OPERATING INSTRUCTIONS

The FAVSH Daybed is designed for versatile use as both a bed and a sofa, with integrated storage.

- **Using as a Bed:** Place a twin-size mattress (6 inches or less in thickness) directly onto the slats. No box spring is needed.
- **Using as a Sofa:** Arrange pillows and cushions against the back and side panels to convert the daybed into a comfortable seating area.
- **Accessing Storage Drawers:** The two hideaway drawers are located beneath the bed frame. Simply pull them out from the front to access your stored items. Push them back in when not in use to keep the room tidy.
