Mould King 10175 Praying Mantis Building Blocks Instruction Manual

Model: 10175

INTRODUCTION

This instruction manual provides detailed guidance for the assembly, display, and care of your Mould King 10175 Praying Mantis Building Blocks set. This botanical collection model allows you to construct a detailed praying mantis within a natural-themed environment, comprising 408 individual pieces. The completed model is designed for display and offers an engaging building experience.

SETUP AND ASSEMBLY

The Mould King 10175 set contains 408 pieces. Assembly is required. Please follow the step-by-step instructions provided in the included physical instruction booklet. It is recommended to organize pieces before beginning assembly to facilitate the building process.

Assembly Tips:

- **Review Instructions:** Carefully read through the entire instruction booklet before starting.
- **Sort Pieces:** Separate pieces by color, size, or type to streamline the building process.
- **Secure Connections:** Ensure all building blocks are firmly connected to maintain the structural integrity of the model.
- **Patience:** Building block assembly requires patience and attention to detail. Take breaks if needed.

This building process is designed to enhance spatial thinking skills, improve concentration, and stimulate imagination and creativity.

DISPLAY AND INTERACTION

Once assembled, the Mould King 10175 Praying Mantis model serves as a decorative display piece. Its design, featuring rich details like bushes and small flowers, creates a natural environment for the mantis. The model is intended for static display rather than active play, due to its intricate structure.

Display Recommendations:

- Place the model on a stable, flat surface.
- Avoid areas with direct sunlight or extreme temperature fluctuations to preserve material integrity.
- Consider displaying it as part of the wider Mould King Insect Series collection for a comprehensive botanical exhibit.

MAINTENANCE

To ensure the longevity and appearance of your Mould King 10175 model, follow these simple maintenance guidelines:

- **Cleaning:** Gently dust the model regularly with a soft, dry cloth or a soft brush to prevent dust accumulation. Avoid using abrasive cleaners or solvents.
- **Storage:** If disassembling or storing the model, keep all pieces in a secure container away from direct sunlight, extreme temperatures, and moisture.
- **Handling:** Handle the assembled model with care, especially when moving it, to prevent pieces from detaching.

TROUBLESHOOTING

Missing Pieces:

In the rare event of missing pieces, please contact Mould King customer support for assistance. Provide the

model number (10175) and a description of the missing components.

Assembly Difficulties / Instability:

If you encounter difficulties during assembly or find the completed model to be unstable, review the instruction booklet carefully to ensure all steps have been followed correctly and all connections are secure. The model is designed for display and may not withstand rough handling.
