leejdn 47-inch Home Office Desk User Manual

MODEL: 301

Introduction

Welcome to the user manual for your new leejdn 47-inch Home Office Desk, Model 301. This desk is designed to enhance your workspace with its farmhouse aesthetic, integrated storage solutions, and convenient charging station. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product.

General Safety Guidelines

- **Assembly:** Always assemble the desk with at least two people to prevent injury and ensure proper construction.
- **Tools:** Use appropriate tools as specified in the assembly instructions. Do not overtighten screws.
- **Weight Capacity:** Do not exceed the recommended load capacity of 220 lbs for the desktop and 25 lbs per drawer.
- **Placement:** Place the desk on a flat, stable surface. Avoid placing it near heat sources or in direct sunlight to prevent material damage.
- **Electrical Safety:** Ensure the power strip is connected to a grounded outlet. Do not overload the charging station.

Before You Begin: Verify Package Contents

Before starting assembly, carefully unpack all components and compare them against the parts list provided in your assembly guide. Ensure all hardware and panels are present and undamaged. The product is shipped in a foam shock absorption box for protection.

Setup and Assembly

The leejdn Home Office Desk requires self-assembly. Detailed, clear, and concise instructions are included with your product. Follow these instructions step-by-step. While the process is straightforward, patience is recommended due to the number of components. Assembly typically takes several hours for one person, or less with two people.

Care and Maintenance

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Protection:** Use coasters for drinks and placemats for hot items to protect the desktop surface.
- **Environment:** Maintain a stable room temperature and humidity. Extreme changes can affect wood products.

Common Issues and Solutions

- **Assembly Difficulties:** If you encounter issues during assembly, carefully re-read the instructions for the specific step. Ensure all parts are oriented correctly. If problems persist, contact customer support.
- **Drawers Not Sliding Smoothly:** Check that the drawer slides are properly aligned and securely attached. Ensure there are no obstructions within the drawer tracks.

- **Charging Station Not Working:** Verify that the desk's power cord is securely plugged into a functional wall outlet. Check that your devices are properly connected to the USB, Type-C, or AC sockets.
- **Wobbling Desk:** Ensure all screws and fasteners are tightened. If the desk is on an uneven floor, use furniture pads or shims to stabilize it.
