1. INTRODUCTION

Thank you for purchasing the Divoom Pixoo Pixel Art Display and Ditoo Pro Retro Bluetooth Speaker bundle. This manual provides essential information for setting up, operating, and maintaining your devices. Please read it thoroughly before use to ensure optimal performance and safety.

2. PACKAGE CONTENTS

Carefully unpack your Divoom Pixoo and Ditoo Pro. Ensure all items listed below are present:

- Divoom Pixoo Pixel Art Display
- Divoom Ditoo Pro Retro Bluetooth Speaker
- USB-C Charging Cable (for Ditoo Pro)
- USB Power Cable (for Pixoo)
- User Manual (this document)

3. SAFETY INFORMATION

To prevent damage or injury, observe the following safety precautions:

- Do not expose the devices to water or excessive moisture.
- Avoid extreme temperatures.
- Do not attempt to disassemble or repair the devices yourself. Contact authorized service personnel.
- Use only the provided or certified charging cables.
- Keep out of reach of children.

4. PRODUCT OVERVIEW

4.1 Divoom Pixoo Pixel Art Display

The Pixoo is a customizable pixel art display. It features a vibrant LED screen for displaying pixel art, animations, and various informational widgets.

5. SETUP

5.1 Divoom Pixoo Initial Setup

1. **Power On:** Connect the Pixoo to a power source using the provided USB power cable. The display will light up.
2. **Download Divoom App:** Scan the QR code in the quick start guide (if provided) or search for "Divoom" in your mobile app store (iOS/Android).
3. **Connect to App:** Open the Divoom app, register/log in, and follow the on-screen instructions to connect your Pixoo via Bluetooth. Ensure Bluetooth is enabled on your mobile device.
4. **Explore Features:** Once connected, you can browse the pixel art gallery, create your own designs, set alarms, and configure various display functions.

5.2 Divoom Ditoo Pro Initial Setup

1. **Charge Battery:** Before first use, fully charge the Ditoo Pro using the USB-C charging cable. The charging indicator will show its status.
2. **Power On:** Press and hold the power button (usually located on the back or side) until the display lights up.
3. **Bluetooth Pairing:** The Ditoo Pro will automatically enter Bluetooth pairing mode. On your mobile device, go to Bluetooth settings and select "Ditoo Pro" from the list of available devices.
4. **Download Divoom App:** For advanced features and customization, download the Divoom app from your mobile app store. Connect the Ditoo Pro within the app.

6. OPERATION

6.1 Divoom Pixoo Operation

The Pixoo is primarily controlled via the Divoom mobile application. Through the app, you can:

- **Browse & Apply Pixel Art:** Select from a vast online gallery or upload your own creations.
- **Create Pixel Art:** Use the in-app editor to design custom pixel art and animations.
- **Display Widgets:** Show time, weather, notifications, and other useful information.
- **Set Alarms & Timers:** Utilize the Pixoo as a visual alarm clock or timer.

6.2 Divoom Ditoo Pro Operation

The Ditoo Pro can be operated using its physical buttons or through the Divoom app.

- **Music Playback:** Connect via Bluetooth to stream audio from your device. Use the physical controls for volume, play/pause, and track skipping.
- **Pixel Art Display:** Customize the pixel art displayed on the Ditoo Pro's screen via the Divoom app.
- **Smart Functions:** Access features like Online Radio, Notifications, Alarm, Voice Memo, Sleep Aid, Time Planner, and Light effects through the Divoom app.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the surfaces of both devices. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the devices in a cool, dry place away from direct sunlight.
- **Battery Care (Ditoo Pro):** To prolong battery life, avoid fully discharging the Ditoo Pro frequently. Charge it regularly, even if not in constant use.

8. TROUBLESHOOTING

8.1 Pixoo Troubleshooting

- **Device not powering on:** Ensure the USB power cable is securely connected to a working power source.
- **Cannot connect to Divoom App:** Make sure Bluetooth is enabled on your phone and the Pixoo is within range. Try restarting both the Pixoo and your phone.
- **Pixel art not displaying correctly:** Check your internet connection for app content. Try re-syncing the device within the app.

8.2 Ditoo Pro Troubleshooting

- **No sound:** Ensure the Ditoo Pro is paired correctly via Bluetooth and the volume is turned up on both the speaker and your connected device.
- **Cannot pair via Bluetooth:** Ensure the Ditoo Pro is in pairing mode. Turn off and on Bluetooth on your mobile device. Forget the device in your Bluetooth settings and try pairing again.
- **Short battery life:** Ensure the device is fully charged. Battery performance may decrease over time with usage.

9. SPECIFICATIONS
