1. INTRODUCTION

Welcome to the user manual for your new Nubia Flip 5G smartphone. This guide provides essential information to help you set up, operate, and maintain your device. The Nubia Flip 5G combines a compact, foldable design with advanced features, including a dual AMOLED display, a versatile external screen, and AI-powered functionalities. Key features of your Nubia Flip 5G include:

- Dual AMOLED Displays:** Enjoy a fluid 120 Hz refresh rate on both the 6.9-inch internal display and the 3-inch external display.
- Fully Functional External Display:** Access 100% of your applications directly from the external screen without unfolding the phone.
- Advanced Camera System:** Capture high-quality photos with the 50 MP main camera, supported by AI features and 4K stabilized video recording. Utilize the external screen for high-resolution selfies.
- AI-Powered Enhancements:** Benefit from features like AI Magic Photos for editing and live translation for voice calls.
- Long-Lasting Battery:** Equipped with a 4325 mAh battery and 33W fast charging, allowing 50% charge in under 20 minutes.

2. SETUP

2.1. Unboxing and Initial Inspection

Carefully remove all items from the packaging. Ensure the following components are present:

- Nubia Flip 5G Smartphone
- USB Cable
- Phone Case
- Protective Film

Inspect the device for any visible damage. If any components are missing or damaged, contact customer support.

2.2. Inserting the SIM Card

1. Power off the device.
2. Locate the SIM card tray on the side of the phone.
3. Use the SIM ejector tool (not included, typically found with your SIM card) to open the tray.
4. Place your Nano-SIM card(s) into the tray with the gold contacts facing down. This device supports Dual SIM.
5. Carefully reinsert the tray into the phone.

2.3. Powering On and Initial Configuration

1. Press and hold the Power button until the Nubia logo appears.
2. Follow the on-screen instructions to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You will be guided through setting up security features such as fingerprint unlock and facial recognition.

3. OPERATING THE DEVICE

3.1. Understanding the Dual Display

nubia Flip 2 5G

Your Nubia Flip 5G features two displays: a large 6.9-inch internal foldable AMOLED screen and a compact 3-inch external AMOLED screen. Both screens offer a smooth 120 Hz refresh rate for an enhanced visual experience.

- **Internal Display:** Ideal for immersive content consumption, gaming, and detailed tasks.

- **External Display:** Provides quick access to notifications, widgets, music controls, and even full applications without needing to unfold the phone. Swipe left or right to navigate through different functions.

3.2. Camera Functionality

The Nubia Flip 5G is equipped with a powerful 50 MP main camera and a secondary portrait camera, enhanced with AI for superior image quality. The 32 MP front camera ensures clear video calls and selfies.

- **High-Resolution Selfies:** Use the external screen as a viewfinder to take selfies with the high-quality rear cameras.
- **Hands-Free Photography:** Partially fold the phone and place it on a flat surface to capture photos and videos without needing a tripod.
- **4K Stabilized Video:** Record smooth, high-definition videos with advanced stabilization.

3.3. AI Features

The device integrates several AI functions to enhance user experience:

- **AI Magic Photos:** Utilize AI for intelligent photo editing and enhancement.
- **Live Call Translation:** Experience real-time translation during voice calls, breaking down language barriers.

3.4. Video Overview

4. BATTERY AND CHARGING

An internal view highlighting the 4325 mAh battery and the 33W fast charging technology.

The Nubia Flip 5G is equipped with a 4325 mAh battery, designed to provide extended usage. It supports 33W fast charging, allowing you to quickly replenish the battery. A 50% charge can be achieved in less than 20 minutes.

- Use the provided USB cable and a compatible 33W charger for optimal fast charging.
- Avoid using non-certified chargers or cables to prevent damage to the device.

5. MAINTENANCE

Proper care ensures the longevity and optimal performance of your Nubia Flip 5G.

- **Screen Care:** The foldable screen is delicate. Avoid pressing hard on the screen, especially near the crease. Keep sharp objects away from the display.
- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals or abrasive materials.
- **Water Resistance:** While the device may have some level of splash resistance, it is not fully waterproof. Avoid submerging the phone in water or exposing it to excessive moisture.
- **Temperature:** Operate the device within recommended temperature ranges. Extreme heat or cold can affect battery life and performance.
- **Software Updates:** Regularly update your device's software to ensure you have the latest features, security patches, and performance improvements.

6. TROUBLESHOOTING

If you encounter issues with your Nubia Flip 5G, try the following common troubleshooting steps:

- **Device Not Turning On:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Screen Unresponsive:** Restart the device by pressing and holding the Power button. If unresponsive, perform a forced restart (refer to device-specific instructions if standard restart fails).
- **Apps Crashing:** Clear the cache of the problematic app or reinstall it. Ensure your device's software is up to date.
- **Poor Battery Life:** Adjust screen brightness, disable unnecessary background apps, and turn off features like GPS or Bluetooth when not in use.
- **Connectivity Issues (Wi-Fi/Bluetooth):** Toggle Wi-Fi or Bluetooth off and on. Restart your router or the connected device.
- **Overheating:** Close demanding applications, reduce screen brightness, and avoid direct sunlight. If overheating persists, contact support.

For more complex issues, refer to the official Nubia support website or contact their customer service.

7. SPECIFICATIONS
