4. SETUP

4.1. SIM and MicroSD Card Installation

1. Locate the SIM tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or MicroSD card into the designated slots on the tray. Ensure they are correctly oriented.
4. Carefully reinsert the tray into the device until it clicks into place.

4.2. Powering On and Initial Setup

1. Press and hold the Power button until the device vibrates and the screen turns on.
2. Follow the on-screen instructions to select your language, connect to Wi-Fi, and set up your Google account.
3. Configure security features such as Face ID and fingerprint unlock for convenient and secure access.

9. CONNECTIVITY

Stay connected with high-speed 5G cellular technology and other essential connectivity options.

- **5G Connectivity:** Supports global 5G bands for fast mobile data.
- **Dual SIM:** Allows for the use of two SIM cards simultaneously.
- **GPS:** Built-in GPS for navigation.
- **Bluetooth:** For connecting wireless accessories.

Image: The smartphone displaying a '5G' logo, indicating its compatibility with 5G networks.

10. MAINTENANCE

To ensure your device remains in optimal condition, follow these maintenance guidelines:

- Keep your device clean and free from dust and debris.
- Avoid exposing the phone to extreme temperatures or direct sunlight for prolonged periods.
- Regularly update your device's software to receive the latest features and security patches.
- Use the provided phone case and screen protector to guard against physical damage.

11. TROUBLESHOOTING

If you encounter any issues with your device, try the following basic troubleshooting steps:

- **Device unresponsive:** Press and hold the Power button for about 10 seconds to force a restart.
- **App crashes:** Clear the cache and data for the problematic app in Settings > Apps. If the issue persists, reinstall the app.
- **Battery draining quickly:** Check background app usage in Settings > Battery. Reduce screen brightness and disable unnecessary features like GPS or Bluetooth when not in use.
- **Connectivity issues:** Toggle Airplane Mode on and off. Restart your device. Check your SIM card

installation.

For more complex issues, refer to the official support channels or contact customer service.
