

Tailulu AP050 and AP052

Tailulu Air Purifiers AP050 and AP052 User Manual

Enhancing your indoor air quality with advanced filtration technology.

1. INTRODUCTION

Thank you for choosing the Tailulu Air Purifier models AP050 and AP052. These high-efficiency air purifiers are designed to improve the air quality in your home, bedroom, office, or nursery by effectively removing airborne particles and odors. This manual provides essential information for the safe and efficient operation, setup, and maintenance of your new air purifier.

2. SAFETY INFORMATION

Please read all instructions carefully before operating the appliance. Keep this manual for future reference.

- Always unplug the air purifier before moving it, opening the bottom cover, or performing any maintenance.
- Do not operate the appliance if the cord or plug is damaged.
- Keep the air intake and outlet clear of obstructions.
- Do not use the appliance in wet or damp environments.
- This appliance is for indoor use only.
- Ensure the power adapter is correctly placed and the filter plastic bag is removed before first use.

3. PRODUCT OVERVIEW

The Tailulu Air Purifier features a sleek, modern design with a 360° air intake system for efficient air circulation. It is equipped with a high-resolution LED touch panel for easy control and monitoring.

Key Features:

- **High Efficiency:** Purifies air 4 times per hour in rooms up to 1200 sq.ft / 111 m².
- **3-Stage H14 True HEPA Filtration:** Includes a pre-filter, H14 HEPA filter, and activated carbon filter to capture 99.97% of airborne particles as small as 0.3 microns, including pet hair, smoke, pollen, dander, and odors.
- **User-friendly LED Touch Panel:** Displays timer, fan speed, and night light status.
- **Multiple Fan Speed Modes:** Sleep, Large, and High settings.
- **Timer Function:** Set operation for 2, 4, or 8 hours.
- **Soft Night Light:** Provides gentle illumination, can be turned on/off.
- **Child Lock Function:** Prevents accidental changes to settings.
- **Quiet Operation:** New brushless motor ensures a low noise level of 12dB in sleep mode.
- **Energy Saving:** Designed for low power consumption.

4. SETUP

4.1 Unpacking and Initial Filter Preparation

1. Carefully remove the air purifier from its packaging.
2. Turn the unit upside down.
3. Twist the bottom cover counter-clockwise to unlock and remove it.
4. Remove the filter from inside the unit. The power adapter is located with the filter.
5. Remove the plastic bag from the new filter.
6. Place the filter back into the unit.
7. Replace the bottom cover and twist clockwise to lock it securely.

5.3 Timer Settings

Set the air purifier to operate for a specific duration.

- Touch the **Timer** icon to select 2 hours, 4 hours, or 8 hours. The unit will automatically turn off after the set time.

5.4 Night Light Function

The integrated night light provides a soft glow.

- Touch the **Night Light** icon to turn the light on or off.

5.5 Child Lock Function

To prevent unintended operation by children or pets:

- Touch and hold the **Child Lock** icon for 3 seconds to activate or deactivate the child lock.

6. MAINTENANCE

6.1 Filter Replacement

The Tailulu Air Purifier uses a 3-stage H14 True HEPA filter. For optimal performance, it is recommended to replace the filter every 3-6 months, depending on usage and air quality.

3-Stage Filtration

Smooth Breathing with Fewer Pollutants

CADR 74.4 m ³ /h	0.3Mrons Particle Size	99.97% Filtration Rate
---------------------------------------	----------------------------------	----------------------------------

Pre-Filter
Pet Fur, Dust, Lint, Hair, Fibers

H14 HEPA Filter
Pollen, Pet Dander, Dust Particles

High-Efficiency Activated Carbon Filter
Smoke, Pet Odor, Cooking Smeell, VOCs

Image: 3-Stage Filtration System.

1. Unplug the air purifier from the power outlet.
2. Turn the unit upside down and twist the bottom cover counter-clockwise to remove it.
3. Carefully remove the old filter.
4. Insert the new filter into the unit. Ensure it fits snugly.
5. Replace the bottom cover and twist clockwise to lock it.
6. Plug the air purifier back in.
7. To reset the filter replacement indicator (if applicable), refer to the specific instructions in your product's user

manual.

Official replacement filters can be found by searching for model B0D6VP41S1.

6.2 Cleaning the Unit

- Wipe the exterior of the air purifier with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Periodically vacuum the air intake vents to remove dust and debris.

7. TROUBLESHOOTING

If you encounter any issues with your Tailulu Air Purifier, please refer to the following common solutions:

- **Unit not turning on:** Ensure the power cord is securely plugged into both the unit and the wall outlet. Check if the filter's plastic bag has been removed and the bottom cover is locked.
- **Reduced airflow or unusual noise:** Check if the air intake or outlet is blocked. Inspect the filter for excessive dust buildup and replace if necessary.
- **Filter indicator light remains on after replacement:** Follow the filter reset procedure outlined in the manual (usually involves pressing and holding a specific button for a few seconds).

For persistent issues, please contact customer service.
