down to drain any liquid.
3. Wipe the keyboard thoroughly with a dry cloth.
4. Allow the keyboard to air dry completely before reconnecting and using it again.

Note: While spill-resistant, this design does not guarantee full waterproofing. Avoid submerging the keyboard in liquid.

4.3 Battery Life and Replacement

With Rapoo's energy-saving technology and power switch, the keyboard and mouse can achieve a battery life of up to 9 months. When the battery is low, the indicator light on the device may flash, or performance may degrade.

1. Replace the AA battery in the respective device (keyboard or mouse) following the instructions in Section 2.2.
2. Ensure to dispose of used batteries responsibly according to local regulations.

5. TROUBLESHOOTING

If you encounter issues with your Rapoo 8000S set, try the following troubleshooting steps:

- **No Response from Keyboard/Mouse:**
 - Ensure the batteries are correctly installed and not depleted. Replace if necessary.
 - Check if the power switch on both the keyboard and mouse is turned ON.
 - Verify that the USB receiver is securely plugged into a working USB port. Try a different USB port.
 - Move the keyboard and mouse closer to the USB receiver to rule out range issues.
 - Restart your computer or device.
- **Lag or Intermittent Connection:**
 - Ensure there are no large metal objects or other wireless devices (e.g., Wi-Fi routers, cordless phones) operating too close to the receiver, which might cause interference.
 - Try plugging the USB receiver into a different USB port, preferably one on the front of your computer or via a USB extension cable to bring it closer to the devices.
 - Replace the batteries.
- **Mouse Not Tracking Smoothly:**
 - Ensure the mouse's optical sensor is clean and free from dust or debris.
 - Use the mouse on a clean, non-reflective surface or a mouse pad.
- **Specific Keys Not Working:**
 - Check for any physical obstructions under the key.
 - If the keyboard has experienced a spill, ensure it is completely dry.

6. SPECIFICATIONS

Feature	Detail
Brand	Rapoo
Model	8000S

Feature	Detail
Connectivity Technology	2.4 GHz Radio Frequency Wireless
Compatible Devices	Laptop, Personal Computer, Television, Tablet, Smartphone
Keyboard Description	Membrane
Mouse Movement Detection	Optical
Mouse DPI	1300 DPI
Special Features	Ergonomic, Lightweight, Spillproof Keyboard
