## 2. SAFETY INFORMATION

- Do not attempt to disassemble or modify the device. This may void the warranty and cause damage.
- Keep the device away from extreme temperatures, direct sunlight, and corrosive liquids.
- Ensure the charging contacts are dry before connecting the charger to prevent short circuits.
- While IP67 waterproof, avoid prolonged submersion in hot water or exposure to high-pressure water jets.
- Consult a medical professional before starting any new exercise regimen, especially if you have pre-existing health conditions.

## 3. PACKAGE CONTENTS

Please check the box for the following items:

- Ip67 Waterproof Smart Watch (1)
- Charging Cable (1)
- User Manual (1)

## 4. SETUP

---

### 4.1 Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer's USB port. The watch screen will indicate charging status.

### 4.2 App Download and Installation

To unlock the full potential of your smartwatch, download the companion application on your smartphone. Scan the QR code provided in the quick start guide or search for the app name (usually indicated on the watch screen during initial setup) in your phone's app store (App Store for iOS, Google Play Store for Android).

### 4.3 Pairing the Smartwatch

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the companion app on your smartphone.
3. Follow the in-app instructions to search for and connect to your smartwatch. The watch's Bluetooth name will typically appear as 'SmartWatch' or a similar identifier.
4. Confirm the pairing request on both your smartphone and the smartwatch if prompted.

## 5. OPERATING YOUR SMARTWATCH

---

### 5.1 Basic Navigation

The smartwatch features a responsive touchscreen and a rotating crown for intuitive navigation.

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and notifications. Tap to select an item.
- **Rotating Crown:** Rotate the crown to scroll through lists or adjust settings. Press the crown to return to the home screen or confirm selections.

# The rotating crown is flexible and practical

Can rotate the crown, multi-interactive experience, precise and clear operation dial click into the motion mode, to achieve rapid and seamless switching of multiple applications, multi-use better play smart interaction, easy and pleasant

## 5.2 Bluetooth Calling

Once paired with your smartphone, you can make and receive calls directly from your smartwatch. Access the call log, dial pad, or contacts through the watch interface.

## 5.3 Fitness Tracking

The smartwatch continuously monitors various fitness metrics:

- **Heart Rate:** Real-time heart rate monitoring throughout the day.
- **Sleep Monitoring:** Tracks sleep patterns, including deep sleep, light sleep, and awake times.
- **Steps/Activity:** Counts steps, distance, and calories burned.

## 5.4 Bluetooth Music Control

Control music playback on your connected smartphone directly from your smartwatch. Play, pause, skip tracks, and adjust volume without needing to take out your phone.

# Bluetooth music music control

Can connect with the mobile phone to play music, control up and down music suspension. The sound is loud and clear.

Figure 5.2: Bluetooth music control interface on the smartwatch, allowing easy management of audio playback.

## 5.5 Offline Scanning Code Collection

The smartwatch supports offline scanning code payment for platforms like WeChat and PayPal. Bind your accounts within the companion app to enable this feature, allowing for convenient payments without your mobile phone.

# Offline scanning code collection

Watch binding wechat, pay, paypal and other platforms, support offline scanning code payment, without a mobile phone can also be easily paid.

Figure 5.3: Offline scanning code collection feature, enabling payments directly from the watch.

## 5.6 One-Click Photo

Utilize the one-click photo feature to remotely control your smartphone's camera. This is ideal for group photos or selfies, allowing you to trigger the shutter from your wrist.

## 5.7 Waterproof Features (IP67)

With an IP67 rating, your smartwatch is protected against dust ingress and can withstand immersion in water up to 1 meter for 30 minutes. This makes it suitable for daily use, including washing hands, light rain, and showering. It is not recommended for diving or high-pressure water activities.

# Waterproof and dust-proof without fear of wind and rain

IP67 waterproof and dust-proof, washing hands, rainy days, the watch can also be used normally. Fearless of wind and rain, accompany you to walk further.
