5. MAINTENANCE

Proper maintenance ensures the longevity and safety of your bunk bed.

- **Cleaning:** Wipe the metal frame with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Retighten as necessary.
- **Weight Limits:** Always adhere to the specified weight limits for each bunk to prevent structural damage.
- **Ladder Safety:** Ensure the ladder is securely attached and free from obstructions before use.

6. TROUBLESHOOTING

If you encounter any issues with your bunk bed, refer to the following common solutions:

- **Squeaking Noises:** Check all bolts and connections. Tighten any loose hardware. Ensure the bed is on a level surface.
- **LED Lights Not Working:** Verify the power connection to the LED strip and the charging station. Check if the remote control batteries need replacement.
- **USB Ports Not Charging:** Ensure the bed's power cord is securely plugged into a functional wall outlet. Test with different devices and cables.
- **Drawers Sticking:** Check for any obstructions in the drawer tracks. Ensure the drawers are properly aligned on their wheels.
