2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not recommended for children under 37 months. This product contains small parts; keep children away during assembly.

- Always supervise children when operating the ride-on car.
- Ensure the child wears appropriate safety gear, such as a helmet, when riding.
- Do not operate the vehicle near stairs, hills, roads, or swimming pools.
- Only one rider at a time.
- Ensure the seat belt is securely fastened before operation.
- Keep hands, hair, and clothing away from moving parts.
- Do not modify the electrical system.

3. PACKAGE CONTENTS

Please check the package to ensure all items are present:

- 1 x Ride-On Car
- 1 x Remote Control
- 1 x User Manual

4. ASSEMBLY

Assembly is required for this product. Please follow the detailed instructions provided in the separate assembly guide (if included) or refer to the visual aids below for general steps.

1. Unpack all components and verify against the package contents list.
2. Attach the wheels according to the instructions, ensuring they are securely fastened.
3. Connect the battery terminals.
4. Install the steering wheel and seat.
5. Perform a final check to ensure all parts are correctly assembled and secured.

5. CHARGING THE BATTERY

The ride-on car is powered by a 12V rechargeable battery. Proper charging ensures optimal performance and battery longevity.

- **First Use:** Charge the battery for 18 hours before the first use.
- **Regular Charging:** Subsequent charging times are approximately 8 to 12 hours.
- Do not charge for more than 18 hours to prevent battery damage.
- Only use the charger provided with the product.
- Disconnect the charger once charging is complete.

Licensed Lamborghini Revuelto

6. OPERATION

The ELEMARA Lamborghini ride-on car offers two modes of operation: manual control by the child and remote control by an adult.

6.1 Manual Control

Children can operate the car using the foot pedal and steering wheel. Ensure the child understands how to steer, accelerate, and brake safely.

6.2 Remote Control

Parents can use the remote control to guide the car, ensuring the child's safety, especially for younger users. The remote control typically allows for forward, reverse, left, right, and speed adjustments.

Image 3: Illustration of the dual driving modes, showing a child operating the car manually and an adult using the remote control. The remote control has a maximum distance of 25 meters.

6.3 Multimedia Functions

The car features a multifunctional control panel with a music player, Bluetooth connectivity, and USB input for enhanced riding enjoyment.

- **Bluetooth:** Pair your device to play music wirelessly.
- **USB:** Connect a USB drive for MP3 playback.
- **LED Lights:** Front LED headlights provide illumination.

7. FEATURES

- **Licensed Lamborghini Design:** Authentic styling with aerodynamic features.
- **Scissor Doors:** Realistic and functional scissor doors.
- **Comfortable Seat:** Equipped with a safety belt for secure riding.
- **LED Headlights:** Functional front LED lights.
- **Multifunctional Control Panel:** Includes music player, Bluetooth, and MP3 capabilities.
- **Dual Driving Modes:** Child manual control and parental remote control.
- **Easy Towing:** Rear wheels allow for easy transport when the battery is depleted.

Image 6: A person easily towing the ride-on car by lifting the front, utilizing the small wheels located at the rear for convenient transport when the battery is low.

8. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your ride-on car.

- **Cleaning:** Wipe the car with a soft, damp cloth. Do not use abrasive cleaners.
- **Storage:** Store the car in a dry, cool place away from direct sunlight.
- **Battery Care:** Charge the battery regularly, even if the car is not in use, to maintain battery health. If storing for extended periods, charge the battery once a month.
- **Inspection:** Periodically check all screws, nuts, and connections to ensure they are tight and secure.

9. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Car does not move	Battery low or disconnected; loose wiring; blown fuse.	Charge battery; check battery connections; inspect wiring; replace fuse if necessary.
Remote control not working	Remote batteries dead; remote not paired.	Replace remote batteries; re-pair remote control according to instructions.
Slow speed	Battery low; overloaded vehicle; operating on rough terrain.	Charge battery; ensure weight capacity is not exceeded; operate on smoother surfaces.

10. SPECIFICATIONS

Feature	Specification
Model Number	QLS-8603
Dimensions (L x W x H)	104.9 x 59.94 x 39.88 cm (41.3 x 23.6 x 15.7 inches)
Weight	11.34 kg (25 lbs)
Battery	12V Rechargeable
Motors	2 x 35W
Speed	1.9 - 3.1 mph (3-5 km/h)
Charging Time	8 - 12 hours (18 hours for first charge)
Use Time	30 - 45 minutes (approx.)
Recommended Age	37 months and up
Weight Capacity	66 lbs (approx. 30 kg)
Material	Metal
UPC	840452632790
