- **Sharp Edges:** Be aware of potential sharp edges during assembly and handling.
- **Environmental Conditions:** While designed for all-weather use, extreme weather conditions (e.g., strong winds,

- **Intended Use:** This table is primarily intended for outdoor use on patios, balconies, and gardens. It can also be used indoors as a coffee table.
- **Surface Protection:** While the aluminum tabletop is scratch-resistant, using coasters or placemats for hot items or rough objects is recommended to preserve its finish.

Maintenance

Proper care will ensure the longevity and appearance of your FansaFurn coffee table.

- **Cleaning:** Wipe the table with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Drying:** After cleaning, dry the table completely to prevent water spots.
- **Seasonal Care:** The aluminum frame and tabletop are designed to be all-weather resistant, including dents, cracks, and rust. No special care is typically needed for outdoor placement year-round. However, in areas with extreme winter conditions, covering the table or storing it indoors during the off-season can further extend its life.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

Troubleshooting

If you encounter any issues with your coffee table, refer to the following common solutions:

Problem	Possible Cause	Solution
Table is wobbly or unstable.	Uneven surface; loose connections.	Move the table to a flat surface. Check and tighten all assembly screws.
Scratches on the surface.	Rough objects placed directly on the table.	Use coasters or placemats. Minor scratches may be touched up with appropriate outdoor furniture paint (consult manufacturer).
Difficulty cleaning stains.	Dried-on food or beverage spills.	Use a mild soap solution and a soft sponge. Avoid abrasive scrubbers.

If the problem persists or is not listed here, please contact FansaFurn customer support for assistance.
