## Auxmir BM-2410

# Auxmir BM-2410 Rechargeable LED Makeup Mirror User Manual

Model: BM-2410 | Brand: Auxmir

## 1. INTRODUCTION

Thank you for choosing the Auxmir BM-2410 Rechargeable LED Makeup Mirror. This manual provides essential information for the safe and effective use of your new mirror. Designed for precision and convenience, this mirror features double-sided magnification, adjustable LED lighting, and a rechargeable battery for wireless operation. Please read these instructions carefully before use and retain them for future reference.

## 2. PRODUCT FEATURES

- **Double-Sided Magnification (1X/30X):** The mirror offers a 1X HD side for general skincare and a 30X magnification side for precise makeup application, eyebrow trimming, and facial care.
- **3-Color Stepless Dimmable LED Lighting:** Equipped with 64 LED lights, providing 3 adjustable color temperatures (cool, natural, warm) and stepless brightness control. Independent switches on both sides allow for customized lighting.
- **USB Rechargeable & Energy Saving:** Powered by a 2000mAh battery, offering up to 15 hours of wireless use. Features a 30-minute auto-off function to conserve energy.
- **360° Rotation:** The mirror can be rotated 360 degrees to achieve the perfect viewing angle for any grooming task.

## 3. PACKAGE CONTENTS

- Auxmir BM-2410 LED Makeup Mirror
- USB-C Charging Cable
- Tweezers
- User Manual

## 4. SETUP

1. **Unpacking:** Carefully remove all components from the packaging.
2. **Initial Charge:** Before first use, fully charge the mirror using the provided USB-C cable. The charging indicator light will confirm charging status.
3. **Placement:** Place the mirror on a stable, flat surface in your bathroom, bedroom, or dressing room. Ensure it is away from direct sunlight or heat sources.

## 5. OPERATING INSTRUCTIONS

### 5.1 Power On/Off & Light Color Adjustment

1. **Power On:** Lightly touch the power icon (circle) on the mirror surface to turn on the LED lights.
2. **Change Light Color:** With the lights on, short press the power icon to cycle through the 3 color temperatures: Cool Light (6000K-6500K), Natural Light (4500K-5000K), and Warm Light (3000K-3500K).
3. **Power Off:** Continue short pressing until the lights turn off, or long press the power icon to turn off the lights directly.

### 5.2 Brightness Adjustment

- With the lights on, long press the power icon. The brightness will gradually increase or decrease. Release your finger when the desired brightness is reached. The mirror has a memory function that records the last brightness setting.

### 5.3 Switching Magnification

- Gently rotate the mirror head 360 degrees to switch between the 1X (standard view) and 30X (magnified view) sides.

# STEPLESS DIMMABLE BRIGHTNESS

Adjustable to Suit Different Needs and Scenes

Image: Stepless dimmable brightness feature with 30-minute auto-off and eye-friendly light.

## 6. CHARGING INSTRUCTIONS

1. Locate the USB-C charging port on the side of the mirror.
2. Connect the provided USB-C cable to the mirror and plug the other end into a compatible USB power source (e.g., wall adapter, computer, power bank).
3. A red indicator light will illuminate during charging. The light will turn off when the mirror is fully charged.
4. A full charge takes approximately 3 hours and provides up to 15 hours of wireless use.

## 7. MAGNIFICATION USAGE TIPS

- When using the 30X magnification side, position your face within 4 inches (10 cm) of the mirror. This optimal distance ensures clarity and helps prevent dizziness.
- The high magnification is designed for detailed tasks like applying eyeliner, tweezing eyebrows, or examining skin pores.

# SMART TOUCH SENSOR

Create Perfect Lighting for Various Makeup Occasions

## SmartTap Adjust

Long Press to Adjust the Brightness  
Short Press to Adjust Colors and Turn on/off

## Memory Function

Record brightness of the last setting

Image: Important tip for using the 30X magnification side, recommending a 4-inch viewing distance.

## 8. MAINTENANCE AND CARE

- **Cleaning:** Wipe the mirror surface and body with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or mirror coating.
- **Handling:** The mirror is a fragile item. Handle with care to avoid breakage or injury.
- **Storage:** Store the mirror in a cool, dry place away from direct sunlight and moisture when not in use.

## 9. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	Low battery or not charged.	Fully charge the mirror using the provided USB-C cable.
LED lights are dim or flickering.	Low battery.	Recharge the mirror.
30X magnification side appears blurry or causes dizziness.	Incorrect viewing distance.	Ensure your face is within 4 inches (10 cm) of the 30X mirror for optimal clarity.
Mirror does not rotate smoothly.	Dust or debris in the rotation mechanism.	Gently clean around the rotation points. Do not force rotation.
