SETUP AND ASSEMBLY

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all listed components are present.
2. **Connect Limbs (if separate):** If the arms or legs are detached, gently push them into their respective sockets on the main body until they click securely into place. Do not force.
3. **Attach Accessories:** Place the rubber duck accessory into Enrique's hand.
4. **Positioning:** Adjust the figure's joints to achieve desired poses. The figure is designed with articulation for dynamic display.

MAINTENANCE AND CARE

- **Cleaning:** To clean the figure, wipe gently with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the figure in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.
- **Handling:** Avoid excessive force when posing the figure to prevent damage to joints or parts.

TROUBLESHOOTING

If you encounter any issues with your BLOKEES Enrique figure, consider the following:

- **Loose Joints:** If a joint feels loose, gently try to reseal the part. Avoid excessive bending or twisting that could worsen the issue.
- **Missing Parts:** Refer to the "Components Included" section. If a part is genuinely missing from a new, unopened package, contact customer support.
- **Difficulty Posing:** Ensure joints are clean and free of debris. Apply gentle, even pressure when adjusting poses.
