Nike AV3595-102

Nike Shox TL Men's Shoes Instruction Manual

MODEL: AV3595-102

1. Product Overview

The Nike Shox TL is a modern reinterpretation of the iconic 2003 design, engineered to deliver advanced mechanical cushioning. This footwear features a breathable mesh upper for enhanced ventilation and comfort, combined with full-length Nike Shox technology designed for maximum impact absorption. It is suitable for casual wear and various athletic activities.

2. Setup and Initial Use

Your Nike Shox TL shoes are designed for immediate wear. Follow these steps for optimal comfort and fit:

1. **Lacing:** Ensure the laces are threaded through all eyelets. Adjust the lacing tension to secure your foot comfortably without excessive tightness.
2. **Fit Check:** When trying on the shoes, ensure there is a small gap (about a thumb's width) between your longest toe and the end of the shoe. Your heel should feel secure, and the sides of your foot should not feel pinched.
3. **First Wear:** Wear the shoes for short periods initially to allow them to conform to your foot shape.

3. Operating and Usage

The Nike Shox TL is engineered for comfort and support during various activities:

- **Cushioning:** The full-length Nike Shox technology provides responsive cushioning, absorbing impact and offering a comfortable stride.
- **Ventilation:** The breathable mesh upper helps keep your feet cool and dry during extended wear.
- **Stability:** The structured design and robust sole offer stability for everyday movement.

4. Maintenance and Care

Proper care will extend the life and appearance of your Nike Shox TL shoes:

- **Cleaning the Upper:** Use a soft brush or cloth with mild soap and water to gently clean the mesh and synthetic overlays. Avoid harsh chemicals.
- **Cleaning the Sole:** A stiff brush can be used to remove dirt and debris from the Shox columns and outsole.
- **Drying:** Air dry at room temperature. Avoid direct sunlight or heat sources, as these can damage materials.
- **Storage:** Store shoes in a cool, dry place away from direct sunlight when not in use.

5. Troubleshooting

If you encounter any issues with your Nike Shox TL shoes, consider the following:

- **Discomfort/Tightness:** Re-adjust lacing. Ensure you have the correct size. Foot swelling can occur throughout the day, so try them on at different times.
- **Squeaking Noise:** This can sometimes occur due to friction between parts of the shoe or between the shoe and the ground. Ensure the shoes are clean and dry. If persistent, it may resolve with continued wear.
- **Minor Wear and Tear:** Small scuffs or marks are normal with use. Regular cleaning and proper storage can minimize their appearance.

6. Specifications

Model Number	AV3595-102
Brand	Nike
Color	White/Metallic Platinum/Black
Closure Type	Lace-up
Heel Type	Flat
Upper Material	Breathable Mesh with Synthetic Overlays
Cushioning Technology	Full-length Nike Shox
Department	Unisex Adult
