> Hodozzy 9-Inch Android Car Stereo User Manual for Nissan Versa Note 2014-2018 (6G+128G 8-Core)

Hodozzy 6G+128G 8 Core

Hodozzy 9-Inch Android Car Stereo User Manual

For Nissan Versa Note 2014-2018 (6G+128G 8-Core)

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Hodozzy 9-inch Android Car Stereo. This unit is specifically designed for Nissan Versa Note models from 2014 to 2018, featuring an 8-core processor, 6GB RAM, and 128GB internal storage. Please read this manual thoroughly before using the product to ensure proper function and safety.

2. SAFETY INFORMATION

- Always ensure the vehicle is parked and the engine is off before performing any installation or wiring.
- Consult a professional for installation if you are unsure about any steps. Incorrect installation can damage the vehicle's electrical system or the stereo unit.

- Do not operate the device in a way that distracts you from driving. Always prioritize road safety.
- Keep the unit away from water and excessive moisture.
- Use only approved accessories and cables provided by Hodozzy.

3. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

Image: A visual representation of the Hodozzy car stereo's packing list, including the main unit, cables, camera, and tools.

- Hodozzy 9-Inch Android Car Stereo Unit
- Power Cable
- RCA Cable
- Rear Camera Input Cable
- GPS Antenna
- USB Cable (x2)
- User Manual
- Rear View Camera
- Installation Tool
- External Microphone (MIC)

4. INSTALLATION GUIDE

4.1 Wiring Diagram

Refer to the following diagram for correct wiring connections. Ensure all connections are secure before powering on the unit.

Image: A diagram illustrating the various cable connections on the back of the car stereo unit, including power, USB, RCA, GPS, and camera inputs.

1. **Power Cable:** Connect to the vehicle's power harness. Ensure correct positive, negative, and accessory wire connections.
2. **RCA Input/Output:** For external audio/video devices.
3. **Reversing Camera Input:** Connect the included rear view camera.
4. **USB Cable:** Connect external USB devices for media playback or data transfer.
5. **GPS Antenna:** Mount in a location with a clear view of the sky for optimal signal reception.
6. **Radio Antenna:** Connect to the vehicle's existing radio antenna.

4.2 Physical Installation

The unit is designed for direct fitment into Nissan Versa Note 2014-2018 models. Carefully remove the original head unit and install the Hodozzy stereo, ensuring all clips and screws are properly secured.

5. INITIAL SETUP

5.1 First Power On

After installation, turn on your vehicle's ignition. The stereo unit should power on automatically. Follow any on-screen prompts for initial language and time zone settings.

5.2 Wi-Fi Connection

To access online features, connect the unit to a Wi-Fi network (e.g., mobile hotspot). Go to **Settings > Network & Internet > Wi-Fi**, select your network, and enter the password.

Image: A visual guide demonstrating how to connect the car stereo to a Wi-Fi network, showing the interface for network selection.

6. OPERATING INSTRUCTIONS

6.1 System Overview

The unit runs on an Android 15 system, powered by an 8-core processor with 6GB RAM and 128GB ROM, ensuring smooth performance for navigation, multimedia, and applications.

Image: An illustration highlighting the high-speed 8-core processor, 6GB RAM, and 128GB storage, indicating superior performance.

6.2 Touch Screen Operation

The 9-inch IPS touch screen supports multi-touch gestures. Tap to select, swipe to scroll, and pinch to zoom in supported applications.

6.3 Wireless CarPlay & Android Auto

Connect your iPhone or Android smartphone wirelessly to access navigation, music, calls, and messages directly on the stereo display.

1. Enable Bluetooth on your smartphone.
2. On the car stereo, open the CarPlay/Android Auto application.
3. Search for and pair with your phone via Bluetooth.
4. Confirm the connection on both devices.

Image: Screenshots showing the user interfaces for Apple CarPlay and Android Auto, illustrating how to connect and use these features.

6.4 Mirror Link

Mirror your smartphone screen onto the car stereo display via Wi-Fi or USB for compatible devices.

Image: A diagram explaining the Mirror Link feature, showing how a smartphone screen can be duplicated on the car stereo display.

6.5 Bluetooth Connectivity

Pair your phone for hands-free calling and audio streaming.

- Go to **Settings > Connected devices > Bluetooth**.
- Turn on Bluetooth and search for available devices.
- Select your phone from the list and confirm pairing.

Image: Screenshots illustrating the Bluetooth interface for making calls and streaming music, showing call logs and music playback controls.

6.6 GPS Navigation

Utilize the built-in GPS module for accurate navigation. Pre-installed maps or online navigation apps can be used.

Image: The car stereo displaying a GPS navigation map, with voice control prompts for directions and commands.

6.7 FM/RDS Radio

Access local radio stations with FM/RDS functionality. RDS provides station information and traffic updates where available.

Image: The radio interface showing FM/RDS functionality, displaying frequency and sound wave patterns, part of a larger feature collage.

6.8 DSP and Equalizer Settings

Customize your audio experience with the built-in Digital Sound Processor (DSP) and 32-band equalizer. Adjust sound profiles to your preference.

Image: Screenshots of the DSP and 32-band equalizer settings, allowing users to fine-tune audio output.

6.9 Split Screen Functionality

Run two applications simultaneously on the screen, such as navigation and music playback.

Image: The car stereo display in split-screen mode, showing two applications (e.g., radio and music player) running concurrently.

6.10 Customization

Personalize your interface with 59 unique desktop themes and 19 wallpaper choices available in the settings.

6.11 Steering Wheel Control (SWC)

Connect the SWC wires to your vehicle's steering wheel controls to operate the stereo without taking your hands off the wheel. Configuration may be required in the settings menu.

Image: A close-up of a car's steering wheel, highlighting the controls used to operate the car stereo, alongside a display of the stereo's SWC interface.

6.12 Rear View Camera

The included AHD wide-angle rear view camera automatically displays the rear view when the vehicle is in reverse gear, enhancing parking safety.

Image: The car stereo display showing the feed from a rear view camera, complete with parking guidelines, and an illustration of the camera itself.

6.13 Voice Control

Use voice commands for navigation, music playback, and other functions for a hands-free experience.

Image: The car stereo interface displaying voice command recognition, with examples of commands like "Hi Call Tom" or "Navigate to the gas station."

7. MAINTENANCE

- **Screen Cleaning:** Use a soft, lint-free cloth to gently wipe the screen. Do not use abrasive cleaners or solvents.
- **Software Updates:** Periodically check for software updates via Wi-Fi in the system settings to ensure optimal performance and access to new features.
- **General Care:** Avoid exposing the unit to extreme temperatures or direct sunlight for prolonged periods.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not power on	Incorrect wiring; Blown fuse; Vehicle power issue	Check power cable connections; Inspect vehicle fuses; Consult a professional.
No sound	Volume too low; Mute activated; Speaker wiring issue	Increase volume; Check mute status; Verify speaker connections.
GPS signal lost/inaccurate	GPS antenna obstructed or improperly installed	Ensure GPS antenna has a clear view of the sky; Re-position antenna.
CarPlay/Android Auto not connecting	Bluetooth/Wi-Fi off on phone; Incorrect pairing; App issues	Ensure phone's Bluetooth/Wi-Fi is on; Re-pair devices; Restart phone and stereo.
Touch screen unresponsive	System freeze; Software glitch	Restart the unit (press and hold power button); Perform a factory reset if necessary (data will be lost).

9. SPECIFICATIONS
