KEMEI KM-T375

KEMEI KM-T375 Compact Waterproof Electric Foil Shaver User Manual

Model: KM-T375

INTRODUCTION

Thank you for choosing the KEMEI KM-T375 Compact Waterproof Electric Foil Shaver. This manual provides essential information for the safe and effective use, maintenance, and care of your new shaver. Please read these instructions thoroughly before first use and retain them for future reference.

SAFETY INFORMATION

WARNING: Do not submerge the shaver in water. Keep the shaver away from heat sources and do not charge it while wet. Keep replaceable parts out of reach of children to prevent choking hazard. Always follow the cleaning and maintenance instructions to ensure safe use.

- Ensure the shaver is completely dry before charging.
- Do not use the shaver if the foil mesh is damaged, as this may cause skin irritation or injury.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

PACKAGE CONTENTS

Verify that all items are present in the package:

- KEMEI KM-T375 Electric Foil Shaver
- USB Charging Cable
- Cleaning Brush
- Replacement Foil Mesh
- Protective Cap
- User Manual

Key Components:

- **Double Floating Blades:** Adapts to facial contours for an efficient shave.
- **Foil Mesh:** Protects skin while capturing hair. Replaceable for sustained performance.
- **Power Button:** One-touch operation.
- **Power Indicator:** Visual feedback on charging status.
- **USB-C Charging Port:** For convenient charging.
- **Waterproof Body (IPX5):** Allows for wet shaving and easy rinsing.

SETUP

Initial Charging:

1. Before first use, fully charge the shaver.
2. Connect the USB charging cable to the shaver's charging port and to a compatible USB power source (e.g., computer, wall adapter).
3. The power indicator light will flash white during charging.
4. Charging takes approximately 1.5 hours for a full charge. The indicator light will turn off when fully charged.

OPERATING INSTRUCTIONS

Shaving:

1. Ensure your face is clean. For best results, shave before washing your face.
2. Press the power button to turn on the shaver.
3. Hold the shaver at a right angle (90 degrees) to your skin.
4. Gently stretch your skin with your free hand to make the hairs stand upright.
5. Move the shaver in short, circular motions or straight strokes against the direction of hair growth.
6. For a closer shave, apply light pressure. Avoid excessive pressure, which can cause irritation.
7. The shaver supports both wet and dry shaving. For wet shaving, you may use shaving foam or gel.
8. After shaving, press the power button again to turn off the shaver.

Compact And Portable Design

MAINTENANCE

Cleaning the Shaver:

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the shaver and disconnect it from any power source.
2. Remove the foil mesh head by gently pulling it upwards.
3. Use the provided cleaning brush to remove any loose hairs from the foil mesh and the shaver body.
4. For a more thorough clean, rinse the foil mesh head and the shaver body under running water. The IPX5 waterproof rating allows for direct rinsing.
5. Allow all parts to air dry completely before reattaching the foil mesh head and storing the shaver.

Image Description: The KEMEI KM-T375 shaver is shown with water splashing around it, visually representing its IPX5 waterproof capability, which facilitates easy cleaning under running water.

Replacing the Foil Mesh:

For optimal shaving performance, it is recommended to replace the foil mesh every 6-12 months, depending on usage.

1. Ensure the shaver is turned off and unplugged.
2. Remove the old foil mesh head as described in the cleaning section.
3. Align the new foil mesh head with the shaver body and gently press down until it clicks into place.

CHARGING

The KEMEI KM-T375 is equipped with a high-capacity lithium battery, providing approximately 90 minutes of strong battery life on a 1.5-hour charge.

- **Charging Time:** Approximately 1.5 hours for a full charge.
- **Running Time:** Up to 90 minutes on a full charge.
- **Power Indicator:** Flashes white during charging, turns off when fully charged.
- **Charging Port:** USB-C for universal compatibility.

TROUBLESHOOTING

If you encounter issues with your KEMEI KM-T375 shaver, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Shaver does not turn on.	Low battery; device malfunction.	Charge the shaver fully. If still unresponsive, contact customer support.
Poor shaving performance / pulling hair.	Foil mesh or blades are dull/damaged; shaver is clogged with hair; hair is too long.	Clean the shaver thoroughly. Replace the foil mesh if it appears dull or damaged. For longer hair, pre-trim with a different tool before using the foil shaver.

Problem	Possible Cause	Solution
Shaver not charging.	Faulty cable or power source; charging port issue.	Ensure the USB cable is securely connected. Try a different USB power source. Use the provided USB-C cable, as some third-party cables may not be compatible.
Skin irritation after shaving.	Applying too much pressure; dull blades; sensitive skin.	Use lighter pressure. Ensure foil mesh is clean and not damaged. Consider wet shaving with foam/gel.
